INTERNET SAFETY TIP #1

Never share pictures of yourself online that you wouldn't want seen by your family, teachers or a total stranger.

INTERNET SAFETY TIP #2

Set online profiles to private. Know who you're chatting with – a "friend" is not always a friend.

INTERNET SAFETY TIP #3

Don't share personal information online like your full name, school, address, phone number, or user passwords.

INTERNET SAFETY TIP #4

Don't meet up in person with anyone you met online.

INTERNET SAFETY TIP #5

Tell a trusted adult if someone makes you feel uncomfortable by their actions or words and report suspected abuse to law enforcement.

INTERNET SAFETY TIP #6

Check your privacy settings on social media sites frequently, as they can reset due to site updates.

Project iGuardian is an educational awareness program that ICE launched in 2014, in conjunction with state and local law enforcement task force partners and the National Center for Missing & Exploited Children's Netsmartz.

The program is designed to reach children, parents and teachers and share information about the dangers of online environments, how to stay safe online and how to report abuse and suspicious activity.
