Making a Difference!

May 16, 2008 **MEMORANDUM FOR:** Gary E. Mead, Acting Director Office of Detention and Removal Operations FROM: Reviewer-In-Charge **Bedford Municipal Detention Center SUBJECT:** Annual Review Creative Corrections conducted an Annual Review of the Bedford Municipal Detention Center, Bedford, Texas on May 8 - 9, 2008. As noted on the attached documents, the team of Subject Matter Experts included: b6,b7c , Security; Health Services; Safety: Food Service. A final closeout was held on Friday morning, May 9, 2008, with ball Supervisor, and Deputy Chief of Police. b6,b7c discussing all findings and concerns.

Type of Review:

This review is a scheduled Detention Standard Review to determine general compliance with established ICE National Detention Standards for facilities used for under 72 hours.

Review Summary:

The Bedford Municipal Detention Center is not accredited by American Correctional Association (ACA), National Commission on Correctional Health Care (NCCHC), or the Joint Commission on Accreditation of Healthcare Organizations (JCAHO).

Standards Compliance:

The following information summarizes the standards reviewed and the overall compliance for this review:

May 14, 2007			May 8 - 9, 2008			
Compliant	-	27	Compliant -	27		
Deficient	_	0	Deficient -	1		
At-Risk	-	0	At-Risk , -	0		

Staff Detainee Communication - Deficient

Procedures must be in place to allow for formal and informal contact between key facility staff and ICE staff and ICE detainees and to permit detainees to make written requests to ICE staff and receive an answer in an acceptable timeframe.

- ICE information request forms are not available for use by ICE detainees.
- The Texas Administrative Code, Title 37, Public Safety and Corrections, Inmate Correspondence Plan, Chapter 291, Rule 291.2, states that "each facility shall have a written plan, approved by the Commission, governing inmate correspondence." The facility does not have this plan which provides for the handling of privileged and non-privileged correspondence, both incoming and outgoing.

Recommendation:

The facility should provide detainees the opportunity to send and receive correspondence through the U.S. Postal System even though the majority of detainees remain in the facility for less than 24 hours. The facility should write and have available a procedure to, at least, allow correspondence to be *sent* by detainees, if requested.

RIC Issues and Concerns

Access to Medical Care

The detention center staff should receive training from a health care provider regarding the proper procedures for administering medications.

The facility should provide training in Suicide Prevention on at least an annual basis to keep staff abreast of policy and procedures in this vitally important area.

Environmental Health and Safety

The facility should establish written procedures for the handling and disposal of used needles and other sharp objects used by detention or other staff (Bedford City Fire Department Paramedics, for example).

The Detention Center should conduct monthly fire drills, using the emergency keys and document the time of issuance and time of unlocking the doors during fire drills using the emergency keys.

Food Service

A complete nutritional analysis of the menu should be completed by a registered dietitian to ensure that the recommended daily allowances are available.

Recommended Rating and Justification

It is the Reviewer-in-Charge recommendation that the facility receive a rating of "Acceptable." It is also recommended by the RIC that a Plan of Action be required for this facility to identify and implement necessary corrective actions.

RIC Assurance Statement

All findings of this review have been documented on the Work Sheets and are supported by the written documentation contained in the review file.

SIGNIFICANT INCIDENT SUMMARY WORKSHEET

In order for Creative Corrections to complete its review of your facility, you <u>must</u> complete the following worksheet prior to your scheduled review dates. This worksheet must contain data for the past twelve months. We will use this worksheet in conjunction with the ICE Detention Standards to assess your detention operations with regard to the needs of ICE and its detainee population. Failure to complete this worksheet will result in a delay in processing this report, and may result in a reduction or removal of ICE detainees from your facility.

Incidents	DESCRIPTION	Jan – Mar	Apr – Jun	Jul – Sep	Oct – Dec
Assault:	Types (Sexual ² , Physical, etc.)	0 .	0	0	0
Offenders on Offenders ¹	With Weapon	0	0	0	0
	Without Weapon	0	0	0	0
Assault:	Types (Sexual Physical, etc.)	0	. 0	0	0
Detainee on Staff	With Weapon	0	0	0	0
	Without Weapon	0	0	0	0
Number of Forced Moves, incl. Forced Cell Moves ³		0	0	. 0	0
Disturbances ⁴		0	0	0	0
Number of Times Chemical Agents Used		0	0	0	0
Number of Times Special Reaction Team Deployed/Used		0	0	0	0
