Significant Incident Summary Worksheet

For ICE to complete its review of your facility, the following information <u>must be completed</u> prior to the scheduled review dates. The information on this form should contain data for the past twelve months in the boxes provided. The information on this form is used in conjunction with the ICE Detention Standards in assessing your Detention Operations against the needs of the ICE and its detained population. This form should be filled out by the facility prior to the start of any inspection. Failure to complete this section will result in a delay in processing this report and the possible reduction or removal of ICE' detainees at your facility.

Comments:

The original building for this facility was a warehouse built in the 1930's and was converted to the county jail in 1992. It was expanded in 1995 to the current size. Given the age of this facility, maintenance has been excellent. In addition, the facility maintains an outstanding level of sanitation. We found the staff to be knowledgeable and very cooperative.
