Detroit, MI (Detroit Field Office

SUBJECT:

2006 Annual Detention Review

The 2006 Detroit Field Office, Office of Detention and Removal conducted a detention review of the 03/24/2006 to 03/27/2006. This review was conducted by me, (b)(6), (b)(7)c along with (b)(6), (b)(7)c This facility is used for detainees requiring housing over 72 hours.

# Type of Review:

This review is a scheduled Operational Review to determine general compliance with established Immigration and Customs Enforcement (ICE) National Detention Standards.

# **Review Summary:**

While conducting my yearly inspection of the Wayne County Jail, there was a minimum of deficiencies noted,

# **Review Findings:**

The following information summarizes those standards not in compliance. Each standard is identified and a short summary provided regarding standards or procedures not currently in compliance.

# **Staff Detainee Communications-**

The local DRO staff does not conduct weekly visits with detainees held at this facility. (This was marked deficient due to DRO-ICE in Detroit)

ICE staff does not respond to requests from an IGSA within 72 hours-(This is marked Deficient due to the fact that this facility has not forwarded any requests to the Detroit District Office)

Subject: Detention Revie ummary Report

Page 3

ICE Detainees are notified in writing upon admission to the facility of their right to correspond with ICE staff regarding their case or conditions of confinement. (This is marked as Deficient due to the fact that neither the IGSA nor the local ICE-DRO field office gave this information out to the ICE detainees.)

# Standards Summary Findings:

Overall the IGSA has attempted to meet all our standards.

RIC Observations: With the help of Executive Commander Pam McClain and Sgt. Reggie Vanwulfen, the inspection at this facility went off without any problems. Commander McClain has been very instrumental in giving our reviewers assistance in inspecting the facility on very short notice. Sgt. Vanwulfen walked our reviewers throughout the facility and gave very precise answers to whatever questions were asked of him. During my walk through of this jail, I noticed immediately that this is a very clean and well run facility. The Command Staff at this facility ensures that all of the corrections officers here receive cultural diversity training and sensitivity training that can and will aid the officers in their communications with our detainees and local/county/state prisoners.

### **RIC Issues and Concerns**

Upon reviewing the jail contract with Commander McClain, it was brought to my attention that the current contract has been in effect for over 10 years. A modification was done in 1999. The contract between the IGSA and the local field office needs to be reviewed by Headquarters due to the fact that there has been a breakdown in the understanding of the inner works of the contract. The IGSA command staff interprets the contract their way and the local DRO-ICE field office has their own idea of how the contract reads.

# Recommended Rating and Justification:

It is the recommendation of this Reviewer in Charge that the Wayne County Jail "Dickerson Facility" receive a rating of "ACCEPTABLE/ PASSING for the year.

# **RIC Assurance Statement:**

All findings of this review have been documented on Form G-324A and are supported by the written documentation contained in the review file.

#### Comments:

The Policy concerning "Staff Detainee Communications" was annotated as "Deficient" due to the following issues:

- 1.) The local DRO staff does not conduct scheduled weekly visits with detainees held at this facility. (This is marked as "Deficient" due to DRO-ICE in Detroit)
- 2.) ICE Staff respond to a detainee requst from an IGSA within 72 hours.
  (This is marked as "Deficient" due to the fact that this facility has not forwarded any requests to the Detroit District Office)
- 3.) ICE detainees are notified in writing upon admission to the facility of their right to correspond with ICE staff regarding their case or conditions of confinement. (This is marked as "Deficient" due to the fact that neither the IGSA or the local field office gave this information out to the ICE detainees.)

Deficient At-Risk

Comments: The Review Authority concurs with the Reviewer-In-Charge (RIC) recommended rating of "Acceptable" as justified in the RIC Memorandum and G-324A Worksheet. A Plan of Action is required. The Field Office should help the facility obtain Lexus Nexus and correct deficiencies in Staff/Detainee Communication and the facility should address the deficiencies in Environmental Health and Safety and Post Orders.
