

The Student and Exchange Visitor Program (SEVP) will once again be active at the NAFSA Annual Conference. The schedule of SEVP activities, shown below, outlines SEVPs participation in conference events. This year, SEVP will place special emphasis on SEVIS II development. Through the conference sessions, SEVP will discuss project status and provide audience members with the first views of the new system.

In addition to the conference sessions, SEVP will provide attendees with an opportunity to take an in-depth look at SEVIS II through hour-long sessions at the SEVP booth in the Expo Hall. In each session, the SEVIS II team will take the audience through SEVIS II scenarios developed through requirements visualization. This will allow the audience to preview how they will interact with the system and ask questions related to processes and system requirements. The SEVP booth allows for approximately 30 attendees per visualization session. No advance registration is required for these sessions. Attendance will be limited only by space.
