MEMORANDUM FOR: Tae D. Johnson  
Assistant Director, Custody Management

THROUGH: Jay M. Brooks  
Deputy Assistant Director, Detention Management Division

FROM: Glenn J. Trivelino *(for)*  
Deputy Field Office Director, Chicago Field Office

SUBJECT: Lincoln County Detention Center, Missouri – Waiver Request

Purpose

Provide a waiver for the Chicago Field Office, Lincoln County Detention Center (LCDC), as it relates to the Security Inspections Standard, Section (III)(4)(a) within the 2000 National Detention Standards (NDS), which states the following "Every Special Management Unit (SMU) entrance in regular use will have a sally port."

Background

On June 16, 2016, a Nakamoto Compliance Inspection of the LCDC reported the facility does not have a sally port because the doors, leading into the cell area, are not independently locking.

Discussion: A corrective action is not available because LCDC does not have a separate space available in the Detention Center that can provide an SMU entrance with a sally port. Detainees are escorted individually to the housing unit and placed in a unit with the capability of securing the detainee in a cell.

Recommendation

I recommend authorization of a waiver for the LCDC, relating to the Security Inspection Standard, Section (III)(4)(a) within the 2000 NDS, due to use of the Special Management Unit on such a limited basis, and it would not be cost effective for the facility to construct a new SMU unit to include a sally port at this time.
