MEMORANDUM FOR: Tae D. Johnson
Assistant Director, Custody Management

THROUGH: Jay M. Brooks
Deputy Assistant Director, Detention Management Division

FROM: Glenn J. Triveline *[Signature]*
Deputy Field Office Director, Chicago Field Office

SUBJECT: Lincoln County Detention Center, Missouri – Waiver Request

Purpose

Provide a waiver for the Chicago Field Office, Lincoln County Detention Center (LCDC), as it relates to the Environmental Health and Safety Standard, Section (III)(P)(I) within the 2000 National Detention Standards (NDS), which states the "facility shall have a separate barbering room with running water. Both hot and cold water will be available, and the hot water will be capable of maintain a constant flow of water between 105 degrees and 120 degrees."

Background

On October 16, 2015, a Compliance Inspection of the LCDC reported Barbering is not conducted in a dedicated room and there is no water access.

Discussion: A corrective action or a work-around is not available because LCDC does not have a separate space available in the Jail that can provide dedicated barbering services. Barbering services are conducted in the multipurpose room. Supplies, including equipment and disinfectant are maintained in Central Control and issued at the designated time for barbering. Officers make sure that proper sanitation is completed between uses.

Recommendation

I recommend the authorization of a waiver for the Lincoln County Detention Center, relating to the Environmental Health and Safety Standard, Section (III)(P)(I) within the 2000 NDS, due to comparable sanitation procedures used during the barbering process.
