TO: [REDACTED]
Assistant Director Custody Management

FROM: [REDACTED]
Lead Compliance Inspector
The Nakamoto Group, Inc.

SUBJECT: **Pre-Occupancy Inspection of the Moshannon Valley Correctional Center**

The Nakamoto Group, Inc. performed a pre-occupancy inspection for compliance with the ICE Performance-Based National Detention Standards (PBNDS 2011) of the Moshannon Valley Correctional Center in Philipsburg, Pennsylvania during the period of July 13-15, 2021. This is an IGSA facility.

The inspection was performed under the guidance of [REDACTED] Lead Compliance Inspector. Team Members were:

Subject Matter Field	Team Member
Detainee Rights	[REDACTED]
Security	[REDACTED]
Medical Care	[REDACTED]
Medical Care	[REDACTED]
Safety	[REDACTED]

Type of Inspection

This is a pre-occupancy inspection which is performed to determine overall compliance with the ICE PBNDS 2011 for Over 72 hour facilities.

Inspection Summary

The Moshannon Valley Correctional Center is currently accredited by:

- The American Correctional Association (ACA) - Yes
- The National Commission on Correctional Health Care (NCCHC) - No
- The Joint Commission (TJC) - Yes
- Prison Rape Elimination Act (PREA) - Yes

Facility Snapshot/Description

The Moshannon Valley Correctional Center, also known as the Moshannon Valley ICE Processing Center, is located on the outskirts of Philipsburg, Pennsylvania. It is owned and operated by The GEO Group, Inc. The facility, constructed in 2005, is an [REDACTED] campus-style facility which is surrounded by a double, chain link security fence with razor wire. The main building which houses administrative offices and the visitation area is

The Nakamoto Group, Inc.

connected to the building housing the intake area, medical facility, and food service by a fenced walkway. There are four housing units containing six dormitory style pods. A separate building houses the [REDACTED] special management unit.

The facility has several areas designed for classrooms, craft rooms, law library, general library, and programs areas. There is a greenhouse that was recently used for a horticulture program. Indoor and outdoor recreation will be offered. There is a large grassy area with picnic tables that is designated for outdoor visiting.

The facility concluded its previous mission on March 31, 2021 at which time the facility was closed; however, a maintenance cadre make periodic rounds to address any physical plant concerns. The facility was observed to be clean and well maintained. All required inspections were current at the time the facility closed.

Areas of Concern/Significant Observations

There were no areas of concern or significant observations during this inspection.

Recommended Rating and Justification

This pre-occupancy inspection does not include ratings. Written policy and procedure that address the PBNDS 2011 Standards are in place and the facility handbook and orientation video have been developed. If policy is followed and the facility adheres to plans for timelines provided the facility will comply with detention standards.

LCI Assurance Statement

The findings are accurately and completely documented on the G324 Inspection Form and are supported by documentation in the inspection file. An out brief was conducted at the facility. In addition to the Nakamoto Group Inspection Team, the following were present:

- GEO Staff: [REDACTED]

[REDACTED] Lead Compliance Inspector
