Comments: The Sexual Abuse and Assault Prevention and Intervention Standard (2011) was inspected during this inspection but is not referenced in the Standards Review Summary Report. The standard was rated as Meets Standard for this inspection.

The Significant Incident Summary Worksheet represents data on ICE detainee only, per the AOIC. There were no deaths, serious suicide attempts, hunger strikes, uses of force, or escapes involving ICE detainees during this inspection period. ICE detainees are not charged a medical co-pay.

There was one sexual assault allegation involving an ICE detainee during this inspection period. Two detainees were in a housing unit dayroom and one detainee complained the other detainee touched him inappropriately when walking past. Employee and detainee interviews and video evidence did not support the detainee's allegation and the incident was classified as unfounded.

The facility does have Tasers. Policy does not prohibit their use on ICE detainees. The facility does have and uses a restraint chair. Four/five point restraints are not used at the facility. The facility does not have a canine unit but does permit their use. When a canine unit comes on grounds they are not used in the presence of ICE detainees. The only chemical agent approved for use is oleoresin capsicum (OC)/pepper spray. The facility does not use or train staff in the use of unsafe types of restraint.
