Comments: The Sexual Abuse and Assault Prevention and Intervention Standard was inspected during this inspection, but is not referenced in the Detention Standards Review Summary Report. The standard was rated as Meets Standard for this inspection.

The Significant Summary Worksheet Summary represents data on ICE detainees only. There were no serious suicide attempts, escapes or sexual assault allegations involving ICE detainees during this inspection period. ICE detainees are not charged a medical co-pay.

There was one non-ICE detainee death reported during this inspection period. On 1/7/2018, a 57-year-old intoxicated county inmate was found unresponsive in the booking area. Emergency code was activated. AED, CPR and 911 was initiated. The inmate was taken by ambulance to Rice Memorial Hospital where he was pronounced dead. Final diagnosis was cardiac arrest. His medical history revealed multiple previous visits for medical care prior to this event.

There were two use of force incidents involving an ICE detainee during this inspection period. The first incident involved two detainees involved in a physical altercation. Verbal orders to stop fighting were ignored. Staff used OC to stop the fight and gain control to handcuff the two detainees. Medical examination was prompt and, other than OC exposure, neither detainee received any injuries. The incident reports fully documented the incident and the officers' actions. The after-action reviews conducted by supervisors and managers was completed in accordance with policy. The force used in this incident was appropriate for the

[REDACTED]

circumstances faced by the involved officer. The second incident involved two ICE detainees in a shoving match. This incident did not involve staff using any type of force as the detainees followed verbal orders to stop their behavior.

There was one ICE detainee who declared a hunger strike during this inspection period; it lasted for two days. He voluntarily discontinued his hunger strike before it reached his ninth missed meal.

The facility has Tasers. Policy prohibits their use on ICE detainees. The facility does have and uses a restraint chair. Four/five-point restraints would only be used as a last resort. The facility does not have or use a canine unit. The only chemical agent approved for use is oleoresin capsicum (OC)/pepper spray. The facility does not use or train staff in the use of unsafe types of restraint.
