Comments: The Sexual Abuse and Assault Prevention and Intervention Standard was inspected during this inspection but is not referenced in the Detention Standards Review Summary Report. The standard was rated as Meets Standard for this inspection.

The Significant Incident Summary Worksheet represents ICE detainee information. There were no deaths, serious suicide attempts, use-of-force incidents, or escapes involving ICE detainees during this inspection period.

There were two ICE detainee sexual abuse or assault related allegations during the inspection period. One allegation involved an ICE detainee claiming that a U.S. Marshal's inmate made inappropriate comments and gestures. The allegation was investigated and determined to be unfounded. The second allegation was made by an ICE detainee regarding an incident which occurred at another facility. Review of available documentation confirmed that the other facility was notified about the allegation and was provided with the information obtained from interviews at this facility.

Officers are equipped with Tasers and may use them on ICE detainees if necessary. There is no canine unit in the facility. The facility does not use or train staff in the use of unsafe types of restraint.
