Significant Incident Summary Worksheet

For Nakamoto to complete its review of your facility, the following information <u>must be completed</u> prior to the scheduled review dates. The information on this form should contain data for the past twelve months in the boxes provided. The information on this form is used in conjunction with the ICE Detention Standards in assessing your Detention Operations against the needs of the ICE and its detained population. This form should be filled out by the facility prior to the start of any inspection. Failure to complete this section will result in a delay in processing this report and the possible reduction or removal of ICE detainees at your facility.

Comments: The Sexual Abuse and Assault Prevention and Intervention Standard was inspected during this inspection but is not referenced in the Detention Standards Review Summary Report. The standard was rated as Meets Standard for this inspection.

The Significant Incident Summary Worksheet represents data on all detainees, with the exception of the grievance numbers, which are ICE detainees only. ICE detainees are charged a medical co-pay. There were no ICE detainee deaths during this inspection period. There were no hunger strikes or serious suicide attempts during the inspection period. The high number of reported assaults is due to the facility policy of reporting all mutual altercations as assaults.

Chemical agents and Tasers are available and will be deployed on ICE detainees. Canines have not been utilized during the inspection period. There were no escapes in the past year.

There were no physical responses to detainee resistance during the inspection period.

There was one allegation of sexual assault or abuse involving one ICE detainee and a deputy, which was unfounded. The appropriate precautions were taken for the alleged victim, the investigation was conducted, and the incident was documented as required.
