Upon completion of the task order, the Department of Homeland Security (DHS) shall make participants available for the Contractor to recover all monitoring and transmitting equipment. The Contractor shall be solely responsible for all coordination and any and all failures and deficiencies resulting from equipment or services provided to DHS under this task order. The Contractor shall provide replacement equipment for all monitoring/transmitting units that DHS determines to be defective.

1.2 The Contractor shall provide an Electronic Monitoring Technology/Systems (EM) that has no more than 3% downtime (or better). The Contractor shall provide EM equipment that has a verifiable test functions in the participant’s residence, from a monitoring center/system or a remote site.

1.3 The Contractor shall use FCC certified equipment that transmits or receives communications signals. Systems or equipment without FCC certification shall be deemed technically unacceptable and the fault of the Contractor to provide services under this contract. The Contractor shall provide a copy of the FCC certification for each component of the Electronic Monitoring Technology (EM) system for approval by the ICE Contracting Officer/Headquarters COTR.

1.4 Monitoring Equipment: Transmitter

The Contractor shall provide FCC certified tamper resistant transmitters that are capable of being affixed to either a Participant’s ankle or wrist. This device shall be evaluated on the detailed specifications as further defined.

1.4.1 Transmitter Technology

The contractor shall provide Radio Frequency and/or GPS technology, as directed by the local DRO Task Manager for Participants. Transmitters shall communicate to the monitoring center either through a monitoring unit or directly via cellular transmission.
1.4.2 GPS Systems Specifications
The Contractor shall provide a system that meets or exceeds the GPS specifications as defined. The Contractor shall provide a Transmitter Satellite Tracking Unit that sends and/or receives signals from GPS satellites for use with GPS transmitters as specified in this Appendix. The Contractor shall provide GPS transmitters that have either Active or Passive tracking modes.

a. GPS Transmitter Tracking Specifications
   - Active mode is defined as the ability to track the Participant’s whereabouts in virtually real time via satellite uplink through a monitoring system.
   - Passive mode is defined as the ability to track the Participant’s whereabouts via satellite downlink through transmission either through a monitoring unit or directly via cellular transmission to the 24/7 monitoring center.

b. GPS Transmitter Active Tracking Specifications. The Contractor shall provide GPS transmitters that are able to monitor the Participant’s whereabouts inside Exclusion and/or Inclusion zones.
   - Exclusion Zone is defined as a geographical area programmed as satellite coordinates into the tracking system that the Participant shall not enter.
   - Inclusion Zone is defined as a geographical area programmed as satellite coordinates into the tracking system that the Participant is permitted to enter or shall remain within.

c. Signal Range. The transmitter’s signal range shall be no greater than 200 feet under normal household conditions with a typical maximum reception range of 0-150 feet depending on the monitoring configuration. The transmitter shall emit a composite radio frequency signal at least once every 30 seconds. The signal content shall identify the Participant, power status, tamper/removal status and be encrypted to discourage duplication.

d. Physical Characteristics. The transmitter shall be adjustable to fit the wrist or ankle of any size Participant. The transmitter shall be capable of being affixed to the ISAP Participant so that efforts to tamper with or remove the transmitter are obvious upon inspection. It shall be shock resistant, water and moisture proof, and function reliably under normal atmospheric and environmental conditions. The device should be comfortable and durable.
e. enough to withstand the strains of everyday wear which may consist of 
working, recreational activities, resting or sleeping. The transmitter shall 
not pose a safety hazard or unduly restrict the activities of the Participant. 
The contractor shall provide Satellite Tracking Units that meet or exceed 
these same characteristics if the tracking unit is external to the GPS 
transmitter.

f. The transmitter shall be tamper resistant and have features that reliably 
detect efforts to tamper with or remove the device.

g. The transmitter shall not require an external battery. The transmitter shall 
have an internal power source capable of functioning continuously for at 
least six (6) months. It shall transmit a signal to indicate when its internal 
power supply is low. The Contractor shall provide replaceable power 
sources for use in the transmitter when the contractor becomes aware that 
such replacements are necessary. The Contractor shall install replacement 
power sources within 24 hours.

1.5 Monitoring Equipment: Monitoring Unit

The Contractor shall provide a monitoring unit that receives radio frequency signals from 
an ISAP Participant-worn transmitter, and transmits data on the Participant’s monitoring 
status by telephone or cellular to a central monitoring system/facility operated by the 
Contractor.

1.5.1 Monitoring Unit Requirements

The monitoring unit shall include an internal clock to time/date stamp all detected 
monitoring events. The unit shall have a backup operation feature, backup power 
source and sufficient memory to store data if communication with the monitoring 
center is disrupted or AC power fails. If communications with the monitoring 
center are disrupted, the monitoring unit shall transmit stored data to the 
monitoring center as soon as communications are restored. The monitoring unit 
shall not pose a safety hazard to the participant or others and shall function 
reliably under normal environmental and atmospheric conditions. It shall include 
surge protection for electrical and communications interfaces.

a. Monitoring Unit Installation. Prior to the end of the face-to-face intake 
interview with the Participant (refer to ISAP II SOW 5.1.3), the Contractor 
shall install the monitoring device on the Participant. Participants shall not 
be permitted to exit the interview until all enrollment procedures have 
been completed and the Participant has been fitted with the prescribed EM 
device. The Contractor shall conduct an operational equipment test on the 
device to ensure it is in good working condition prior to dismissing the
b. Participant from the interview. Equipment that requires component installation in the Participant’s residence must be installed and operational within eighteen (18) hours of intake. Exceptions for extraordinary circumstances must be coordinated for approval with the local DRO Task Manager or COTR.

c. Tamper Resistance and Notification Features. The monitoring unit shall be equipped with a location feature and a tamper notification system that alerts the monitoring center of any attempts to enter the unit or alter the routine operation of the unit.

d. Portable Monitoring Unit. The Contractor shall use a portable monitoring unit (Drive-by Unit) to verify the Participant’s presence at various locations by identifying the signal from the Participant’s transmitter. This portable unit shall be evaluated on the size of the transmitter signal detection range; ability to detect multiple transmitters; internal memory capacity; utility of collected data such as date/time of event, tamper detection and low transmitter power; portability of data and ability to upload data to a PC. The Contractor shall provide an identical portable monitoring unit to the local DRO Task Manager for DRO Officer/Agent use in detecting Participants’ presence at various locations as needed.

e. Monitoring Unit Documentation. The Contractor shall provide written documentation with instructions that enable a DRO Officer/Agent to use the portable monitoring and be familiar with the operation of transmitters and monitoring units. The Contractor shall provide Participants with brochures explaining the operability EM equipment.

1.6 Tools

The Contractor shall provide all necessary tools to install, adjust, and remove the monitoring unit and transmitter in the event that unforeseen events require DRO to perform these tasks. At a minimum, one tool set shall be provided to each DRO Field- or Sub-Office being serviced under the ISAP II contract.

1.7 Spares and Maintenance

The Contractor shall maintain a sufficient inventory of Electronic Monitoring Technology as follows: to complete installations within 18 hours of intake; broken parts and replacement parts within 24 hours and supporting special operations. The Contractor
shall maintain the inventory in good operating condition and arrange for prompt repair and replacement to meet the demands of the Program.

1.8 Equipment and Service Upgrades/Improvements

Throughout the life of the task order, the Contractor shall provide EM equipment that is in good working order and capable of fulfilling mission requirements. At contract start the Contractor must establish its EM equipment inventory with the most up-to-date versions (as determined by the COTR prior to award) and refresh inventory every 24 months. All equipment provided under this contract shall have completed final testing, FCC certification and be commercially available. All EM equipment and service upgrades or changes shall be submitted in writing, via the COTR, to the Contracting Officer for approval.

2. Central Monitoring Facility

The Contractor shall, at a centrally located monitoring system/facility, receive, store and disseminate information generated by the monitoring equipment and systems described in this document. The Contractor may choose the location of its monitoring system/facility. However, the Contractor's monitoring system/facility shall be located at a secure location where access to the center and all records is restricted only to authorized individuals. The Contractor shall establish an information exchange system within the monitoring center that send/receives information to/from the EM equipment.

2.1 Backup Monitoring System/Facility

The Contractor shall maintain a contingency plan for movement to a backup monitoring system immediately following a monitoring system malfunction. The DRO Headquarters COTR shall approve any change in the location of the monitoring center or any backup center in advance and in writing.

2.2 Security and Safeguards of Monitoring System Information

The Contractor shall maintain a physical facility compliant with all applicable Federal, State and local regulations (e.g., building codes, fire and safety codes) and shall not endanger the health and safety of employees and the community. The Contractor shall specify the security safeguards to prevent unauthorized access to monitoring data inside the monitoring facility by monitoring employees or other staff. The Contractor shall include a listing of the employees authorized to make changes or modify Participant data or other agency program settings should the Case Specialist request this. The Contractor shall also detail how it determines, maintains, and communicates this authorization to its employees. The Contractor shall provide security codes to the DRO offices to guarantee
the security of data modifications made remotely or over communication systems/lines with the monitoring system or manually on the telephone with a monitoring center employee. The monitoring center shall promptly detect and notify Case Specialists and/or DRO Officers of key event(s). In the even that remote access is temporarily inoperable, Contractor staff shall implement a contingency to manually provide data entry upon requests by Case Specialists and/or DRO Officers of all Participant enrollments, schedule changes and other monitoring information requests and reports and otherwise respond to all inquiries from the staff referenced above. See also ISAP II SOW 8.2.

2.4 Monitoring System Architecture

The Contractor shall provide information on monitoring system architecture to include the hardware, software and power source(s). This shall include a description of contingency plans for ensuring continuous uninterrupted monitoring upon the occurrence of a monitoring component or system failure. See also ISAP II SOW Error! Reference source not found..

3. Key events for Electronic Monitoring Systems

To ensure compliance with electronic monitoring restrictions, the Contractor shall test for the location of Participants at specific locations randomly. The Contractor shall notify the Case Specialist and/or DRO Officers of any or all of the following applicable key events:

d. Equipment (including, but not limited to Transmitter, Monitoring unit) malfunctions.
e. Tampering with equipment.
f. Loss of electrical power or telephone service.
g. Location verification failure.
h. Missed calls from the Monitoring Unit.
Upon the occurrence of any Key Event the monitoring system shall notify the Case Specialist and DRO case officer using the Notification Schedule. The Contractor shall comply with the notification schedule for all Detention and Removal offices. Notification parameters in the monitoring system shall not exceed five (5) minutes. The Contractor’s system shall be capable of providing for two or more simultaneous or time-delayed backup notifications by pager or telephone.

The Contractor must telephonically contact the Participant immediately upon system notification of a band or device tamper alert. In the event of such an alert the Contractor must arrange a residence visit or an office visit, as appropriate, to occur no later than the next business day to examine the equipment to ensure that it has not been tampered with. If the Contractor is able to make contact with the participant, then written notification of the band/strap/device tamper can be made within 48 hours if there are no further issues. If the contractor is not able to contact the participant telephonically, then the local DRO Task Manager must be contacted within one hour of the initial alert. See also ISAP II SOW Error! Reference source not found..

4. Remote Access to Monitoring System

The contractor shall provide officers a remote access capability via the Internet for accessing the monitoring system to view, print, download, and enter/modify participant monitoring information. The contractor shall provide one or more additional definable fields to allow for local customization of the system to accommodate a Field Office’s desire to input and maintain other information as needed. The system shall have the ability to query the database using any data field, to sort by any data field, and to search by any data field. Downloadable data shall be in a format that is compatible for use with Microsoft Access.

The remotely accessible system shall minimize user interaction whenever possible. Utilization of a scheduled batch facility for automatic off-hours production of reports is one example of minimized user interaction. APPENDIX D: REQUIRED SECURITY CLAUSE
SENSITIVE/UNCLASSIFIED CONTRACTS

SECURITY REQUIREMENTS

a. GENERAL.
The Department of Homeland Security (DHS) has determined that performance of the
tasks as described in Contract HSCECR-09-D-00002 requires that the Contractor,
subcontractor(s), vendor(s), etc. (herein known as Contractor) have access to sensitive
DHS information, and that the Contractor will adhere to the following.

b. SUITABILITY DETERMINATION
DHS shall have and exercise full control over granting, denying, withholding or
terminating unescorted government facility and/or sensitive Government information
access for Contractor employees, based upon the results of a background investigation.
DHS may, as it deems appropriate, authorize and make a favorable entry on duty (EOD)
decision based on preliminary security checks. The favorable EOD decision would allow
the employees to commence work temporarily prior to the completion of the full
investigation. The granting of a favorable EOD decision shall not be considered as
assurance that a full employment suitability authorization will follow as a result thereof.
The granting of a favorable EOD decision or a full employment suitability determination
shall in no way prevent, preclude, or bar the withdrawal or termination of any such access
by DHS, at any time during the term of the contract. No employee of the Contractor shall
be allowed to EOD and/or access sensitive information or systems without a favorable
EOD decision or suitability determination by the Office of Professional Responsibility,
Personnel Security Unit (OPR-PSU). No employee of the Contractor shall be allowed
unescorted access to a Government facility without a favorable EOD decision or
suitability determination by the OPR-PSU. Contract employees assigned to the contract
not needing access to sensitive DHS information or recurring access to DHS’ facilities
will not be subject to security suitability screening.

c. BACKGROUND INVESTIGATIONS
Contract employees (to include applicants, temporaries, part-time and replacement
employees) under the contract, needing access to sensitive information, shall undergo a
position sensitivity analysis based on the duties each individual will perform on the
contract. The results of the position sensitivity analysis shall identify the appropriate
background investigation to be conducted. Background investigations will be processed
through the Personnel Security Unit. Prospective Contractor employees with adequate
security clearances issued by the Defense Industrial Security Clearance Office (DISCO)
may not be required to submit complete security packages, as the clearance issued by
DISCO may be accepted. Prospective Contractor employees without adequate security
clearances issued by DISCO shall submit the following completed forms to the Personnel
Security Unit through the COTR, no less than 5 days before the starting date of the
contract or 5 days prior to the expected entry on duty of any employees, whether a replacement, addition, subcontractor employee, or vendor:

1. Standard Form 85P, “Questionnaire for Public Trust Positions” Form will be submitted via e-QIP (electronic Questionnaires for Investigation Processing) (2 copies)

2. FD Form 258, “Fingerprint Card” (2 copies)

3. Foreign National Relatives or Associates Statement

4. DHS 11000-9, “Disclosure and Authorization Pertaining to Consumer Reports Pursuant to the Fair Credit Reporting Act”

5. Optional Form 306 Declaration for Federal Employment (applies to contractors as well)

6. Authorization for Release of Medical Information

Required forms will be provided by DHS at the time of award of the contract. Only complete packages will be accepted by the OPR-PSU. Specific instructions on submission of packages will be provided upon award of the contract.

Be advised that unless an applicant requiring access to sensitive information has resided in the US for three of the past five years, the Government may not be able to complete a satisfactory background investigation. In such cases, DHS retains the right to deem an applicant as ineligible due to insufficient background information.

The use of Non-U.S. citizens, including Lawful Permanent Residents (LPRs), is not permitted in the performance of this contract for any position that involves access to DHS IT systems and the information contained therein, to include, the development and / or maintenance of DHS IT systems; or access to information contained in and / or derived from any DHS IT system.

d. CONTINUED ELIGIBILITY
If a prospective employee is found to be ineligible for access to Government facilities or information, the COTR will advise the Contractor that the employee shall not continue to work or to be assigned to work under the contract.
The OPR-PSU may require drug screening for probable cause at any time and/or when the contractor independently identifies, circumstances where probable cause exists.

The OPR-PSU may require re-investigations when derogatory information is received and/or every 5 years.

DHS reserves the right and prerogative to deny and/or restrict the facility and information access of any Contractor employee whom DHS determines to present a risk of compromising sensitive Government information to which he or she would have access under this contract.

The Contractor will report any adverse information coming to their attention concerning contract employees under the contract to the OPR-PSU through the COTR. Reports based on rumor or innuendo should not be made. The subsequent termination of employment of an employee does not obviate the requirement to submit this report. The report shall include the employees’ name and social security number, along with the adverse information being reported.

The OPR-PSU must be notified of all terminations/resignations within five days of occurrence. The Contractor will return any expired DHS issued identification cards and building passes, or those of terminated employees to the COTR. If an identification card or building pass is not available to be returned, a report must be submitted to the COTR, referencing the pass or card number, name of individual to whom issued, the last known location and disposition of the pass or card. The COTR will return the identification cards and building passes to the responsible ID Unit.

e. EMPLOYMENT ELIGIBILITY

The contractor shall agree that each employee working on this contract will successfully pass the DHS Employment Eligibility Verification (E-Verify) program operated by USCIS to establish work authorization.

The E-Verify system, formerly known as the Basic Pilot/Employment Eligibility verification Program, is an Internet-based system operated by DHS USCIS, in partnership with the Social Security Administration (SSA) that allows participating employers to electronically verify the employment eligibility of their newly hired employees. E-Verify represents the best means currently available for employers to verify the work authorization of their employees.

The Contractor must agree that each employee working on this contract will have a Social Security Card issued and approved by the Social Security Administration. The Contractor shall be responsible to the Government for acts and omissions of his own employees and for any Subcontractor(s) and their employees.
Subject to existing law, regulations and/or other provisions of this contract, illegal or undocumented aliens will not be employed by the Contractor, or with this contract. The Contractor will ensure that this provision is expressly incorporated into any and all Subcontracts or subordinate agreements issued in support of this contract.

f. SECURITY MANAGEMENT
The Contractor shall appoint a senior official to act as the Corporate Security Officer. The individual will interface with the OPR-PSU through the COTR on all security matters, to include physical, personnel, and protection of all Government information and data accessed by the Contractor.

The COTR and the OPR-PSU shall have the right to inspect the procedures, methods, and facilities utilized by the Contractor in complying with the security requirements under this contract. Should the COTR determine that the Contractor is not complying with the security requirements of this contract, the Contractor will be informed in writing by the Contracting Officer of the proper action to be taken in order to effect compliance with such requirements.

The following computer security requirements apply to both Department of Homeland Security (DHS) operations and to the former Immigration and Naturalization Service operations (FINS). These entities are hereafter referred to as the Department.

g. INFORMATION TECHNOLOGY SECURITY CLEARANCE
When sensitive government information is processed on Department telecommunications and automated information systems, the Contractor agrees to provide for the administrative control of sensitive data being processed and to adhere to the procedures governing such data as outlined in DHS IT Security Program Publication DHS MD 4300.Pub. or its replacement. Contractor personnel must have favorably adjudicated background investigations commensurate with the defined sensitivity level. Contractors who fail to comply with Department security policy are subject to having their access to Department IT systems and facilities terminated, whether or not the failure results in criminal prosecution. Any person who improperly discloses sensitive information is subject to criminal and civil penalties and sanctions under a variety of laws (e.g., Privacy Act).

h. INFORMATION TECHNOLOGY SECURITY TRAINING AND OVERSIGHT
All contractor employees using Department automated systems or processing Department
sensitive data will be required to receive Security Awareness Training. This training will be provided by the appropriate component agency of DHS.

Contractors who are involved with management, use, or operation of any IT systems that handle sensitive information within or under the supervision of the Department, shall receive periodic training at least annually in security awareness and accepted security practices and systems rules of behavior. Department contractors, with significant security responsibilities, shall receive specialized training specific to their security responsibilities annually. The level of training shall be commensurate with the individual’s duties and responsibilities and is intended to promote a consistent understanding of the principles and concepts of telecommunications and IT systems security.

All personnel who access Department information systems will be continually evaluated while performing these duties. Supervisors should be aware of any unusual or inappropriate behavior by personnel accessing systems. Any unauthorized access, sharing of passwords, or other questionable security procedures should be reported to the local Security Office or Information System Security Officer (ISSO).

Subject to existing law, regulations and/or other provisions of this contract, illegal or undocumented aliens will not be employed by the Contractor, or with this contract. The Contractor will ensure that this provision is expressly incorporated into any and all Subcontracts or subordinate agreements issued in support of this contract.

STATEMENT OF WORK

1 BACKGROUND

The Alternatives to Detention (ATD) Unit of the Office of Detention and Removal Operations (DRO) within the U.S. Department of Homeland Security’s (DHS) Immigration and Customs Enforcement (ICE) component is responsible for the development and implementation of programs that provide cost-effective alternatives to secure detention as a means of supervising the non-detained population. These alternatives to secure detention are designed to improve rates of appearance at immigration interviews and hearings by aliens released from secure detention and otherwise part of the non-detained population (i.e., those who have never been detained), and also intended to improve compliance with final orders issued by immigration judges by non-detained aliens.

Approximately 32,000 persons are held in secure detention by DRO each day. This population includes aliens in the United States who are in violation of the Immigration and Nationality Act (INA) who pose a threat to community safety, national security, and/or may be a flight risk, in addition to those aliens required to be detained under specific provisions of the INA.

Limited detention capacity and an increasing detainee population coupled with the need to lower alien absconder rates have sparked national efforts over the past several years to integrate into DRO’s general practices the use of various alternatives to detention for aliens who do not require mandatory detention in accordance with the INA. Alternatives to detention offer the prospect of a considerable cost savings over secure detention for eligible aliens.

The ATD Unit currently manages two contract programs: the Intensive Supervision Appearance Program (ISAP) and the Enhanced Supervision/Reporting (ESR) Program. The current ISAP contract expires on September 20, 2009. This statement of work (SOW) describes the government’s requirements for the follow-on contract, ISAP II.

ISAP is a core community-based supervision and in-person reporting program. Activities of aliens released from ICE custody in the ISAP program are monitored by case specialists (i.e., contractors). Aliens participating in this release program must participate in or comply with a variety of activities and reporting requirements designed to successfully reintegrate the alien into his or her community while awaiting removal (i.e., travel to their country of origin). Requirements include home and local office visits, employment verification, and curfews. To ensure successful completion of the program, ISAP relies on electronic GPS monitoring devices, telephonic reporting and unannounced

SOW-30

home visits. Participants must also report to their assigned ISAP office regularly for face-to-face interviews.

Current operational ISAP and ESR offices are listed in Appendix B, Table B-1. Depending on available funding during the execution of the ISAP II contract, DRO intends to expand its ISAP coverage to the additional DRO Field Office and Sub-Office locations under the ISAP II contract as described in Appendix B, Table B-2, both through establishment of new contractor facilities and assignment of contractor personnel working on-site at government facilities.

2 OBJECTIVES

The purpose of this contract is to provide highly structured community-based supervision that emphasizes compliance with the INA and implementing regulations, and appearance at Immigration Court proceedings, for aliens 18 years and older, not in custody.

3 DEFINITIONS

See Appendix A, Terms and Definitions, for terms and definitions related to performance of this contract.

4 OPERATING CONSTRAINTS/ASSUMPTIONS

Contract performance shall fully comply with the following:

- The Immigration and Nationality Act (INA) as amended, 8 U.S.C. 1101 et seq.
- Homeland Security Act of 2002 (HSA), as amended
- Title 8 Code of Federal Regulations (CFR), as amended

5 SCOPE

The contractor shall develop and implement a service plan and perform services in accordance with the requirements of this SOW at DRO locations nationwide. The current locations are shown in Appendix B. The services provided shall consist of community-based supervision, in-person reporting, and electronic monitoring. The organization, design, and administration of the program shall comply with all applicable federal, state, and local licensing provisions, as well as DRO requirements as put forth in this SOW and elsewhere in the ISAP II contract. The contractor shall provide management oversight for the implementation and operations set forth in this SOW, and shall not refuse to accept any program participant assigned by DRO.

SOW-31

Source Selection Information – See FAR 3.104
5.1 Quality Assurance

For all areas of responsibility detailed within this SOW, the contractor shall also define and implement quality assurance review and internal audit procedures in its ISAP II Quality Assurance Plan (refer to RFP Section L, Instructions, Conditions And Notices To Offerors), execute and document the results of such reviews and audits, and ensure that all documentation (e.g. internal audit reports) related to them are available to the Contracting Officer’s Technical Representative (COTR) and/or Contracting Officer (CO) at any time during the execution and close-out of the ISAP II contract.

5.2 Case Management Requirements

The contractor shall operate a Case Management process to include, but not be limited to the following:

5.2.1 Case Management System. The contractor shall establish a case management system for administering and supervising all aspects of a participant’s involvement in the program. The system shall provide for monitoring and documenting a participant’s compliance from entry to release from the program. The contractor shall be proactive in managing cases and use all appropriate tools and techniques available. This includes use of the Public Access to Court Electronic Records (PACER) system to obtain immediate knowledge when an immigration court decision is issued, as well as making inquiries with courts.

The Contractor shall use PACER and any other relevant public systems to ascertain each Participant’s status with the EOIR, and make the appropriate updates and adjustments in their database for tracking and reporting purposes (see also 7.1.6). Such adjustments and updates include, but are not limited to: changes from PRE-ORDER to POST-ORDER supervisory stages, from POST-ORDER to APPEAL, etc. as applicable.

5.2.2 Case Records. The contractor shall develop, maintain, and safeguard individual program participant case records at the contractor’s operational location (i.e. either the contractor’s facility or the government facility to which the contractor is assigned). The contractor shall develop a system of accountability that preserves the confidentiality of case records and protects case records from unauthorized use or disclosure. The contractor shall verify that all official documents accompanying program participants are complete and accurate so that they precisely identify the program participant.

SOW-32

Source Selection Information – See FAR 3.104
Original travel and identity documents (e.g., visas, passports) will be maintained by ICE within the participants A-File.

Case records shall include, at a minimum:

- Name, alien registration number, country of birth, date of birth, and other relevant biographical participant information
- Orientation and intake forms
- Case information from the referral source
- Comprehensive assessment
- Individual service plans and case notes
- Progress reports
- Program rules and disciplinary policies
- Copies of disciplinary actions
- Referrals to other service agencies
- Copies of identification documents: (e.g., driver licenses, identification cards)
- Copies of travel documents

Any system that the contractor uses for updating participant records including, but not limited to, those listed above in this section must satisfy the requirement that the relevant changes or updates be date-stamped, preferably with an automated, system-generated time-stamp. All previous time-stamps shall be preserved and visible next to each sequential update or change with most recent update annotated (e.g. by highlighting the most recent time-stamped revision). For example:

- **1/15/2009 12:30PM:** Participant came to the office for a scheduled office visit. Equipment was checked and appeared to be tamper free. Unannounced home visit scheduled for 1/21/2009

- **MOSHAF 1/21/2009 3:10PM:** Home visit conducted. Verified Participant’s presence in his home; equipment in good working order, no updates on the subject’s immigration case

5.2.3 **Orientation.** The contractor shall provide a comprehensive orientation for every program participant as soon as possible, but not longer than twenty-four (24) hours after being notified by DRO that a participant is available for intake. The orientation shall include, at a minimum, an overview of the program, rules, regulations, procedures, the consequences for violation of any of these policies, the Immigration Court process, and an explanation of the case management and service plan procedure. The contractor shall:

**SOW-33**
- Document the orientation, ensuring all documents bear the participant’s signature as evidence of acknowledgement, understanding and acceptance of all terms and conditions therein. Such individually signed documents include, but are not limited to: enrollment sheets, orientation documentation, individual service plans, program rules, policies regarding non-compliance, and any other documents explaining the program’s compliance expectations of the participant.
- Provide the orientation information in a written handbook
- Ensure the orientation is presented in a language the program participant understands
- Provide program participants with a current EOIR list of pro bono legal service providers who practice within the participant’s locality
- Provide program participants a list of community resources including, but not limited to transportation, medical, education, financial, legal, religious, and other social adjustment and facilitative resources

The contractor must notify the DRO ISAP Task Manager by email to certify that each orientation session has been completed.

5.2.4 Individual Service Plan (ISP). Prior to the end of a participant’s orientation interview the contractor shall have developed the participant’s ISP. Each ISP must be comprehensive, realistic, and comply with ISAP II program requirements. The contractor shall closely coordinate ISPs for each program participant through a structured case management system. The contractor’s assigned case specialist shall be responsible for execution and maintenance of each participant’s specific ISP and case management activities.

5.2.4.1 Face-to-Face Contacts and Verifications with Program Participants. For purposes of this SOW, “face-to-face” shall mean a situation in which the contractor’s assigned case specialist is in the same room as the participant. ISPs shall include these minimum face-to-face supervision elements:

- Orientation within 24 hours of intake (see also 5.2.3)
- Participant progress report every 30 days
- ISP review every 30 days
- Residence verification within forty-eight (48) hours of intake, and within 48 hours of any reported change of address. During residence verifications the contractor’s assigned case specialist must witness the participant physically in his home, not on the outside of the property (e.g. stairs, lawn, shed).
• Employment verification within five (5) days of intake, and every thirty (30) days thereafter (as allowed by U.S. immigration law). During employment verifications the contractor’s assigned case specialist must witness the participant on the work-site working at his or her job.

• The contractor shall anticipate and provide counseling referrals as needed.

• The contractor shall assist participants in acquiring travel documents from their countries of citizenship. The local DRO case officer will coordinate with the case specialist when information for a travel document is required from a participant. The contractor shall obtain any necessary photos and/or fingerprints for travel documentation. The contractor shall obtain proof from the participant that the participant has had contact with his or her consular embassy. The contractor shall maintain a log of travel document information for each participant, including type of information/application, dates and times of completion, and dates/times of providing them to DRO.

The date and times of receipt of Travel Docs from DRO should be noted. Passport validity dates and passport numbers should also be listed. Should a valid travel document be coming up on expiration, the contractor should be able to anticipate the need for the subject to reapply. The contractor shall also keep DRO informed of the participant’s compliance in travel document procurement.

5.2.4.2 Stages of Supervision. The contractor’s Case Management Plan and ISPs shall recognize different supervisory requirements during each stage of the immigration hearing process. These stages are:

• Pre-Order (PRE) – The participant has not received an order of removal from the Immigration Court

• Post-Order (POST) – The participant has received a final order of removal from the Immigration Court. What this means is that neither the participant nor ICE has reserved appeal of the court’s order; or if either the participant or ICE has reserved appeal, neither party has perfected that appeal by filing a Notice of Appeal (NOA) with the Board of Immigration Appeals (BIA) within the 30- day statutory period. Included in this category are:

  > Voluntary departures (VD)
  > Other special interest participants

• Appeal – The Immigration Court has issued a decision, and either the participant or ICE has filed an NOA with the BIA, and the appeal is pending before the BIA.

SOW-35
• Post-Order Custody Review (POCR) – The participant has received a final order of removal, completed a custody review, and has been released to the community pending their possible removal from the United States. There are two subcategories of POCR participants:
  o Reasonably Foreseeable Removal – Participant will be removed in the foreseeable future, which is typically ninety days from the Order of Removal. This category also includes some special discretionary DRO releases (e.g. for certain medical conditions).
  o Non-foreseeable Removal – Participant will not be removed in the foreseeable future

5.2.4.3 Supervisory Requirements. The current average length of stay for each participant in ISAP (i.e. from intake through termination) is between 300 and 365 days. The requirements for each stage and corresponding levels of supervision are as follows.

5.2.4.3.1 PRE-ORDER (CLIN X002A)

  • 1 face-to-face interview at the contractor’s office every 2 weeks
  • 1 unannounced on-site home visit every 4 weeks

- 1 employment verification every 8 weeks (as allowed by U.S. immigration law)
- Optional: electronic monitoring (TR, GPS/A, or GPS/P) at the discretion of the DRO case officer.

5.2.4.4 Scheduling. The daily schedule shall be designed to provide the proper level of supervision and accountability on the part of each participant. The contractor shall balance scheduled contacts and residence/employment visits to effectively accomplish the desired intensity of supervision throughout the period of measure (e.g. the contractor should schedule the required 2 face-to-face office interviews with a participant being supervised under CLIN X002D in separate calendar weeks, and not on consecutive days).

5.2.4.4.1 Rescheduling of Unsuccessful Unannounced Residence/Curfew and Employment Visits. If the participant is not physically present in his or her home (or at his or her place of employment in the case of an employment verification) at the time of the visit, telephonic contact must be immediately initiated to locate the Participant and determine why he or she is not at the required location as specified in the Participant’s ISP (e.g. in the home or on the job) during the required timeframe. The Contractor and the Participant

SOW-37

5.2.4.6.1 Under certain circumstances DRO may choose to use EM as the sole means of participant supervision (e.g. at the DDO OR IEA’S’s discretion he/she may choose to require a participant to submit to telephonic monitoring or some other form of EM due to distance or disability without a requirement for face-to-face visits or unannounced home visits).

5.2.4.6.2 The contractor shall establish notification policies and procedures for key events as described in Appendix C, Section 3.

5.2.4.6.3 The contractor shall ensure it has immediate availability of EM equipment, to include spares and support of special operations, to meet all government requirements as they arise (e.g. those arising from worksite enforcement actions). The minimum requirement is that at any given time the contractor shall have on hand at its respective field- or sub-office operating locations a number of mission-ready EM units that is no less than the higher of

- 10% of that location’s participant population
- five (5)

The contractor must have all EM equipment necessary to support upcoming operations within forty-eight (48) hours of notification by DRO that such an operation is scheduled.

SECTION E – INSPECTION AND ACCEPTANCE

CLAUSES IN FULL TEXT:

52.246-4 Inspection of Services → Fixed-Price (Aug. 1996)

(a) Definition: “Services,” as used in this clause, includes services performed, workmanship, and material furnished or utilized in the performance of services.

(b) The Contractor shall provide and maintain an inspection system acceptable to the Government covering the services under this contract. Complete records of all inspection work performed by the Contractor shall be maintained and made available to the Government during contract performance and for as long afterwards as the contract requires.

(c) The Government has the right to inspect and test all services called for by the contract, to the extent practicable at all times and places during the term of the contract. The Government shall perform inspections and tests in a manner that will not unduly delay the work.

(d) If the Government performs inspections or tests on the premises of the Contractor or a subcontractor, the Contractor shall furnish, and shall require subcontractors to furnish, at no increase in contract price, all reasonable facilities and assistance for the safe and convenient performance of these duties.

(e) If any of the services do not conform to contract requirements, the Government may require the Contractor to perform the services again in conformity with contract requirements, at no increase in contract amount. When the defects in services cannot be corrected by reperformance, the Government may:

   (1) Require the Contractor to take necessary action to ensure that future performance conforms to contract requirements; and

   (2) Reduce the contract price to reflect the reduced value of the services performed.

(f) If the Contractor fails to promptly perform the services again or to take the necessary action to ensure future performance in conformity with contract requirements, the Government may:

   (1) By contract or otherwise, perform the services and charge to the Contractor any cost incurred by the Government that is directly related to the performance of such service; or

   (2) Terminate the contract for default.

(End of Clause)
SECTION G: CONTRACT ADMINISTRATION DATA

Contractors, please use these procedures when you submit an invoice for all acquisitions emanating from ICE/OAQ. This procedure takes effect 03/20/2008 and pertains to all invoices submitted on that date and thereafter. Please also reference Section 7.1.11 of Schedule C – Statement of Work for Invoice Details.

1. Invoices shall be submitted via one of the following three methods:

a. By mail:
DHS, ICE
Burlington Finance Center
P.O. Box 1620
Attn: ICE-DRO-FHQ-CED
Williston, VT 05495-1620

or

b. By facsimile (fax) at: 802-288-7658 (include a cover sheet with point of contact & # of pages)

c. By e-mail at: [insert email address]@dhs.gov

Invoices submitted by other than these three methods will be returned. Contractor Taxpayer Identification Number (TIN) must be registered in the Central Contractor Registration (http://www.ccr.gov) prior to award and shall be notated on every invoice submitted to ICE/OAQ. The ICE program office identified in the delivery order/contract shall also be notated on every invoice.
SECTION H: SPECIAL CONTRACT REQUIREMENTS

H.1 52.216-18 -- Ordering (Oct 1995)

(a) Any supplies and services to be furnished under this contract shall be ordered by issuance of delivery orders or task orders by the individuals or activities designated in the Schedule. Such orders may be issued from date of award through expiration of the contract period of performance.

(b) All delivery orders or task orders are subject to the terms and conditions of this contract. In the event of conflict between a delivery order or task order and this contract, the contract shall control.

(c) If mailed, a delivery order or task order is considered "issued" when the Government deposits the order in the mail. Orders may be issued orally, by facsimile, or by electronic commerce methods only if authorized in the Schedule.

(End of Clause)

H.2 52.216-19 -- Order Limitations (Oct 1995)

(a) Minimum order. When the Government requires supplies or services covered by this contract in an amount of less than $0.00, the Government is not obligated to purchase, nor is the Contractor obligated to furnish, those supplies or services under the contract.

(b) Maximum order. The Contractor is not obligated to honor --

(1) Any order for a single item in excess of the contract period of performance ceiling price for the contract year in effect;

(2) Any order for a combination of items in excess of the contract period of performance ceiling price for the contract year in effect; or

(3) A series of orders from the same ordering office within365 days that together call for quantities exceeding the limitation in subparagraph (b)(1) or (2) of this section.

(c) If this is a requirements contract (i.e., includes the Requirements clause at subsection 52.216-21 of the Federal Acquisition Regulation (FAR)), the Government is not required to order a part of any one requirement from the Contractor if that requirement exceeds the maximum-order limitations in paragraph (b) of this section.

(d) Notwithstanding paragraphs (b) and (c) of this section, the Contractor shall honor any order exceeding the maximum order limitations in paragraph (b), unless that order (or orders) is returned to the ordering office within 5 days after issuance, with written notice stating the Contractor's intent not to ship the item (or items) called for and the reasons. Upon receiving this notice, the Government may acquire the supplies or services from another source. (End of Clause)
H.3 52.216-21 -- Requirements (Oct 1995)

(a) This is a requirements contract for the supplies or services specified, and effective for the period stated, in the Schedule. The quantities of supplies or services specified in the Schedule are estimates only and are not purchased by this contract. Except as this contract may otherwise provide, if the Government's requirements do not result in orders in the quantities described as "estimated" or "maximum" in the Schedule, that fact shall not constitute the basis for an equitable price adjustment.

(b) Delivery or performance shall be made only as authorized by orders issued in accordance with the Ordering clause. Subject to any limitations in the Order Limitations clause or elsewhere in this contract, the Contractor shall furnish to the Government all supplies or services specified in the Schedule and called for by orders issued in accordance with the Ordering clause. The Government may issue orders requiring delivery to multiple destinations or performance at multiple locations.

(c) Except as this contract otherwise provides, the Government shall order from the Contractor all the supplies or services specified in the Schedule that are required to be purchased by the Government activity or activities specified in the Schedule.

(d) The Government is not required to purchase from the Contractor requirements in excess of any limit on total orders under this contract.

(e) If the Government urgently requires delivery of any quantity of an item before the earliest date that delivery may be specified under this contract, and if the Contractor will not accept an order providing for the accelerated delivery, the Government may acquire the urgently required goods or services from another source.

(f) Any order issued during the effective period of this contract and not completed within that period shall be completed by the Contractor within the time specified in the order. The contract shall govern the Contractor's and Government's rights and obligations with respect to that order to the same extent as if the order were completed during the contract's effective period; provided, that the Contractor shall not be required to make any deliveries under this contract after 19 July 2014. (End of Clause)

In accordance with Appendix B (Nationwide Program Expansion Requirements) of the Statement of Work (SOW), it is the Government's intent to expand its ISAP coverage to additional DRO Field Office and Sub-Office locations under the ISAP II contract through the establishment of new contractor facilities and assignment of contractor personnel working on-site at government facilities. The awardee shall be notified in writing of the Government's intent to open a new ISAP II Field Office or Sub-Office location(s). This authorization letter shall be signed by the ISAP II Contracting Officer and issued to the ISAP II Program Director and/or Deputy Program Director. It should be noted that the designated field office and/or sub-office location(s) may require “Contractor Site” or “Government Site” services. The awardee shall have no more than thirty (30) calendar days (for “Government Site” locations) and no more than sixty (60) calendar days (for “Contractor Site” locations) from receipt of the letter to commence ISAP II services and fulfill all SOW requirements at the specific field office and/or sub-office location(s) identified therein. The awardee must be prepared with sufficient staff and equipment to provide ISAP II services for the full (i.e., maximum) number of anticipated ISAP II participant slots for that location as listed in Table B-2 and B-2a of Appendix B. Each written authorization letter issued by the Government is not a task order, and therefore, shall not have any funding associated with it. All funding for ISAP II services shall be awarded against the resultant award on an annual basis via task orders. These annual task orders shall be incrementally funded, as needed, by CLIN and/or SLIN for the various levels of supervision and EM-Only services.

(a) Definition. As used in this clause--
United States means the 50 States, the District of Columbia, Puerto Rico, the Northern Mariana Islands, American Samoa, Guam, the U.S. Virgin Islands, and Wake Island.

(b) Except as provided in paragraph (c) of this clause, during the term of this contract, the Contractor shall post a notice, in the form of a poster, informing employees of their rights concerning union membership and payment of union dues and fees, in conspicuous places in and about all its plants and offices, including all places where notices to employees are customarily posted. The notice shall include the following information (except that the information pertaining to National Labor Relations Board shall not be included in notices posted in the plants or offices of carriers subject to the Railway Labor Act, as amended (45 U.S.C. 151-188)).

Notice to Employees
Under Federal law, employees cannot be required to join a union or maintain membership in a union in order to retain their jobs. Under certain conditions, the law permits a union and an employer to enter into a union-security agreement requiring employees to pay uniform periodic dues and initiation fees. However, employees who are not union members can object to the use of their payments for certain purposes and can only be required to pay their share of union costs relating to collective bargaining, contract administration, and grievance adjustment.

Source Selection Information -- See FAR 3.104
If you do not want to pay that portion of dues or fees used to support activities not related to collective bargaining, contract administration, or grievance adjustment, you are entitled to an appropriate reduction in your payment. If you believe that you have been required to pay dues or fees used in part to support activities not related to collective bargaining, contract administration, or grievance adjustment, you may be entitled to a refund and to an appropriate reduction in future payments.

For further information concerning your rights, you may wish to contact the National Labor Relations Board (NLRB) either at one of its Regional offices or at the following address or toll free number:

(d) In the event that the Contractor does not comply with any of the requirements set forth in paragraphs (b), (c), or (g), the Secretary may direct that this contract be cancelled, terminated, or suspended in whole or in part, and declare the Contractor ineligible for further Government contracts in accordance with procedures at 29 CFR part 470, Subpart B—Compliance Evaluations, Complaint Investigations and Enforcement Procedures. Such other sanctions or remedies may be imposed as are provided by 29 CFR Part 470, which implements Executive Order 13201, or as are otherwise provided by law.

(e) The requirement to post the employee notice in paragraph (b) does not apply to:

(1) Contractors and subcontractors that employ fewer than 15 persons;

(2) Contractor establishments or construction work sites where no union has been formally recognized by the Contractor or certified as the exclusive bargaining representative of the Contractor's employees;

(3) Contractor establishments or construction work sites located in a jurisdiction named in the definition of the United States in which the law of that jurisdiction forbids enforcement of union-security agreements;

(4) Contractor facilities where upon the written request of the Contractor, the Department of Labor Deputy Assistant Secretary for Labor-Management Programs has waived the posting requirements with respect to any of the Contractor's facilities if the Deputy Assistant Secretary finds that the Contractor has demonstrated that:

(i) The facility is in all respects separate and distinct from activities of the Contractor related to the performance of a contract; and

(ii) Such a waiver will not interfere with or impede the effectuation of the Executive order;

(5) Work outside the United States that does not involve the recruitment or employment of workers within the United States.

(f) The Department of Labor publishes the official employee notice in two variations; one for contractors covered by the Railway Labor Act and a second for all other contractors. The Contractor shall--

(2) Download a copy of the poster from the Office of Labor-Management Standards website at http://www.dol.gov/lms; or

(3) Reproduce and use exact duplicate copies of the Department of Labor's official poster.

(g) The Contractor shall include the substance of this clause in every subcontract or purchase order that exceeds the simplified acquisition threshold, entered into in connection with this contract, unless exempted by the Department of Labor Deputy Assistant Secretary for Labor-Management Programs on account of special circumstances in the national interest under authority of 29 CFR 470.3(c). For indefinite quantity subcontracts, the Contractor shall include the substance of this clause if the value of orders in any calendar year of the subcontract is expected to exceed the simplified acquisition threshold. Pursuant to 29 CFR Part 470, Subpart B—Compliance Evaluations, Complaint Investigations and Enforcement Procedures, the Secretary of Labor may direct the Contractor to take such action in the enforcement of these regulations, including the imposition of sanctions for noncompliance with respect to any such subcontract or purchase order. If the Contractor becomes involved in litigation with a subcontractor or vendor, or is threatened with such involvement, as a result of such direction, the Contractor may request the United States, through the Secretary of Labor, to enter into such litigation to protect the interests of the United States.

(End of Clause)

52.232-19 -- Availability of Funds for the Next Fiscal Year (Apr 1984)

Funds are not presently available for performance under this contract beyond the contract year in effect. The Government's obligation for performance of this contract beyond that date is contingent upon the availability of appropriated funds from which payment for contract purposes can be made. No legal liability on the part of the Government for any payment may arise for performance under this contract beyond the contract year in effect until funds are made available to the Contracting Officer for performance and until the Contractor receives notice of availability, to be confirmed in writing by the Contracting Officer.

(End of Clause)

52.244-2 -- Subcontracts (June 2007)

"Approved purchasing system" means a Contractor's purchasing system that has been reviewed and approved in accordance with Part 44 of the Federal Acquisition Regulation (FAR).

"Consent to subcontract" means the Contracting Officer's written consent for the Contractor to enter into a particular subcontract.

"Subcontract" means any contract, as defined in FAR Subpart 21, entered into by a subcontractor to furnish supplies or services for performance of the prime contract or a subcontract. It includes, but is not limited to, purchase orders, and changes and modifications to purchase orders.

(b) When this clause is included in a fixed-price type contract, consent to subcontract is required only on unpriced contract actions (including unpriced modifications or unpriced delivery orders), and only if required in accordance with paragraph (c) or (d) of this clause.

(c) If the Contractor does not have an approved purchasing system, consent to subcontract is required for any subcontract that—

(i) Is of the cost-reimbursement, time-and-materials, or labor-hour type; or

(ii) Is fixed-price and exceeds—

For a contract awarded by the Department of Defense, the Coast Guard, or the National Aeronautics and Space Administration, the greater of the simplified acquisition threshold or 3 percent of the total estimated cost of the contract; or
(ii) For a contract awarded by a civilian agency other than the Coast Guard and the National Aeronautics and Space Administration, either the simplified acquisition threshold or 5 percent of the total estimated cost of the contract.

(d) If the Contractor has an approved purchasing system, the Contractor nevertheless shall obtain the Contracting Officer's written consent before placing the following subcontracts:

N/A

(e)(1) The Contractor shall notify the Contracting Officer reasonably in advance of placing any subcontract or modification thereof for which consent is required under paragraph (b), (c), or (d) of this clause, including the following information:

(i) A description of the supplies or services to be subcontracted.
(ii) Identification of the type of subcontract to be used.
(iii) Identification of the proposed subcontractor.

(v) The subcontractor's current, complete, and accurate cost or pricing data and Certificate of Current Cost or Pricing Data, if required by other contract provisions.

(A) The principal elements of the subcontract price negotiations;
(B) The most significant considerations controlling establishment of initial or revised prices;
(C) The reason cost or pricing data were or were not required;
(D) The extent, if any, to which the Contractor did not rely on the subcontractor's cost or pricing data in determining the price objective and in negotiating the final price;
(E) The extent to which it was recognized in the negotiation that the subcontractor's cost or pricing data were not accurate, complete, or current; the action taken by the Contractor and the subcontractor; and the effect of any such defective data on the total price negotiated;
(F) The reasons for any significant difference between the Contractor's price objective and the price negotiated; and

(G) A complete explanation of the incentive fee or profit plan when incentives are used. The explanation shall identify each critical performance element, management decisions used to quantify each incentive element, reasons for the incentives, and a summary of all trade-off possibilities considered.

(2) The Contractor is not required to notify the Contracting Officer in advance of entering into any subcontract for which consent is not required under paragraph (b), (c), or (d) of this clause.

(f) Unless the consent or approval specifically provides otherwise, neither consent by the Contracting Officer to any subcontract nor approval of the Contractor's purchasing system shall constitute a determination—

(1) Of the acceptability of any subcontract terms or conditions;
(2) Of the allowability of any cost under this contract; or
(3) To relieve the Contractor of any responsibility for performing this contract.

Source Selection Information - - See FAR 3.104
(g) No subcontract or modification thereof placed under this contract shall provide for payment on a cost-plus-a-percentage-of-cost basis, and any fee payable under cost-reimbursement type subcontracts shall not exceed the fee limitations in FAR 15.404-4(e)(4)(i).

(h) The Contractor shall give the Contracting Officer immediate written notice of any action or suit filed and promptly notice of any claim made against the Contractor by any subcontractor or vendor that, in the opinion of the Contractor, may result in litigation related in any way to this contract, with respect to which the Contractor may be entitled to reimbursement from the Government.

(i) The Government reserves the right to review the Contractor’s purchasing system as set forth in FAR Subpart 44.3.

(j) Paragraphs (c) and (e) of this clause do not apply to the following subcontracts, which were evaluated during negotiations:

52.249-2 -- Termination for Convenience of the Government (Fixed-Price) (May 2004)

(a) The Government may terminate performance of work under this contract in whole or, from time to time, in part if the Contracting Officer determines that a termination is in the Government’s interest. The Contracting Officer shall terminate by delivering to the Contractor a Notice of Termination specifying the extent of termination and the effective date.

(b) After receipt of a Notice of Termination, and except as directed by the Contracting Officer, the Contractor shall immediately proceed with the following obligations, regardless of any delay in determining or adjusting any amounts due under this clause:

(1) Stop work as specified in the notice.

(2) Place no further subcontracts or orders (referred to as subcontracts in this clause) for materials, services, or facilities, except as necessary to complete the continued portion of the contract.

(3) Terminate all subcontracts to the extent they relate to the work terminated.

(4) Assign to the Government, as directed by the Contracting Officer, all right, title, and interest of the Contractor under the subcontracts terminated, in which case the Government shall have the right to settle or to pay any termination settlement proposal arising out of those terminations.

(5) With approval or ratification to the extent required by the Contracting Officer, settle all outstanding liabilities and termination settlement proposals arising from the termination of subcontracts; the approval or ratification will be final for purposes of this clause.

(6) As directed by the Contracting Officer, transfer title and deliver to the Government --
(i) The fabricated or unfabricated parts, work in process, completed work, supplies, and other material produced or acquired for the work terminated; and

(ii) The completed or partially completed plans, drawings, information, and other property that, if the contract had been completed, would be required to be furnished to the Government.

(7) Complete performance of the work not terminated.

(8) Take any action that may be necessary, or that the Contracting Officer may direct, for the protection and preservation of the property related to this contract that is in the possession of the Contractor and in which the Government has or may acquire an interest.

(9) Use its best efforts to sell, as directed or authorized by the Contracting Officer, any property of the types referred to in subparagraph (b)(6) of this clause; provided, however, that the Contractor

(i) is not required to extend credit to any purchaser and

(ii) may acquire the property under the conditions prescribed by, and at prices approved by, the Contracting Officer.

The proceeds of any transfer or disposition will be applied to reduce any payments to be made by the Government under this contract, credited to the price or cost of the work, or paid in any other manner directed by the Contracting Officer.

(c) The Contractor shall submit complete termination inventory schedules no later than 120 days from the effective date of termination, unless extended in writing by the Contracting Officer upon written request of the Contractor within this 120-day period.

(d) After expiration of the plant clearance period as defined in Subpart 49.001 of the Federal Acquisition Regulation, the Contractor may submit to the Contracting Officer a list, certified as to quantity and quality, of termination inventory not previously disposed of, excluding items authorized for disposition by the Contracting Officer. The Contractor may request the Government to remove those items or enter into an agreement for their storage. Within 15 days, the Government will accept title to those items and remove them or enter into a storage agreement. The Contracting Officer may verify the list upon removal of the items, or if stored, within 45 days from submission of the list, and shall correct the list, as necessary, before final settlement.

(e) After termination, the Contractor shall submit a final termination settlement proposal to the Contracting Officer in the form and with the certification prescribed by the Contracting Officer. The Contractor shall submit the proposal promptly, but no later than 1 year from the effective date of termination, unless extended in writing by the Contracting Officer upon written request of the Contractor within this 1-year period. However, if the Contracting Officer determines that the facts justify it, a termination settlement proposal may be received and acted on after 1 year or any extension. If the Contractor fails to submit the proposal within the time allowed, the Contracting Officer may determine, on the basis of information available, the amount, if any, due the Contractor because of the termination and shall pay the amount determined.

Source Selection Information - - See FAR 3.104
(f) Subject to paragraph (e) of this clause, the Contractor and the Contracting Officer may agree upon the whole or any part of the amount to be paid or remaining to be paid because of the termination. The amount may include a reasonable allowance for profit on work done. However, the agreed amount, whether under this paragraph (f) or paragraph (g) of this clause, exclusive of costs shown in subparagraph (g)(3) of this clause, may not exceed the total contract price as reduced by

(1) the amount of payments previously made and
(2) the contract price of work not terminated.

The contract shall be modified, and the Contractor paid the agreed amount. Paragraph (g) of this clause shall not limit, restrict, or affect the amount that may be agreed upon to be paid under this paragraph.

(g) If the Contractor and the Contracting Officer fail to agree on the whole amount to be paid because of the termination of work, the Contracting Officer shall pay the Contractor the amounts determined by the Contracting Officer as follows, but without duplication of any amounts agreed on under paragraph (f) of this clause:

(1) The contract price for completed supplies or services accepted by the Government (or sold or acquired under subparagraph (b)(9) of this clause) not previously paid for, adjusted for any saving of freight and other charges.

(2) The total of

(i) The costs incurred in the performance of the work terminated, including initial costs and preparatory expense allocable thereto, but excluding any costs attributable to supplies or services paid or to be paid under subparagraph (g)(1) of this clause;

(ii) The cost of settling and paying termination settlement proposals under terminated subcontracts that are properly chargeable to the terminated portion of the contract if not included in subdivision (g)(2)(i) of this clause; and

(iii) A sum, as profit on subdivision (g)(2)(i) of this clause, determined by the Contracting Officer under 49.202 of the Federal Acquisition Regulation, in effect on the date of this contract, to be fair and reasonable; however, if it appears that the Contractor would have sustained a loss on the entire contract had it been completed, the Contracting Officer shall allow no profit under this subdivision (g)(2)(iii) and shall reduce the settlement to reflect the indicated rate of loss.

(3) The reasonable costs of settlement of the work terminated, including

(i) Accounting, legal, clerical, and other expenses reasonably necessary for the preparation of termination settlement proposals and supporting data;

(ii) The termination and settlement of subcontracts (excluding the amounts of such settlements); and

(iii) Storage, transportation, and other costs incurred, reasonably necessary for the preservation, protection, or disposition of the termination inventory.

Source Selection Information - - See FAR 3.104
(h) Except for normal spoilage, and except to the extent that the Government expressly assumed the risk of loss, the Contracting Officer shall exclude from the amounts payable to the Contractor under paragraph (g) of this clause, the fair value, as determined by the Contracting Officer, of property that is destroyed, lost, stolen, or damaged so as to become undeliverable to the Government or to a buyer.

(i) The cost principles and procedures of Part 31 of the Federal Acquisition Regulation, in effect on the date of this contract, shall govern all costs claimed, agreed to, or determined under this clause.

(j) The Contractor shall have the right of appeal, under the Disputes clause, from any determination made by the Contracting Officer under paragraph (e), (g), or (l) of this clause, except that if the Contractor failed to submit the termination settlement proposal or request for equitable adjustment within the time provided in paragraph (e) or (l), respectively, and failed to request a time extension, there is no right of appeal.

(k) In arriving at the amount due the Contractor under this clause, there shall be deducted—

1. All unliquidated advance or other payments to the Contractor under the terminated portion of this contract;

2. Any claim which the Government has against the Contractor under this contract; and

3. The agreed price for, or the proceeds of sale of, materials, supplies, or other things acquired by the Contractor or sold under the provisions of this clause and not recovered by or credited to the Government.

(l) If the termination is partial, the Contractor may file a proposal with the Contracting Officer for an equitable adjustment of the price(s) of the continued portion of the contract. The Contracting Officer shall make any equitable adjustment agreed upon. Any proposal by the Contractor for an equitable adjustment under this clause shall be requested within 90 days from the effective date of termination unless extended in writing by the Contracting Officer.

(m)

1. The Government may, under the terms and conditions it prescribes, make partial payments and payments against costs incurred by the Contractor for the terminated portion of the contract, if the Contracting Officer believes the total of these payments will not exceed the amount to which the Contractor will be entitled.

2. If the total payments exceed the amount finally determined to be due, the Contractor shall repay the excess to the Government upon demand, together with interest computed at the rate established by the Secretary of the Treasury under 50 U.S.C. App. 1215(b)(2). Interest shall be computed for the period from the date the excess payment is received by the Contractor to the date the excess is repaid. Interest shall not be charged on any excess payment due to a reduction in the Contractor's termination settlement proposal because of retention or other disposition of termination inventory until 10 days after the date of the retention or disposition, or a later date determined by the Contracting Officer because of the circumstances.

(n) Unless otherwise provided in this contract or by statute, the Contractor shall maintain all records and documents relating to the terminated portion of this contract for 3 years after final settlement. This includes

Source Selection Information - - See FAR 3.104
all books and other evidence bearing on the Contractor's costs and expenses under this contract. The Contractor shall make these records and documents available to the Government, at the Contractor's office, at all reasonable times, without any direct charge. If approved by the Contracting Officer, photographs, microphotographs, or other authentic reproductions may be maintained instead of original records and documents. (End of Clause)

52.249-8 -- Default (Fixed-Price Supply and Service) (Apr 1984)

(a)

(1) The Government may, subject to paragraphs (c) and (d) of this clause, by written notice of default to the Contractor, terminate this contract in whole or in part if the Contractor fails to --

(i) Deliver the supplies or to perform the services within the time specified in this contract or any extension;

(ii) Make progress, so as to endanger performance of this contract (but see subparagraph (a)(2) of this clause); or

(iii) Perform any of the other provisions of this contract (but see subparagraph (a)(2) of this clause).

(2) The Government's right to terminate this contract under subdivisions (a)(1)(i), (ii) and (1)(iii) of this clause, may be exercised if the Contractor does not cure such failure within 10 days (or more if authorized in writing by the Contracting Officer) after receipt of the notice from the Contracting Officer specifying the failure.

(b) If the Government terminates this contract in whole or in part, it may acquire, under the terms and in the manner the Contracting Officer considers appropriate, supplies or services similar to those terminated, and the Contractor will be liable to the Government for any excess costs for those supplies or services. However, the Contractor shall continue the work not terminated.

(c) Except for defaults of subcontractors at any tier, the Contractor shall not be liable for any excess costs if the failure to perform the contract arises from causes beyond the control and without the fault or negligence of the Contractor. Examples of such causes include

(1) acts of God or of the public enemy,
(2) acts of the Government in either its sovereign or contractual capacity,
(3) fires,
(4) floods,
(5) epidemics,

(d) If the failure to perform is caused by the default of a subcontractor at any tier, and if the cause of the default is beyond the control of both the Contractor and subcontractor, and without the fault or negligence of either, the Contractor shall not be liable for any excess costs for failure to perform, unless the subcontracted supplies or services were obtainable from other sources in sufficient time for the Contractor to meet the required delivery schedule.

(e) If this contract is terminated for default, the Government may require the Contractor to transfer title and deliver to the Government, as directed by the Contracting Officer, any

(1) completed supplies, and

(2) partially completed supplies and materials, parts, tools, dies, jigs, fixtures, plans, drawings, information, and contract rights (collectively referred to as "manufacturing materials" in this clause) that the Contractor has specifically produced or acquired for the terminated portion of this contract.

Upon direction of the Contracting Officer, the Contractor shall also protect and preserve property in its possession in which the Government has an interest.

(f) The Government shall pay contract price for completed supplies delivered and accepted. The Contractor and Contracting Officer shall agree on the amount of payment for manufacturing materials delivered and accepted and for the protection and preservation of the property. Failure to agree will be a dispute under the Disputes clause. The Government may withhold from these amounts any sum the Contracting Officer determines to be necessary to protect the Government against loss because of outstanding liens or claims of former lien holders.

(g) If, after termination, it is determined that the Contractor was not in default, or that the default was excusable, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of the Government.

(h) The rights and remedies of the Government in this clause are in addition to any other rights and remedies provided by law or under this contract. (End of Clause)

Upon request, the Contracting Officer will make their full text available. Also, the full text of a clause may be accessed electronically at this/these address(es): http://farsite.hill.af.mil, http://www.dtic.mil/lars or http://www.arnet.gov/far (End of Clause)

3052.204-70 SECURITY REQUIREMENTS FOR UNCLASSIFIED INFORMATION TECHNOLOGY RESOURCES (JUN 2006)
(a) The Contractor shall be responsible for Information Technology (IT) security for all systems connected to a DHS network or operated by the Contractor for DHS, regardless of location. This clause applies to all or any part of the contract that includes information technology resources or services for which the Contractor must have physical or electronic access to sensitive information contained in DHS unclassified systems that directly support the agency’s mission.

Source Selection Information - - See FAR 3.104
(b) The Contractor shall provide, implement, and maintain an IT Security Plan. This plan shall describe the processes and procedures that will be followed to ensure appropriate security of IT resources that are developed, processed, or used under this contract.

(1) Within SIXTY (60) days after contract award, the contractor shall submit for approval its IT Security Plan, which shall be consistent with and further detail the approach contained in the offeror's proposal. The plan, as approved by the Contracting Officer, shall be incorporated into the contract as a compliance document.

(2) The Contractor's IT Security Plan shall comply with Federal laws that include, but are not limited to, the Computer Security Act of 1987 (40 U.S.C. 1441 et seq); the Government Information Security Reform Act of 2000; and the Federal Information Security Management Act of 2002; and with Federal policies and procedures that include, but are not limited to, OMB Circular A-130.

(3) The security plan shall specifically include instructions regarding handling and protecting sensitive information at the Contractor's site (including any information stored, processed, or transmitted using the Contractor's computer systems), and the secure management, operation, maintenance, programming, and system administration of computer systems, networks, and telecommunications systems.

(c) Examples of tasks that require security provisions include—

(1) Acquisition, transmission or analysis of data owned by DHS with significant replacement cost should the contractor's copy be corrupted; and

(2) Access to DHS networks or computers at a level beyond that granted the general public (e.g., such as bypassing a firewall).

(d) At the expiration of the contract, the contractor shall return all sensitive DHS information and IT resources provided to the contractor during the contract, and certify that all non-public DHS information has been purged from any contractor-owned system. Components shall conduct reviews to ensure that the security requirements in the contract are implemented and enforced.

(e) Within 6 months after contract award, the contractor shall submit written proof of IT Security accreditation to DHS for approval by the DHS Contracting Officer. Accreditation will proceed according to the criteria of the DHS Sensitive System Policy Publication, 4300A (Version 2.1, July 26, 2004) or any replacement publication, which the Contracting Officer will provide upon request. This accreditation will include a final security plan, risk assessment, security test and evaluation, and disaster recovery plan/continuity of operations plan. This accreditation, when accepted by the Contracting Officer, shall be incorporated into the contract as a compliance document. The contractor shall comply with the approved accreditation documentation. (End of clause)

3052.204-71 CONTRACTOR EMPLOYEE ACCESS (JUN 2006)

(a) Sensitive Information, as used in this Chapter, means any information, the loss, misuse, disclosure, or unauthorized access to or modification of which could adversely affect the national or homeland security interest, or the conduct of Federal programs, or the privacy to which individuals are entitled under section 552a of title 5, United States Code (the Privacy Act), but which has not been specifically authorized under criteria established by an Executive Order or an Act of Congress to be kept secret in the interest of national defense, homeland security or foreign policy. This definition includes the following categories of information:

(1) Protected Critical Infrastructure Information (PCII) as set out in the Critical Infrastructure Information Act of 2002 (Title II, Subtitle B, of the Homeland Security Act, Public Law 107-296, 196 Stat. 2135), as amended, the implementing regulations thereto (Title 6, Code of Federal Regulations, Part 29) as amended, the applicable PCII Procedures Manual, as amended, and any supplementary guidance officially communicated by an authorized
official of the Department of Homeland Security (including the PCII Program Manager or his/her designee);

(2) Sensitive Security Information (SSI), as defined in Title 49, Code of Federal Regulations, Part 1520, as amended, "Policies and Procedures of Safeguarding and Control of SSI," as amended, and any supplementary guidance officially communicated by an authorized official of the Department of Homeland Security (including the Assistant Secretary for the Transportation Security Administration or his/her designee);

(3) Information designated as "For Official Use Only," which is unclassified information of a sensitive nature and the unauthorized disclosure of which could adversely impact a person's privacy or welfare, the conduct of Federal programs, or other programs or operations essential to the national or homeland security interest; and

(4) Any information that is designated "sensitive" or subject to other controls, safeguards or protections in accordance with subsequently adopted homeland security information handling procedures.

(b) "Information Technology Resources" include, but are not limited to, computer equipment, networking equipment, telecommunications equipment, cabling, network drives, computer drives, network software, computer software, software programs, intranet sites, and internet sites.

(c) Contractor employees working on this contract must complete such forms as may be necessary for security or other reasons, including the conduct of background investigations to determine suitability. Completed forms shall be submitted as directed by the Contracting Officer. Upon the Contracting Officer's request, the Contractor's employees shall be fingerprinted, or subject to other investigations as required. All contractor employees requiring recurring access to Government facilities or access to sensitive information or IT resources are required to have a favorably adjudicated background investigation prior to commencing work on this contract unless this requirement is waived under Departmental procedures.

(d) The Contracting Officer may require the contractor to prohibit individuals from working on the contract if the government deems their initial or continued employment contrary to the public interest for any reason, including, but not limited to, carelessness, insubordination, incompetence, or security concerns.

(e) Work under this contract may involve access to sensitive information. Therefore, the Contractor shall not disclose, orally or in writing, any sensitive information to any person unless authorized in writing by the Contracting Officer. For those contractor employees authorized access to sensitive information, the contractor shall ensure that these persons receive training concerning the protection and disclosure of sensitive information both during and after contract performance.

(f) The Contractor shall include the substance of this clause in all subcontracts at any tier where the subcontractor may have access to Government facilities, sensitive information, or resources. (End of clause)

ALTERNATE I (JUN 2006)

When the contract will require contractor employees to have access to Information Technology (IT) resources, add the following paragraphs:

(g) Before receiving access to IT resources under this contract the individual must receive a security briefing, which the Contracting Officer's Technical Representative (COTR) will arrange, and complete any nondisclosure agreement furnished by DHS.

(h) The contractor shall have access only to those areas of DHS information technology resources explicitly stated in this contract or approved by the COTR in writing as necessary for performance of the work under this contract. Any attempts by contractor personnel to gain access to any information technology resources not expressly authorized by the statement of work, other terms and conditions in this contract, or as approved in writing by the COTR, is strictly prohibited. In the event of violation of this provision, DHS will take appropriate actions with regard to the contract and the individual(s) involved.
Contractor access to DHS networks from a remote location is a temporary privilege for mutual convenience while the contractor performs business for the DHS Component. It is not a right, a guarantee of access, a condition of the contract, or Government Furnished Equipment (GFE).

Contractor access will be terminated for unauthorized use. The contractor agrees to hold and save DHS harmless from any unauthorized use and agrees not to request additional time or money under the contract for any delays resulting from unauthorized use or access.

Non-U.S. citizens shall not be authorized to access or assist in the development, operation, management or maintenance of Department IT systems under the contract, unless a waiver has been granted by the Head of the Component or designee, with the concurrence of both the Department’s Chief Security Officer (CSO) and the Chief Information Officer (CIO) or their designees. Within DHS Headquarters, the waiver may be granted only with the approval of both the CSO and the CIO or their designees. In order for a waiver to be granted:

1. The individual must be a legal permanent resident of the U.S. or a citizen of Ireland, Israel, the Republic of the Philippines, or any nation on the Allied Nations List maintained by the Department of State;

2. There must be a compelling reason for using this individual as opposed to a U.S. citizen; and

3. The waiver must be in the best interest of the Government.

Contractors shall identify in their proposals the names and citizenship of all non-U.S. citizens proposed to work under the contract. Any additions or deletions of non-U.S. citizens after contract award shall also be reported to the contracting officer. (End of Clause)

(a) Prohibitions.

Section 835 of the Homeland Security Act, 6 U.S.C. 395, prohibits the Department of Homeland Security from entering into any contract with a foreign incorporated entity which is treated as an inverted domestic corporation as defined in this clause, or with any subsidiary of such an entity. The Secretary shall waive the prohibition with respect to any specific contract if the Secretary determines that the waiver is required in the interest of national security.

(b) Definitions. As used in this clause:

Expanded Affiliated Group means an affiliated group as defined in section 1504(a) of the Internal Revenue Code of 1986 (without regard to section 1504(b) of such Code), except that section 1504 of such Code shall be applied by substituting 'more than 50 percent' for 'at least 80 percent' each place it appears.

Foreign Incorporated Entity means any entity which is, or but for subsection (b) of section 835 of the Homeland Security Act, 6 U.S.C. 395, would be, treated as a foreign corporation for purposes of the Internal Revenue Code of 1986.

Inverted Domestic Corporation. A foreign incorporated entity shall be treated as an inverted domestic corporation if, pursuant to a plan (or a series of related transactions)—

1. The entity completes the direct or indirect acquisition of substantially all of the properties held directly or indirectly by a domestic corporation or substantially all of the properties constituting a trade or business of a domestic partnership;
(2) After the acquisition at least 80 percent of the stock (by vote or value) of the entity is held—

(i) in the case of an acquisition with respect to a domestic corporation, by former shareholders of the domestic corporation by reason of holding stock in the domestic corporation; or
(ii) in the case of an acquisition with respect to a domestic partnership, by former partners of the domestic partnership by reason of holding a capital or profits interest in the domestic partnership; and

(3) The expanded affiliated group which after the acquisition includes the entity does not have substantial business activities in the foreign country in which or under the law of which the entity is created or organized when compared to the total business activities of such expanded affiliated group.

Person, domestic, and foreign have the meanings given such terms by paragraphs (1), (4), and (5) of section 7701(a) of the Internal Revenue Code of 1986, respectively.

(c) Special rules. The following definitions and special rules shall apply when determining whether a foreign incorporated entity should be treated as an inverted domestic corporation.

(1) Certain Stock Disregarded. For the purpose of treating a foreign incorporated entity as an inverted domestic corporation these shall not be taken into account in determining ownership:

(i) stock held by members of the expanded affiliated group which includes the foreign incorporated entity; or
(ii) stock of such entity which is sold in a public offering related to the acquisition described in subsection (b)(1) of Section 835 of the Homeland Security Act, 6 U.S.C. 395(b)(1).

(2) Plan Deemed In Certain Cases. If a foreign incorporated entity acquires directly or indirectly substantially all of the properties of a domestic corporation or partnership during the 4-year period beginning on the date which is 2 years before the ownership requirements of subsection (b)(2) are met, such actions shall be treated as pursuant to a plan.

(3) Certain Transfers Disregarded. The transfer of properties or liabilities (including by contribution or distribution) shall be disregarded if such transfers are part of a plan a principal purpose of which is to avoid the purposes of this section.

(d) Special Rule for Related Partnerships. For purposes of applying section 835(b) of the Homeland Security Act, 6 U.S.C. 395(b) to the acquisition of a domestic partnership, except as provided in regulations, all domestic partnerships which are under common control (within the meaning of section 482 of the Internal Revenue Code of 1986) shall be treated as a partnership.

(e) Treatment of Certain Rights.

(1) Certain rights shall be treated as stocks to the extent necessary to reflect the present value of all equitable interests incident to the transaction, as follows:

(i) warrants;
(ii) options;
(iii) contracts to acquire stock;
(iv) convertible debt instruments; and
(v) others similar interests.

(2) Rights labeled as stocks shall not be treated as stocks whenever it is deemed appropriate to do so to reflect the present value of the transaction or to disregard transactions whose recognition would defeat the purpose of Section 835.

(f) Disclosure. The offeror under this solicitation represents that [Check one]: _ it is not a foreign incorporated entity that should be treated as an inverted domestic corporation pursuant to the criteria of (HSAR) 48 CFR 3009.104-70 through 3009.104-73.

As a result of Modification P00003 which restructured the period of performance dates, the start date for each deliverable under Section I has been changed FROM July 20, 2009 TO January 5, 2010 in order to coincide with the kick-off meeting for ISAP II Security Compliance.

Accordingly, the C&A process must be completed by July 5, 2010. BI Incorporated was given written authorization for this extension via electronic mail on January 4, 2010. (NOTE: BI's IT Security Plan was submitted on March 5, 2010 i.a.w. the revised deliverable schedule.)

2. Modification P00004 formally documents and authorizes the "Grandfather" process for ISAP II Participants which was implemented effective November 6, 2009, during the ISAP II transition period as follows:

For each participant transitioning from the ISAP I and Enhanced Supervision Reporting (ESR) Programs to ISAP II, BI Incorporated will make a determination as to whether the ISAP II model is more restrictive than the transitioned participant's then-current level of supervision under ISAP I or ESR. In those cases where the ISAP II model is more restrictive, the participant will be transitioned at a level or stage of supervision comparable to their supervision under ISAP I or ESR. Billing for the participant will be determined according to their stage of supervision as appropriate (e.g. Pre, Post, Appeal, FCOR-RFR, or FCOR-NFR). The "Grandfather" period for such participants will cease under the following conditions:

a) If the participant has a stage change while in ISAP II, they will revert to the appropriate level of supervision as per contract specifications,

b) If the participant violates program rules/conditions while in ISAP II they will revert to the appropriate level of supervision as per contract specifications, and

c) At the direction of the ISAP II COTR, Alternate COTR, or the Contracting Officer, Continued ...
relating to any particular participant, or all affected participants.

The [Grandfather] process will be accomplished at no additional cost to the Government under the ISAP II contract.

3. Modification P00004 authorizes BI Incorporated to replace [Blank] as the ISAP II Deputy Program Director with [Blank] is approved as the interim key personnel replacement for a period not to exceed sixty (60) days commencing March 10, 2010. During this period of time, BI will identify a qualified candidate to fill the Deputy Program Director position on a permanent basis on or before May 10, 2010. BI will seek approval from the ISAP II COTR and Contracting Officer prior to assigning a permanent replacement to the contract, in accordance with SOW Section 6 (Contractor Personnel).

4. Modification P00004 formally documents changes to the ISAP II Statement of Work (SOW) which are being made by mutual agreement of the parties under the following sections of the SOW: Section 5 (Scope), Section 7 (Records and Reports), and Section 9 (Tasks and Deliverables). All changes are detailed in Attachment 1 to P00004, which is incorporated into this Modification by reference.

5. Modification P00004 hereby incorporates FAR Part 52.222-54 -- Employment Eligibility Verification (Jan 2009) into Section I (Contract Clauses) of Contract HSCECR-09-D-00002 by reference.

6. There is no funding associated with this action. The total contract value for ISAP II remains unchanged.

7. All other terms and conditions remain unchanged.

8. The FOCs associated with this contract modification are as follows:

CONTRACTOR STATEMENT OF RELEASE: In consideration of the modification agreed to herein, as complete equitable adjustment for the changes specified, the contractor hereby releases Immigration and Customs Enforcement (ICE) from any and all liability under this contract/order for further equitable adjustment attributable to such facts or circumstances giving rise to this adjustment.
Modification P00004 – Attachment 1

The purpose of Modification P00004 is to incorporate the following changes to the Statement of Work (SOW) for the ISAP II Contract numbered HSCECR-09-D-00002. All changes have been highlighted in grayscale for ease of reference.

1. Revise bullet 5 of subsection 5.2.4.1, Face-to-Face Contacts and Verifications with Program Participants, to read as follows:

   • “Employment verification within five (5) days of intake, and every thirty (30) days thereafter (as allowed by U.S. Immigration law). During employment verifications, the contractor’s assigned case specialist must review the participant’s most recent pay stub and/or any other available documentation that verifies the participant’s employment status.”

All references to employment verifications in SOW Sections 5.2.4.3.1, 5.2.4.3.2., 5.2.4.3.3, 5.2.4.3.4., and 5.2.4.3.5 on pages 36 through 37 no longer require employment visits.

2. Revise subsection 5.2.4.4, Scheduling, to read as follows:

“5.2.4.4 Scheduling. The daily schedule shall be designed to provide the proper level of supervision and accountability on the part of each participant. The contractor shall balance scheduled contacts and residence/employment checks to effectively accomplish the desired intensity of supervision throughout the period of measure (e.g. the contractor should schedule the required 2 face-to-face office interviews with a participant being supervised under CLIN X002D in separate calendar weeks, and not on consecutive days).”

3. Delete subsection 5.2.4.4.1 in its entirety and replace it with the following:

“Rescheduling of Unsuccessful Unannounced Residence/Curlieu Visits. If the participant is not physically present in his or her home at the time of the visit, telephonic contact must be immediately initiated to locate the Participant and determine why he or she is not at the required location as specified in the Participant’s ISP (e.g. in the home during the required timeframe.) The Contractor and the Participant must conduct a successful home visit within forty-eight (48) hours of any unsuccessful home visit. These rescheduled visits are not included, and are in addition to the requirements described in 5.2.4.3.”

4. Delete the following sentence from subsection 6.6.1, Contractor Certification:

“The COTR must provide written approval prior to the assignment of any employee beginning to perform any duties under this contract.”
All other language in subsection 6.6.1 remains unchanged.

5. Revise subsection 7.1.4, Weekly Court Appearance Summary Report, under Records and Reports to read as follows:

"7.1.4 Monthly Court Appearance Summary Report

The contractor shall report the number of final hearings scheduled and the number of hearings attended for each DRO field office, with the corresponding percentage and roll-up for all offices on a monthly basis. The breakdown should distinguish between pre-order, post-order, appeal, POCR RFR and POCR NFR participants, and all five combined."

6. Revise subsection 7.1.5, Weekly Average Daily Cost and Average Length in Program Report, under Records and Reports to read as follows:

"7.1.5 Monthly Average Daily Cost and Average Length in Program Report

The contractor shall report the average number of days spent in the program for participants and the average daily cost per participant on a monthly basis."

7. Revise the first paragraph of subsection 7.1.6, Monthly Program Progress Report, under Records and Reports to read as follows:

"7.1.6 Monthly Program Progress Report

The contractor shall submit written Monthly Program Progress Reports for both the individual field offices and the overall program. The Individual Field Office Progress Report shall be submitted by the fifth workday after the end of each month. The Overall Program Progress Report shall be submitted by the twentieth day after the end of each month. Monthly reports shall include information regarding contract compliance, immigration court appearance rates, participant statistics, and significant events. These reports shall include, at a minimum, the following for both the overall program and individual sites, where applicable:"

All other language in subsection 7.1.6 remains unchanged.

8. Revise subsection 7.1.11, Invoice Details, under Records and Reports to read as follows:
"Each invoice must include detailed billing information by site and participant count by day. This includes a chronological listing of participants with name, alien control number, date of admission, end of month status, and date of discharge. Each invoice shall be submitted in accordance with the following procedures:

A. BI shall submit the following reports to DRO Task Managers and other designated points of contact in DRO Field Office locations and DRO Headquarters on the fifth (5th) business day of each month. These reports will be considered to be preliminary or “draft” reports.

1. **Progress Report** - Description of the activity related to the contract, including compliance, personnel, significant events and community liaison work.

2. **Monthly Progress Report** - Summary of the terminations and court hearings for the month (MTD), year (YTD - based upon contract year) and program (PTD).

3. **Participant Status Listing** - Chronological listing by intake date of all participants, both active and inactive, showing the number of days in the program during the month.

4. **Participant Service Listing** - Alphabetical listing of participants in each legal stage and in each Electronic Monitoring (EM) program. The report lists how many days each participant was in each stage and on EM. After the totals, there is a listing of all the participants that either transferred legal stage or EM and the dates of that transfer.

5. **Participant Counts by Billing Category** - Lists the number of participants in each legal stage and on Electronic Monitoring (EM) each day. The total participant days at the bottom should reconcile with the totals on the Participant Service Listing.

B. ICE-DRO Field Offices will review and validate the Participant Counts by Billing Category Report. The Field Offices must submit their approval or rejection of the report to DRO HQ by the tenth (10th) business day of the month.

Any issues or discrepancies identified by the Field Offices must be reported to the Contractor and DRO HQ concurrently.

Only a warranted Contracting Officer has the authority to make those changes to the contract. Keep these limitations in mind during your interactions with the contractor employees:

the contractor must be beyond reproach. The DHS requires strict compliance with established Standards of Conduct and Conflict of Interest rules.

Your appointment is effective throughout the life of the contract, unless otherwise revoked. COTR and ACOTR Appointment Letter
COTR and Alternate COTR Appointment Letter

To: [Redacted] ACOTR

From: [Redacted] Contracting Officer

Date: October 19, 2011

Re: Appointment of [Redacted] as Contracting Officer's Technical Representative (COTR) and [Redacted] as Alternate Contracting Officer's Technical Representative (ACOTR) on Contract# HSCECR-09-D-00002.

[Redacted] is formally appointed as the Contracting Officer's Technical Representative (COTR) for Contract No. HSCECR-09-D-00002 for the Intensive Supervision Appearance Program (ISAP) II. [Redacted] is hereby formally appointed as the Alternate Contracting Officer's Technical Representative (ACOTR) on the aforementioned contract. This delegation applies to all task orders issued against the ISAP II contract. Written modifications to the contract will be forwarded for the COTR file as they occur.

As the COTR, you are authorized as my direct representative in the technical monitoring and administration of this contract with very specific limitations. As a COTR, you shall:

a) Complete and file with the ICE Ethics Office an OGE-450 (Confidential Financial Disclosure Report) within 30 days following COTR appointment, and annually thereafter, until the termination of the COTR appointment. Forward your completed OGE-450 to: ICE Ethics Office (OPLA), Potomac Center North (PCN) 500 12th St, SW, Washington, DC 20024. You will also be required to complete annual ethics training as stipulated by the ICE Ethics Official.

b) Act as the Contracting Officer's authorized representative for contract administration functions that do not involve changes to the scope, price, schedule, terms and conditions of the contract.

c) Monitor the contractor's performance of the technical requirements including, but not limited to, review and approval of invoices/vouchers.
d) Provide suggestions to the Contracting Officer for improvements and changes that would facilitate better work performance or streamline processes to the advantage of the Government and/or contractor.

e) Coordinate with your program office and the Contracting Officer, actions relating to funding or recommended changes in the scope of work.

f) Ensure that changes in the work or services, and resulting effects on delivery schedule, are formally effected by written modification issued by the Contracting Officer before the contractor proceeds with the changes.

g) Ensure prompt review of draft reports and provide approval to the contractor so that distribution of reports can be within the specified completion date of the contract, and assure prompt inspection and acceptance or rejection of other deliverable items.

h) Maintain a contract-working file to include a copy of the contract and all modifications, correspondence, invoices/vouchers, financial tracking, reviews and past performance information.

i) Refer to the Contracting Officer those matters, other than purely technical problems, which may affect the contract.

j) Inform the Contracting Officer in writing when a contractor is known to be behind schedule, with reasons thereof, and coordinate with the Contracting Officer any corrective action necessary to restore the contract schedule.

k) Provide the Contracting Officer with a copy of any conference reports and/or correspondence. Coordinate with the Contracting Officer on the content of any contractually significant correspondence addressed to the contractor. These steps are taken to prevent possible misunderstanding or the creation of a condition that may later be made the basis of a claim.

l) Request the Contracting Officer authorize Government furnished property and, when requested by the Contracting Officer, provide disposition advice on Government-furnished property or contractor-acquired property.

m) Monitor contract financial management controls.

n) For a contract having a period of performance or delivery due date greater than one year, and having one or more options, (1) no later than 30 calendar days prior to the planned exercise date of an option, perform and interim evaluation of the contractor's performance; and, (2) prepare a final evaluation of the contractor's performance promptly (but no later than 10 Government working days) after completion of all contractual requirements.

o) Report any suspected procurement fraud, waste, abuse, bribery, conflict of interest or other improper conduct to the Contracting Officer and proper Department of Homeland Security (DHS) Office.
p) Review and submit recommendations to the Contracting Officer on proposed new subcontracts.

q) Ensure that the contractor submits proper security clearance forms, as required by the contract, and coordinate with the appropriate officer(s).

r) Ensure the contractor has a current facility clearance, as well as other appropriate clearances for contractor personnel to have access to classified material, as soon as it is determined that access to classified material will be required to complete the contractual requirements.

e) Ensure that the proper DHS offices are notified at contract conclusion, or when contractor employees depart during contract performance, and facilitate the collection of badges, cancellation of systems access and security clearances.

f) Recommend approval or disapproval to the Contracting Officer, concerning a contractor's request for public release regarding work being performed under the contract.

u) Notify the Contracting Officer of inventions by the contractor during the performance of the contract.

v) Provide the Contracting Officer with a formal request for termination, when required.

w) Evaluate contractor requests for travel.

x) Review the contractor's invoices/vouchers to ensure that they accurately reflect the work completed in accordance with the requirements of the contract, and certify acceptance of the delivered items. Submit certified invoices/vouchers to the Dallas Finance Center and copies to the Contracting Officer in a timely manner.

y) Respond to requests for information relating to contract closeout support, including furnishing the Contracting Officer a notice of satisfactory or unsatisfactory completion.

**As COTR you shall not:**

a) Make commitments or promises to contractors relating to award of contracts.

b) Make any agreement with the contractor requiring the obligation of public funds.

c) Discuss procurement plans or any other advance information that might provide preferential treatment to one firm over another when a solicitation is issued for a competitive procurement.

d) Solicit proposals.

e) Modify the stated terms and conditions of the contract.
f) Issue instructions (oral or written) to a contractor to start or stop work.

g) Approve items of cost not specifically authorized by the contract.

h) Direct changes (oral or written), or provide any guidance in the work to the contractor, which contradict the contract's scope and terms and conditions or which may be misinterpreted as properly changing the contractual terms and conditions, but actually jeopardize the rights of or the benefits to the Government, the contract, or both.

i) Execute supplemental agreements to the contract.

j) Participate in negotiations with a contractor outside the presence of a Contracting Officer.

k) Render a decision on any dispute or question of fact under the Disputes Clause of the contract.

l) Take any action with respect to termination, except to notify the Contracting Officer that the action is desired and to assist with the process as required.

m) Interfere with the contractor's management prerogative by supervising contractor employees or otherwise directing their work efforts.

n) Authorize a contractor to obtain property for use under a contract, or allow government property accountable under one contract to be used under another.

o) Provide information that might give a contractor an unfair competitive advantage.

You shall notify the Contracting Officer promptly of:

- Any violation of, or deviation from, the technical requirements of the contract/order;
- Inefficient or wasteful practices in use by the contractor;
- Any requests for changes from the contractor;
- Issues that require clarification or resolution;
- Inconsistencies between invoiced charges and performance, including the use of improper labor categories; or
- Any circumstances that prevent you from performing your COTR responsibilities.

Your authority is limited and does not include commitments or changes that affect price, quality, quantity, or other terms and conditions of the contract. Only a warranted Contracting Officer has the authority to make those changes to the contract. Keep these limitations in mind during your interactions with the contractor employees:

(1) Do not supervise the contractor's employees: Treating the contractor's employees as if they were Federal Government employees could create a personal services arrangement and potentially place the Government in breach of the contract/order.
Your actions as the COTR for this contract become a matter of record and should be completely documented in the contract-working file. I strongly encourage you to ask questions if you are uncertain of your authority and responsibility. Your relationship with the contractor must be beyond reproach. The DHS requires strict compliance with established Standards of Conduct and Conflict of Interest rules.

Responsibilities outlined in this memorandum are not intended to be all-inclusive. If a specific situation arises that you think requires my attention, please do not hesitate to call me. Your appointment is effective throughout the life of the contract, unless otherwise revoked. Please notify me if you can no longer serve as the appointed COTR on this contract, or if you leave your current position so that a contract turnover can be performed. You cannot re-delegate COTR authority.

You are required to acknowledge receipt of this appointment by signing below and returning it to the Office of Acquisition Management.

Please do not hesitate to contact the contracting officer at 202-732 if you have any questions or concerns about performing your COTR duties.

This Directive establishes the Department of Homeland Security (DHS) policy for appointing, certifying, and terminating Contracting Officer's Technical Representatives (COTRs). This Management Directive (MD 0780.1) supersedes MD 0780.

II. Scope

This Directive applies to all DHS Organizational Elements (OEs). The DHS Office of Inspector General is covered under this directive where it does not conflict with the authorities and responsibilities given to the Inspector General under the Inspector General Act of 1978, and its amendments.

III. Authorities

This directive is governed by numerous Public Laws and national policy, such as:

C. The Homeland Security Act of 2002, codified in Title 6, USC.

E. Federal Acquisition Regulation (FAR), Part 42.

G. Homeland Security Acquisition Regulation (HSAR), Subpart 3042.70.

H. Homeland Security Acquisition Manual (HSAM), Subchapter 3042.70.

IV. Definitions

A. **Acquisition:** The conceptualization, initiation, design, development, test, contracting, production, deployment, support, modification, and disposal of systems, supplies, or services (including construction) to satisfy agency needs. Per the Federal Acquisition Regulation, acquisition is the process of acquiring, with appropriated funds, by contract for purchase or lease, supplies and services (including construction) that support the missions and goals of an executive agency, from the point at which the requirements of the executive agency are established in consultation with the Chief Procurement Officer of the executive agency, including functions related to fulfilling agency requirements by contract.

B. **Acquisition Certification Board:** A DHS board comprised of functional advisors from across the Department from the various acquisition career fields. Members review and make recommendations on workforce development, such as recognizing individuals as meeting certification requirements and standards, as well as recommending disposition of certification requests. The board is chaired by the DHS Acquisition Workforce Manager.

C. **Acquisition Workforce Manager:** The principal manager in strategic planning and direction of the DHS acquisition workforce and principal advisor on formulation of plans for overall management policies and programs relating to workforce effectiveness, organization, personnel, budgeting, reporting, forecasting, and competency preparation.

D. **Chief Procurement Officer (CPO):** DHS' Senior Procurement Executive, responsible for managing, administering, and overseeing Department-wide acquisition, financial assistance, strategic sourcing, and competitive sourcing programs.

E. **Contracting Officer (CO):** A Federal employee with the authority to enter into, administer or terminate contracts; make related determinations and findings; and appoint COTRs. This individual is also authorized, by virtue of position or by appointment, to perform the functions defined by the Federal Acquisition Regulation and the Homeland Security Acquisition Regulation.
F. **Contracting Officer’s Technical Representative (COTR):** A Federal employee, designated in writing by the Contracting Officer, who is appointed to perform technical functions under the contract, including inspection and acceptance of supplies or services. For the purposes of this MD, the term COTR encompasses any individual performing similar duties, such as: Contracting Officer Representative (COR), Quality Assurance Evaluator (QAE), Technical Representative of the Contracting Officer (TRCO), etc.

G. **Contracting Officer’s Technical Representative (COTR) Certification:** A formal process through which the DHS certifies individuals as meeting the standards/achieving the competencies required to perform the duties of a Contracting Officer’s Technical Representative (COTR).

H. **Contracting Officer’s Technical Representative (COTR) Certification File:** A file maintained by the Head of the Contracting Activity (or designee), containing the certification application, a copy of the certificate, exceptions, and the skills currency training information of the COTR.

I. **Head of Contracting Activity (HCA):** A Federal employee who, by position or appointment, is responsible for managing the entire acquisition function within an Organizational Element.

J. **Organizational Element (OE):** Entities comprising the Department of Homeland Security as defined in Management Directive 0010.1 “Management Directives System and DHS Announcements.”

K. **Requisitioning Office:** An organization within DHS responsible for managing successful acquisitions to meet essential mission needs and nominating an individual as a COTR to the Contracting Officer. For the purposes of this MD, the requisitioning office is the office initiating the contract.

L. **Senior Procurement Executive (SPE):** An individual appointed pursuant to section 16(3) of the Office of Federal Procurement Policy Act (41. U.S.C. 414(3)), responsible for managing the acquisition system of the Department, including implementing the unique acquisition policies, regulations, and standards of the Department. The SPE for DHS is the Chief Procurement Officer (CPO).

V. **Responsibilities**

A. The **Under Secretary for Management** shall be responsible for the overall aspects of this Directive.
B. The **Chief Procurement Officer** shall be responsible for the management, administration, integrity, and oversight of mission-focused Department of Homeland Security acquisition, financial assistance, strategic sourcing, and competitive sourcing programs. The CPO shall also define the requirements for designating persons qualified in acquisition matters as COTRs.

C. The **Contracting Officer** shall examine all contracts (including, but not limited to, task/delivery orders and interagency agreements) to determine if assignment of a COTR is appropriate. The Contracting Officer shall ensure all nominated COTRs meet training requirements prior to initial appointment, and shall strive to build a solid relationship with the COTR and the requisitioning office.

D. The **COTR** shall perform duties in accordance with the responsibilities delineated in the COTR designation letter received from the Contracting Officer. The COTR will normally be responsible for the technical direction and evaluation of the contractor's performance, and certifying acceptance of services. The COTR does not have authority to make any commitments or changes affecting scope, price, schedule, terms, or conditions of a contract. The COTR is responsible for obtaining the required training for certification, maintaining individual documentation, providing information to the Contracting Officer as required, and building a solid relationship with the Contracting Officer.

E. The **Requisitioning Office** is responsible for successful acquisition of mission essential goods, services, or products; for partnering with the Contracting Officer to achieve acquisition goals/objectives, and assisting with technical requirements. The requisitioning office is responsible for nominating a qualified individual to serve as COTR, ensuring training and certification requirements are met and maintained, and building a solid relationship with the Contracting Officer in order to communicate COTR concerns or issues.

**VI. Policy & Procedures**

A. **Policy**: The HCA (or designee), shall ensure COTRs are qualified in accordance with this Management Directive. For contract actions deemed appropriate, Contracting Officers may appoint a COTR in accordance with the requirements of this MD. COTRs shall hold a COTR acquisition certification prior to appointment, unless an exception applies or a waiver is approved in accordance with this MD. Procurements valued under the simplified acquisition threshold are exempt from this policy unless the Contracting Officer determines appointment of a COTR is appropriate.

---

MD # 0780.1
B. **Procedures:**

1. Certification for COTRs: DHS will have only one certification level, and COTRs must be able to obtain acquisition certification within 60 days of appointment unless a waiver is granted in accordance with this MD. Training must be completed prior to appointment (unless an exception applies or waiver is authorized), while the actual application for certification may be submitted up to 60 days after COTR appointment.

   a. Certification - Minimum Mandatory Training Requirements for COTRs.

   (1) Initial COTR Training: Nominees will have met the initial training requirement for certification by completing 40 hours of COTR training. Training may be completed either online or in a classroom. If no previous training exists, COTR’s shall, at a minimum, complete the online, no cost courses available from the Federal Acquisition Institute (FAI) (or equivalent). Completion of all the following courses is considered as meeting the 40 hours COTR training requirement:

   FAI – COR Refresher Training
   FAI – Market Research
   FAI - Contracting Orientation

   (2) Procurement Ethics Training: A one-hour procurement ethics training course is required annually (may be agency sponsored, online through FAI, or equivalent). The COTR is responsible for maintaining and annually forwarding documentation (email or certificate) to the HCA (or designee), indicating completion of ethics training. The HCA (or designee) shall maintain this information in the individual’s certification file. If training is accomplished online via the FAI, completion of the FAI – Ethics Block Training course is considered as fulfilling the requirement of procurement ethics training. Procurement Ethics training may also count toward the annual skills currency training requirement.
(3) Exceptions to Initial Training Requirements for Certification: Individuals are considered to have fulfilled the initial training requirements for COTR certification if they meet one of the following exceptions:

(a) Any individual who successfully served in the 1102 series within five years of the date of COTR nomination and has completed eight hours of skills currency training within the preceding 12 months.

(b) Any individual who previously completed 40 hours of COTR training within the last five years of the date of COTR nomination and has completed eight hours of skills currency training within the preceding 12 months.

(c) Any individual who previously completed 40 hours of COTR training (regardless of completion date), has acted in the capacity of a COTR within the last five years of the date of COTR nomination, and has completed eight hours of skills currency training within the preceding 12 months.

b. Certification – Application, Maintenance, and Renewal.

(1) Certification Application: COTRs shall use DHS Form 0780-1 (Attachment 1) to request Acquisition Certification, and shall attach copies of their training certificates to support the training requirements. Applications will be coordinated through the HCA (or designee) and forwarded to the CPO for processing. The Acquisition Certification Board will issue certificates on DHS Form 0780.1-2, which will remain valid for four years from the date issued, provided annual skills currency training requirements are met.
(2) Certification Maintenance: Once appointed, COTR’s must complete a minimum of eight hours of annual skills currency training to remain certified and eligible for appointment. The HCA, or designee, at their discretion, shall consider rescinding certification if the annual skills currency training requirement is not met. A variety of sources may be used to meet the skills currency training requirement. The FAI, the Defense Acquisition University (DAU), and the Government On-Line Learning Center are three sources offering free on-line courses. Skills currency training activities include, but are not limited to, training, seminars, attendance at conferences, office “lunch-and-learns”, developing and delivering a training seminar, special project assignments that involve acquiring new skills, education or other developmental activities deemed appropriate by the HCA (or designee) that improve the knowledge, skills, and abilities of the COTR. Additionally, any learning activity relating to government acquisition that provides Professional Development Hours (PDHs), Continuous Learning Points (CLPs), Continuing Education Units (CEUs), Professional Development Units (PDUs) or college credit from a recognized learning institution, will meet the skills currency training requirements.

(3) Certification Renewal: Certifications may be renewed up to one year ahead of expiration, provided skills currency training requirements are met. COTR’s shall use DHS Form 0780-1 (Attachment 1) to request Acquisition Certification renewal. Applications will be coordinated through the HCA (or designee) and forwarded to the CPO for processing.

(1) COTR Certification File: The HCA (or designee) must ensure appropriate documentation is maintained for each certified COTR in accordance with the Privacy Act, and report such information to the CPO (or designee) as requested. Examples of required documentation include: information used to meet training requirements, maintenance/skills currency training requirements, DHS Form 0780-1, and waivers (if appropriate).
(2) Maintenance Documentation: The HCA (or designee) shall ensure documentation exists for skills currency training activities in each COTR's certification file. When on-the-job learning, rotation assignments, or other flexible activities are used to enhance skills, the COTR shall document the learning that occurred and how it will benefit performance. To be creditable, this information shall be validated by the COTR's supervisor and included in the COTR's certification file. The COTR is responsible for maintaining and forwarding documentation (email or certificate) to the HCA (or designee) annually for inclusion in their COTR certification file, indicating completion of skills currency training.

2. COTR Nomination and Appointment to a Specific Contract.

a. Nomination Packages for Appointing COTRs to a Specific Contract.

(1) At the request of the Contracting Officer, the requisitioning office shall nominate a Federal employee to serve as a COTR. The nominee should already be certified, or be eligible for certification, in accordance with this MD. As the requisitioning office will be working closely with the Contracting Officer during the acquisition process, COTR nomination packages should be submitted to the Contracting Officer well in advance of contract award, allowing time for completion of requisite certification training before assuming duties.

(2) The Contracting Officer has the authority to decline COTR nominations.

b. The COTR nomination package should include information such as the nominee's name, organization, contact information, COTR certification, and, if available, previous experience as a COTR. This information will assist the Contracting Officer in determining whether any additional specialized training may be required prior to the assumption of duties. If any of the minimum COTR qualifications listed below cannot be met, a justification explaining those circumstances shall be submitted to the Contracting Officer along with the nomination package:
(1) Nominee shall have technical knowledge and experience to observe performance and to determine if a contractor meets the performance standards described in the contract.

(2) Nominee shall have successfully completed the required training and certification or be eligible for a waiver. The request for a waiver shall be included with the nomination package.

(3) Nominee shall acknowledge the requirement to attend subsequent skills currency and ethics training during the appointment period.

(4) Nominee shall be familiar with and comply with appropriate DHS regulations.

(5) Nominee should ideally be available for the duration of the contract.

c. Specialized Training: HCAs are authorized to establish a higher level of required skills currency training, or specialized training requirements for their respective OE, if appropriate. Contracting Officers must ensure that nominated COTRs possess the necessary skills and abilities to successfully perform the assigned duties. The Contracting Officer (with the approval of the HCA (or designee)) has the authority to require an eligible COTR to complete additional specialized training (e.g., performance-based service contracts, contract administration, etc.) when it is considered relevant to a particular type of contract to which the eligible COTR is, or may be, assigned. This specialized training is in addition to the certification requirements and may be required of the COTR to meet the needs of the appointment.

d. Written Appointment of a COTR to a Specific Contract: The Contracting Officer shall issue a unique appointment, in writing, to each COTR, which sets forth the COTR’s authorities and limitations with regard to the assigned contract. The written appointment must be signed by the Contracting Officer and shall not contain authority for the COTR to sign contractual documents, order contract changes, modify contract terms, or create any commitment or liability on the part of the Government different from that set forth in the contract. The designation shall also not change or supersede the established line of authority and/or the established procedures of the acquisition process. A copy of the appointment letter shall be retained in the official contract file.
e. **Acceptance of COTR Appointment to a Specific Contract:**
Upon receipt of the appointment, the COTR shall advise the Contracting Officer, in writing, that he/she has received the appointment and accepts the COTR responsibilities. After a COTR accepts an appointment, the Contracting Officer will notify the contractor within five working days of contract award and will provide a copy of the COTR appointment letter. For construction projects, the contractor will be notified by providing a copy of the letter not less than five working days prior to giving the contractor notice to proceed.

f. **Appointment of an Alternate COTR to a Specific Contract:**
The COTR appointment is unique to an individual and may not be further delegated. An alternate COTR may be designated by the Contracting Officer to act in the absence of the primary COTR. The requirements of this MD pertain equally to the designation of alternate COTRs.

g. **Appointment of a Sub-COTR to a Specific Contract:** Due to the scope or technical complexity of some contracts, a "sub-COTR" may also be designated by the Contracting Officer for specific aspects of the contract. The requirements of this MD pertain equally to the designation of sub-COTRs.

h. **Termination of COTR Appointment from a Specific Contract:**
The COTR designation shall remain in effect during the life of the contract unless circumstances dictate earlier revocation. The Contracting Officer is responsible for ensuring appointments are terminated when they are no longer valid or required. The Contracting Officer may terminate a COTR appointment for failure to appropriately fulfill the responsibilities outlined in the appointment letter or this MD. The termination of the COTR appointment shall be in writing, and written notification shall be given to the COTR and contractor. A copy of the termination shall be retained in the official contract file.

i. **COTR Appointment Exceptions:** Individuals may be appointed as a COTR under the following conditions:
(1) Certification Lacking: COTRs who previously completed initial training as outlined in this MD, but lack acquisition certification, may be temporarily appointed as a COTR. The COTR must apply for certification within 60 days of appointment. If the COTR does not submit the acquisition certification application to the HCA (or designee) within 60 days of temporary appointment, or the application is denied, the COTR temporary appointment shall be terminated. The requisitioning office is responsible for nominating a replacement if the individual cannot obtain the certification in the required time.

(2) Initial Training Lacking: COTRs unable to complete training and certification prior to appointment may obtain a waiver for temporary COTR appointment.

j. Waiver for Temporary COTR Appointment: The HCA (or designee) is authorized to issue one-time waivers for temporary appointment of COTRs, prior to completion of all required training for acquisition certification, in unusual and compelling circumstances after receipt of a letter of explanation from the requisitioning office. When requesting a waiver:

(1) The COTR is responsible for completing the Federal Acquisition Institute (FAI) on-line course "COR Refresher Training" (or equal) prior to temporary appointment.

(2) The COTR is responsible for completing all training requirements referenced in this MD within 60 days of appointment. If the COTR does not complete the training, the Contracting Officer shall terminate the COTR’s temporary appointment.

(3) The COTR is responsible for applying for COTR Acquisition Certification within 60 days of the temporary appointment. If the COTR does not submit the acquisition certification application to the HCA (or designee) within 60 days of temporary appointment, or the application is denied, the Contracting Officer shall terminate the COTR’s temporary appointment.

(4) The requisitioning office is responsible for nominating a replacement if the waived individual cannot complete the training in the required time.
