1.2 Introduction (General)

This is a Statement of Work (SOW) for Department of Homeland Security (DHS) Federal Protective Service (FPS).

A. As an integral component of the FPS security effort, the Contractor shall provide and maintain all management, supervision, manpower, training, equipment, supplies, licenses, permits, certificates, insurance, pre-employment screenings, reports, and files necessary to accomplish security guard services as described and required in this SOW and in various sections of this BPA. The Contractor shall perform to the standards required in this BPA and
will be expected to work closely with FPS representatives throughout the duration of the BPA.

B. **Important Note:** Where the Government identifies and references specific BPA Section numbers, that reference refers to that Section in its entirety, including every subsection having the same letter and/or letter-number prefix. For example, a reference to the requirements of “Section III” includes all of Section III. Similarly, a reference to Section 7 includes Sections 7.1, 7.2, and so on, through the last subsection identified with a prefix of “7.”

### 1.3 Introduction (FPS)

A. FPS is the security and law enforcement component of the Department of Homeland Security, Immigration and Customs Enforcement. FPS is responsible for protecting federally owned or leased facilities. FPS’s mission is to provide a safe environment in which Federal agencies conduct their business without fear of violence, crime or disorder.

B. Contract security guards have a crucial and highly visible role in support of FPS’s mission. They are usually the first (and sometimes only) contact visitors have with the Federal community, and they are usually the first line of defense in a federally controlled facility. Visitors and federal employees perceive the contract Security Guards to be integral with the FPS mission. It is crucial that the Contractor ensure that their employees realize the importance of their role, and perform their duties courteously and professionally at all times.

C. The Prime Contractor shall notify the COTR under the respective BPA of any work to be subcontracted. The services shall be transparent to FPS’ customers and shall use the Prime Contractor’s chain of command.

### 1.4 Introduction (The BPA)

The Government contemplates issuance of a Firm-Fixed Price Blanket Purchase Agreement against the GSA Schedule contract.

### 1.5 Introduction (BAP Calls)

A. A “call” will be issued for services required under this BPA and will be ordered using an Optional Form 347 (OF-347), order for Supplies and Services, with a unique call number.

B. Each call issued by the Contracting Officer (CO) shall contain the specific building(s), post locations, hours of service, and period of service required by the Government.
C. Under the Changes Clause of the Basic GSA schedule contract, the Government has the unilateral right to add, decrease, cancel, or modify services stated in each call issued, as long as the change is within the scope of the BPA and calls against the BPA. The Contractor will be obligated to provide services at the specified hourly rates contained in the BPA. All modifications to the BPA and calls will be accomplished using a Standard Form 30 (SF30) (form subject to change), Amendment to Solicitation/Modification of Contract. If the Government has new requirements that are not directly related to an existing call but are within the scope of this BPA, those services will be ordered by a separate call.

D. Temporary or Special Additional Services (TAS/SAS) will be issued through separate calls. Depending on the circumstances of each order, TAS/SAS orders may be issued verbally between the CO and/or his/her designated representative and the Contractor and formalized in a written call as soon as possible after the order is made.

2 BPA Start-Up, Review, and Follow-Up

2.1 Conferences and Meetings

A. Immediately after the establishment of the BPA(s) and prior to the Contractor’s performance at the work site(s), the FPS CO shall notify the Contractor, and the FPS Contracting Officer’s Technical Representative (COTR) to schedule a pre-performance meeting that includes an in-depth review of the total BPA requirements and a review of the Contractor’s Transition Management Plan.

B. During the performance of the BPA, the FPS CO, COTR, and the Contractor shall meet annually or on an as-needed basis to discuss all relevant BPA issues. A mutual effort will be made to resolve all problems identified. The Contractor and the CO shall sign the written minutes of these meetings, which will be prepared by the Government and incorporated into the contract file. Should the Contractor not concur with the minutes, the Contractor shall state, in writing to the CO, any areas of clarification or disagreement within 5 days after receipt of the meeting minutes. Those comments shall be included with the report in the BPA file.

C. The Government will allow only a 60-day start-up from date of award of the contract to the initial start of performance for the state of South Carolina. The Government will allow only a 90-day start-up from date of award of the contract to the initial start of performance for the state of Georgia.
3 Authority and Jurisdiction, Permits, Licenses, and Adherence to Laws

3.1 Prior to Commencement of Work

A. The Contractor will perform services in the States of Georgia and/or South Carolina. The Contractor must possess ALL licenses required to perform services in the States of Georgia and/or South Carolina.

B. The applicable licensing authorities that are known to the Government at this time are: Georgia Board of Private Detective and Security Agencies located at 237 Coliseum Drive, Macon, Georgia 31217-3858, phone (478) 207-1354, or P.O. Box 13446, Macon, Georgia 31208, phone (478) 207-2440, web site http://www.sos.state.ga.us/plb/detective

C. The applicable licensing authorities that are known to the Government at this time are: South Carolina Law Enforcement Division (SLED), Attn: Regulatory Unit, P.O. Box 21398, Columbia, SC 29221 or SLED, Attn: Regulatory Unit, 4400 Broad River Road, Columbia, SC 29210.

D. Important Note: The Contractor bears the sole burden for ensuring that all legally required licenses and permits are obtained and renewed as specified by the regulating agency. This information is provided as a guide only. The Contractor must verify and comply with all Federal, State, and Local requirements, whether listed here or not.

E. Prior to commencement of work under this BPA, and except where precluded by local law or ordinance, the Contractor shall make and complete all arrangements with the appropriate officials in the state or local jurisdiction in which the services are to be performed to:

1. Obtain all licenses and permits required for each security guard and supervisor to serve as an armed security guard with the authority to hold and detain individuals suspected of committing crimes. The Contractor will not be reimbursed for services rendered by a Security Guard lacking appropriate permits and certifications. Contractor services rendered by a Security Guard lacking appropriate permits and certifications are non-conforming; such a breach is subject to legal remedy authorized by Federal Acquisitions or statutes.

2. Provide any official bond(s) and insurance required, and pay any fees or costs involved or related to authorization for the arming of any employees engaged in providing services specified under this BPA.

3. The Contractor shall furnish a legible copy of all legally required licenses and permits (excluding permits and licenses issued to individual contractor employees) to the CO prior to the BPA start date and again within 15 days after each renewal of the one year
ordering period by the Government. The Contractor shall complete and certify a written record that shows names and issue dates for each contractor employee having each and all legally required licenses, permits, and certifications. This written Contractor certification shall state that all legal requirements have been fulfilled prior to the commencement of any work. The Contractor shall provide an updated record to the Government upon the CO’s or COTR’s request. The CO, COTR and all other authorized Government personnel shall have the express authority to examine these documents upon request at any time during the duration of this BPA.

4. Obtain, possess, and maintain all business and corporate licenses required to operate as a commercial security service within the entire geographic area covered under this BPA prior to performing any work under this BPA.

F. Important Note: Failure by the Contractor to obtain all required licenses after award of the BPA will be grounds for termination for cause.

3.2 During Performance of BPA

A. In performance of work under this BPA, the Contractor shall be responsible for maintaining current, valid copies of all licenses, permits, certifications, and registrations and for complying with all applicable Federal, state, and local laws and regulations associated with licensing and permit issuance. The CO, COTR and all other authorized Government personnel shall have the express authority to examine these documents upon request, at any time, during the duration of this BPA.

B. The Contractor must pay all costs and fees associated with applying for, receiving, and maintaining all such permits and licenses throughout the course of the BPA, including any and all additional ordering periods the Government awards. The costs associated with this requirement must be factored into the Contractor’s hourly rate, as they will not be itemized or paid for separately by the Government.

C. Failure by the Contractor to maintain valid licenses and permits will be cause for the Government to take Contractual actions, up to and including termination for default. For instance, if an armed guard’s firearms permit expires, and he/she is legally required to possess a valid license while armed, the CO will require that the guard be removed from the post until a valid permit is obtained. If the Contractor fails to renew a required license and the controlling authority (state, local, etc) orders the Contractor to cease performance until the license is renewed, the Government may terminate the BPA or call for causet or take other remedies, such as issuing a Stop Work Order, obtaining performance by other sources, and deducting those costs from the price.

D. Where contractor employees are required by law to individually apply for licenses and/or permits, and a fee is required by the licensing agency, the Contractor shall remunerate the employee for all costs and fees associated with obtaining the required license/permit.
Under no circumstances shall a contractor employee be required to pay for a contractually required license or permit without being fully reimbursed by the Contractor.

E. Armed security guards must carry their firearm license/permits (and, where legally required, their concealed weapons permits) on their person while on duty, unless local or state law requires the Contractor to maintain the records. Failure by an armed security guard to carry a valid firearm certificate or permit while on duty shall result in the security guard being removed from the armed post until the certificate or permit is obtained.

4 Qualifications of Personnel

4.1 General Qualifications

A. Subject to existing law, regulations and/or other provisions of this BPA, illegal or undocumented aliens will not be employed by the Contractor, or with this BPA. The Contractor will ensure that this provision is expressly incorporated into any and all subcontracts or subordinate agreements issued in support of this BPA.

B. To be eligible to perform under this BPA, all uniformed contractor employees must meet, to the satisfaction of the CO and COTR, the following requirements:

1. Be a citizen of the United States of America.

2. Have a Social Security Card issued and approved by the Social Security Administration.

3. Be at least 21 years of age. While there is no limit as to the maximum age of security guards, all security guards must be able to withstand the physical demands of the job and must be capable of responding to emergencies.

Note: At the request of the COTR, the CO may waive the minimum age requirement where the applicant meets all of the other minimum requirements and is legally eligible to perform the required duties.

4. Possess, at a minimum, either a high school diploma or a GED equivalency certificate.

5. Speak English fluently, read and comprehend written English, and compose coherent written reports in English. Bi-lingual security guards may be an asset to the Contractor, but in no circumstances should the Contractor permit a security guard who does not have a good command of the English language to work under this BPA.

6. And meet one of the following experience/education requirements:
a. Three years of security experience within the past five years; or

b. An Associate's Degree in a related field and at least one year of experience; or

c. Three years of military or National Guard (active duty or reserve) experience; or

d. Successful completion of Police Officer's Standard Training (POST) course; or

e. Any reasonable combination of the above (i.e., one year of security experience plus one year of college coursework related in the field).

Note: The Contractor shall be responsible to the Government for acts and omissions of his own employees and for any Subcontractor(s) and their employees.

C. Prior to working under the BPA, every supervisor and guard must possess a valid FPS certification card. The FPS certification card is evidence that the guard has:

1. Received a favorable adjudication from FPS;

2. Passed the medical examination;

3. Completed the required training;

4. Passed the required examination(s);

5. And meets all other qualification criteria to be an FPS contract security guard.

5 Quality Control

5.1 Contractor-Provided Quality Control Plan

A. Adequate and consistent quality control is an essential component of successful performance. The Contractor shall develop and adhere to the Quality Control Program which should be submitted to the Government upon BPA award. The Contractor's Quality Control Program shall include, but not be limited to, the following areas:

1. A description of the type, level, and frequency of inspections performed by the Contractor's Quality Control Monitors. (This does not pertain to routine inspections performed by Area Supervisors as part of their normal duties.)

2. Quality Control Inspection Check Lists used to conduct inspections which include, as a minimum, checks of: equipment, uniform and appearance; attendance and/or compliance with (DHS form TBD) Sign in/out procedures; knowledge of and adherence to Duty Book requirements; knowledge of and adherence to screening equipment operating
procedures; possession of certification and company identification card(s); possession of required licenses and permits; current firearms qualifications; and overall performance.

3. A description of the Contractor’s employee reward/incentive program and the Contractor’s discipline procedures, used when the Contractor’s Quality Control Monitors or the Government notes superior or deficient performance.

4. Resumes for all employees appointed to serve as Quality Control Monitors. Under no circumstances shall individuals appointed as Quality Control Monitors serve as uniformed employees working under this BPA.

B. Quality Control Inspection Reports shall be prepared by approved Quality Control Monitors and remain on file at the Contractor’s facility in sequence by inspection date for all inspections made during the entire BPA period. Follow-up reports shall be prepared and maintained in the above manner.

C. Inspections shall be conducted by the Contractor in accordance with the Quality Control Plan and as frequently as necessary to ensure effective performance by the Contractor. While the Contractor may perform more inspections than are required in the Quality Control Plan, in no event shall the Contractor perform fewer inspections than required by that Plan.

D. The Contractor’s Quality Control Monitors must be identified and their resumes submitted in writing by the Contractor to the CO and COTR for approval prior to them performing any inspections under the BPA. All changes in appointments shall require the same approval.

E. The Contractor shall maintain a file of all inspection reports related to the BPA and shall make those reports available to the CO or COTR upon request. The CO or COTR may also request a copy of each inspection report to be forwarded at the time it is prepared. The Contractor shall brief the COTR of any serious problems or deficiencies noted during an inspection and shall inform the COTR of all actions taken or planned to resolve the problem.

F. If the Contractor’s performance indicates that additional quality control measures are needed, the CO and COTR will meet with the Contractor to discuss the Contractor’s performance, Quality Control Plan, and any other areas of concern. Through the CO, the COTR may request that the Contractor take additional steps to improve both the overall performance of the BPA and adherence to their Quality Control Plan.

G. The Government shall consider the Contractor’s adherence to their stated Quality Control Plan during annual performance evaluations. Failure by the Contractor to adhere to their stated Quality Control Plan’s schedules, methods, forms, etc., may result in Contractual actions being taken by the Government (e.g., the CO has the authority to negotiate and take an equitable adjustment from the Contractor’s monthly payment for Quality Control not provided) Repeated offences can result in termination for cause.
5.2 Government-Provided Quality Control

A. The Government shall use all methods deemed necessary to ensure that the Contractor’s employees are in a constant state of awareness and readiness. These methods may include uniformed or undercover surveillance by FPS staff; intrusion tests by undercover FPS staff to evaluate the security guards’ actions; and surveys of building tenants regarding the security guards’ performance, including the security guards’ professionalism, courtesy, and knowledge of their assigned duties.

B. In the event a serious breach of assigned duty by the Contractor’s employee(s) is identified during a quality control exercise, the CO and/or COTR shall immediately contact the Contractor to discuss the Government’s findings and the steps the Contractor will take to correct the problem(s).

Para 5.2.C Deleted.

6 Services Required – Non-Supervisory Security Guards

6.1 Order of Precedence

The Contractor’s employees shall perform the services as prescribed by:

A. The BPA, including the call(s);

B. The Security Guard Post Assignment Record (DHS form TBD);

C. The Officer’s Duty Book (including FPS Operating Orders and Standard Operating Procedures and the Building Occupant Emergency Plan);

D. Security Guard Information Manual (SGIM)

In the event of an inconsistency between documents, the BPA takes precedence over other documents.

6.2 Security Guard Post Assignment Record

A. Security guards shall perform all tasks in accordance with the duties outlined on the Security Guard Post Assignment Record (Post Orders), which are prepared by FPS for all shifts on each post. The Post Orders define the specific duties that the contract security guards are to perform. The security guards shall not deviate from the directions provided by the Post Orders except in emergencies or as directed by the COTR. The FPS COTR may modify, amend, and/or revise the Post Orders to change shift duties, start and stop times, and post locations provided the change is within the BPA scope has no impact on price. Such changes shall not require modification to the BPA or call.
B. The duties of most security guard posts require that a security guard not leave his post until properly relieved. Where this is required, it will be specifically stated on the Post Orders. Additionally, each task order will identify posts that require relief breaks.

C. Changes to the post orders that increase or decrease the number of hours specified, that increase or decrease the amount of equipment and/or supplies required, or otherwise affect the Contractor's cost or the call price, must be made by the CO through a written modification to the individual call. The Contractor may be financially liable for accepting or implementing changes by anyone other than the CO; therefore, the Contractor shall be responsible for verifying with the CO whether any requested changes should be provided pending issuance of a BPA or call modification.

6.3 Typical Duties

A. Security guards will be required to perform a variety of security-related duties, depending on the type of posts to which they are assigned. Each security guard post will have a Security Guard Post Assignment Record (Post Orders) and an Officer's Duty Book.

B. Security guards must be thoroughly familiar with the post orders at all posts where they are assigned to work. Under no circumstance should any security guard neglect his/her assigned duties in order to familiarize him/herself with post orders.

C. Security guard post assignments may include, but are not limited to the following duties and responsibilities:

1. Access control;
2. Package screening;
3. Personnel screening;
4. Traffic control;
5. Visitor processing;
6. Vehicle inspection;
7. Communications and dispatching;
8. Patrol operations;

training, certifying, and qualifying activities. The Contractor shall also bear all costs and responsibilities related to their employees’ attendance at the training and examinations, including all expenses for transportation, lodging, and meals (as may be necessary). The Contractor shall provide remuneration to their employees at the same hourly rate/salary they would receive for on-the-job training. All training-related costs must be factored into the offering price, as they will not be itemized or paid for separately by the Government after BPA award.

D. The COTR, or any designated representative of the COTR shall have the express authority to observe any training session sponsored or provided by the Contractor without any advance notice. The purpose of such observation is to ensure that the Contractor is adhering to the training syllabus and is complying with the stated training requirements defined in this BPA. The Contractor shall be responsible for providing the COTR a copy of the training schedule within 10 days after award of the BPA and at the beginning of each month when training is scheduled. The Contractor shall immediately notify the COTR of any changes to the schedule after it is submitted. The Training Plan and Schedule is located in Exhibit 4.

14.2 Training Requirements by Position

This subsection details the training requirements that must be successfully completed by all uniformed contractor employees. The syllabi for both the Contractor-provided and the Government-provided training courses shown below are located in Exhibits 4A, 4B, 4C, 4D, 4E, and 4F of this BPA. Certifications of training are required for individual contractor employees. See Exhibits 5A – 5G.

14.2-1 Security Guards (Productive and Supervisory)

A. The Government will provide to the Contractor one copy of the Security Guard Information Manual (SGIM). The Contractor shall be responsible for photocopying the manuals for their employees’ use, at no cost to the Government. The SGIM should be provided to Contractor’s employees on the first day of their basic training course.

B. Contractor Provided Basic training, Written Exam, Government Provided Training, and Contractor Provided Firearms Training are “one time only” courses, meaning that they do not have to be taken again during the BPA term once they are successfully completed by the Contractor’s employees. However, additional training may be required on Magnetometer/x-ray if/when the equipment or technology is changed. Training certifications, excluding Government Provided Training, are transferable to other FPS security guard service contracts, provided that the Contractor can furnish evidence (e.g., a valid, signed certification) that the training was successfully completed during the predecessor contract. The CO shall have the sole discretion to accept or deny proposed exemptions from training.

based on prior training experience. The written examination is based entirely upon the
Security Guard Information Manual.

C. Each Contractor employee, whether productive or supervisory, must take and complete 40
hours of refresher training within three (3) years of the previous (basic or refresher) training
conclusion date. See Exhibit 4D, for further information regarding the subject matter to be
covered during this training.

14.2-2 Supervisors

A. All supervisors working under this BPA must successfully complete all training established
for productive security guards including x-ray and magnetometer training. In addition,
supervisors must complete nine hours of supervisory training based on a Contractor provided
Supervisory Training Manual (see Exhibit 4B). Following completion of basic training, the
supervisors will be required to take and pass a basic written examination as referenced in
Exhibit 4A.

B. The Contractor’s Supervisory Training is a “one time only” course not requiring refresher
training unless the Government or the Contractor directs refresher training for a specific
Supervisor for cause.

14.3 Written Examination

A. Upon the contractor employees’ completion of the Basic Training and a favorable entry on
duty decision based on a preliminary background investigation, the Contractor must schedule
a Government-administered written examination with FPS that will test their employees’
familiarity with and understanding of the information contained in the SGIM after the
contractor employees (productive and supervisory) successfully complete the applicable
course. The test has 50 multiple-choice questions. All of the questions on the test are taken
verbatim from the SGIM. The passing score for the examination is 70% (35 questions
correct out of 50 possible questions).

B. If a contractor employee does not pass the examination on the first attempt, s/he will be given
one additional attempt within 90 days from the date of the first failed attempt to pass the
written examination. If the contractor employee fails after the second attempt, s/he must wait
one (1) year to re-train and re-take the examination and will not be permitted to work under
any FPS Contract during that one-year waiting period. If a contractor employee fails the
examination on the first attempt, but waits longer than 90 days to re-attempt the examination,
s/he must wait one (1) year to re-train and re-take the examination and will not be permitted
to work under any FPS Contract during that one-year waiting period. After the one (1) year
suspension period has expired, the guard is considered a new hire.

C. IMPORTANT NOTE: No waivers will be granted regarding the testing policies and
procedures stated above.
14.4 Firearms Training and Qualification

A. The Contractor is responsible for providing forty (40) hours of weapons training prior to sending the contractor employees to a firing range for the initial range qualification session. Of the forty hours, thirty-two (32) hours will be actual training/shooting time on a firing range. (See Exhibit 4E.) For the purposes of this BPA, the Government requires that each contractor employee who receives firearms training shall fire at least 500 rounds of ammunition during the course of range training. The cost of ammunition should be factored into the offering price, as it will not be itemized or paid for separately by the Government.

B. A contractor employee may attempt the firearms range initial qualification or requalification two (2) times within thirty days (30)-day period. However, before the test can be attempted a second time the contractor must provide a minimum of eight (8) hours of remedial training. It is the responsibility of the Contractor to determine what type of training is required so a guard can successfully qualify with his/her duty firearm. If the employee fails the second attempt, range qualification may not be attempted for a period of six (6) months. Prior to the third attempt at qualification, the Contractor shall provide any and all training and range time necessary to ensure that their employees can pass the course qualifications and should document the employee’s file with any and all remedial training given to enable the employee to pass the course. The Government shall not be liable for compensating the Contractor for any additional expenses or costs incurred by the Contractor to enable contractor employees to annually re-qualify on the course.

C. Any contractor employee who has successfully completed a 40 hour firearms course under a predecessor FPS contract may be exempted from the 40 hours of firearms training, provided the Contractor can furnish adequate proof (e.g., a valid, legible copy of a Training Certificate or firearms certification) that such training was successfully completed using the weapon specified in this BPA. The CO shall have the sole discretion to accept or deny proposed exemptions from training based on prior training experience. NOTE: Prior successful training completion by the contractor employee shall not exempt the contractor employee from the annual range qualification requirements.

D. Unless prohibited by state or local law, all weapons range training and qualifications (whether on an FPS range or a commercial range) must be conducted using current FPS targets only. The targets are inexpensive and are readily available through firearms catalog retailers. The Contractor shall furnish an adequate supply of targets to accomplish employee weapons qualifications as required by this BPA and should factor the cost of the targets into the offering prices, as they will not otherwise be paid for by the Government after BPA award.
E. Annual firearms re-qualification requires the contractor employee to pass the Immigration and Customs Enforcement practical course (See Exhibit 4E) with a passing score. However, the Contractor shall be liable for ensuring that all contractor employees receive the training or range time necessary to successfully re-qualify on the practical pistol course on an annual basis. The costs of such preparations should be factored into the offering prices, as they will not be itemized or paid for separately by the Government.

F. Successful firearms range qualification by contractor employees as part of a state or local firearms permit/license issuance process shall not be considered an acceptable replacement or substitute for the annual firearms qualification required by this BPA.

G. FPS Law Enforcement Personnel, weapons instructor, or trained representative shall witness the firearms qualification for each contractor employee to ensure that each contractor employee has sufficient knowledge of firearms safety, handling, and shooting ability. The Contractor shall be responsible for contacting the COTR to schedule range qualifications at a mutually acceptable date and time. Firearms qualifications that are not witnessed by an FPS firearms trained employee will not be deemed acceptable for the purposes of this BPA.

H. The Contractor must provide the necessary weapons and ammunition for training and qualifications. All Contractor-provided weapons used for qualifications of contractor employees shall be inspected and approved by an FPS Training Instructor prior to use on any Government firing range. No contractor employee shall have in their possession any ammunition for firearms at the time of their entrance upon Government property. The Contractor shall be responsible for licenses and permits required for weapons during transit between the employee dispatch point and the range.

14.5 Minimum Age for Firearms Licensing

A. Notwithstanding the minimum age requirement cited in paragraph 4 above, the Contractor must follow Federal, state and/or local licensing requirements for contractor employees. In most areas the minimum age requirements for armed security guard personnel is twenty-one (21) years of age.

B. In the event that there is a legal licensing requirement regarding the minimum age for a security guard, that requirement shall take precedence over the BPA’s stated acceptable minimum age.

14.6 Expandable Baton Training

A. The Contractor is responsible for providing 8 hours of basic baton training and certification. See Exhibit 4F. The training will consists of both lecture and hand-on demonstrations pertaining to the nomenclature, maintenance requirements, drawing techniques,
opening/closing techniques, tactical positions and stances, striking techniques and retention techniques.

B. The Contractor is responsible for scheduling and covering all costs associated with providing this training. This training certification shall be valid for one year. The Contractor is responsible for providing annual recertification of baton training for all its employees under this BPA. Annual recertification is the same course as provided in Exhibit 4F.

14.7  **FPS Specific Training**

A. All contractor employees must receive FPS-specific training prior to working under this BPA. The COTR and the Contractor will schedule the site(s) and date(s) of the training session(s) after the award of the BPA and prior to the BPA/call start date.

B. Each employee must be familiar with all general requirements for a specific facility before being assigned.

C. See exhibit 4C, for the complete syllabus on the FPS-specific Government provided training.

D. Security guards and uniformed supervisors who worked under the predecessor Contract may be exempt from this training, provided the Contractor can furnish adequate proof that such training was successfully completed (e.g., a valid, legible copy of a Training Certificate). The CO shall have the sole discretion to accept or deny proposed exemptions from training based on prior training experience.

14.8  **Government-Provided Magnetometer/X-Ray Training**

A. All contractor employees shall receive eight (8) hours of Government-provided training on the use and handling of magnetometers and or x-rays. See Exhibit 4C.

B. Upon completion of this training, the FPS Training Representative will issue each contractor employee a certificate of training completion. The certificate shall be filed in each contractor employee’s personnel file.

14.9  **CPR/AED/First Aid Training (amend 2)**

A. The Contractor is responsible for scheduling, obtaining, and covering all costs associated with providing CPR, AED, and First Aid training to all employees assigned to work under this BPA. CPR and AED training and certification must include adult, youth, and infant training modules. Training certification shall be valid for the period stated on the card(s). Prior to the expiration of the CPR and AED certification, the contractor employee must become re-certified. Recertification training shall be a minimum of 8 hours and cover adult, youth, and infant CPR procedures as well as AED procedures. **The Government requires that each CPR/AED course MUST provide practical training (e.g., on “dummies”) on**
resuscitation techniques based on Red Cross or American Heart Association techniques. If the Contractor is uncertain as to whether a training provider is acceptable, the CO and COTR will provide advice and guidance to the Contractor as to which training provider(s) are acceptable, based upon the requirements cited herein.

B. First Aid training and certification shall be valid for a period of three (3) years. Upon the expiration of the First Aid certification, the contractor employee must become re-certified. Recertification training shall be a minimum of 2.5 hours.

C. Security guards or uniformed supervisors who possess valid CPR, AED and First Aid credentials will not be required to re-take the training until their credentials expire.

D. Any contractor employee that does not possess valid and current CPR, AED and First Aid certification cards are not considered qualified to perform on this BPA. A post is considered “open” if manned by unqualified contractor employees.

E. Under no circumstances shall the Contractor require the contractor employee to incur the expense of CPR/AED or First Aid training/recertification without providing full remuneration to the employee within fifteen (15) days of the employee’s completion of the course. The CO shall report violations of this requirement to the Department of Labor for investigation and may take Contractual action as deemed appropriate.

14.10 Other Special Training

A. The Contractor is responsible for providing any training required by state or local jurisdictions pertaining to the use or carriage of any lethal or less-than-lethal weapons (i.e. expandable or straight police baton, sprays or repellants, conducted energy weapons, stun weapons, etc.), equipment, or devices required in this BPA.

B. In certain cases, the Contractor’s employees will receive special training that will be given by the tenant agency or by FPS. The number of training hours and the posts to which the special requirements apply will be provided when the requirement arises. The Contractor will be required to schedule the training, to provide remuneration to all security guards for off-duty training at their regular hourly rate/salary, and to ensure that all posts are manned while training is in progress. The Government will negotiate an equitable price adjustment with the Contractor for all the costs associated with the special training when training is required.

14.11 Training of Replacement Employees

All replacement employees shall meet the training and testing requirements specified in this Subsection at no cost to the Government.

14.12 Schedule of Provided Training and Testing
The Contractor shall schedule and coordinate Government provided training and testing with the COTR. Location for South Carolina is at the Strom Thurmond Federal Building, 1835 Assembly Street, Columbia, SC 29201. Location for Georgia is the Peachtree Summit Building, 401 W. Peachtree Street, Atlanta, GA 30301 or the DHS/Justice Building, 180 Spring Street, Atlanta, GA 30303.

NOTE: Government training can only be scheduled after the CO awards a BPA.

14.13 Government Provided Training - Failure to Attend

A. The Contractor must ensure that the employees attend all scheduled training and examination/qualification sessions. Absences by contractor employees at scheduled training have an extremely adverse effect on FPS’s security guard Contracting program.

B. The term ‘absence’ includes any person properly scheduled for training/testing and who fails to report to the appointed place at the proper time and date. An absence may be excused or unexcused.

C. An excused absence occurs when personnel fail to appear for scheduled qualifications, but the Contractor has provided 48 hours advanced notice or an acceptable excuse. Acceptable excuses are medical emergencies of the security guard and the security guard’s immediate family (spouse, children, parents) and a death in the family. All other excuses shall be reviewed on a case-by-case basis to determine acceptability.

D. An unexcused absence occurs when personnel fail to appear for scheduled training/testing and the Contractor has failed to provide 48 hours’ advance notice or an acceptable excuse.

E. The Contractor shall report the employee’s inability to attend scheduled dates because of acceptable emergencies to the COTR as soon as possible. The FPS retains the right to review emergency cancellations to ensure that they are in fact acceptable and excusable. Reported emergencies that are considered to be unacceptable by the Government may result in the Contractor being placed under an unexcused absence situation.

F. The FPS Training Instructor shall compile a list of all employees who have an unexcused absence for each day of training. This list will be forwarded to the CO, and the costs associated with the security guard’s failure to attend will be deducted from the Contractor’s next monthly payment. Furthermore, those employees with unexcused absences will be given last preference for re-scheduling training (after those employees who have not been trained and those who require make-up training from an excused absence); thus, the employee’s ability to work under the BPA may be seriously delayed by the unexcused absence(s).

14.14 Training Waivers
A. In certain rare circumstances, such as emergencies or significant, unanticipated increases in required services, the COTR may temporarily waive the time frames in which training and/or testing must be provided before a contractor employee can work under the BPA. However, all such waivers must be requested in writing by the Contractor, citing the specific reasons why the time frame for training/testing should be temporarily waived, and citing a specific deadline in which the required training/testing will be successfully completed by the Contractor employee, not to exceed 120 calendar days. Under no circumstances may the Contractor work any contractor employee under a temporary waiver without the COTR’s written consent of the waiver request. If the COTR grants a temporary waiver for the time frame requested by the Contractor, the Contractor must abide by that time frame and, upon expiration of the temporary waiver deadline date, must either have completed the training/testing requirements or must remove the affected contractor employee(s) from the BPA until such time as the requirements are successfully completed.

B. Under no circumstances will the COTR permanently waive the training and testing requirements as described in this Section for any contractor employee.

15 Medical and Physical Qualifications

15.1 General

A. The Contractor shall ensure all uniformed employees working under the BPA meet the medical requirements described in the following sections. The Government will not grant any waivers of the medical standards.

B. The Contractor is also responsible for ensuring that all uniformed employees are able to perform the essential functions described below, with or without reasonable accommodation. If one of the Contractor’s employees alleges that s/he has a disability and requires a reasonable accommodation to perform the essential functions of the job, it is the Contractor’s sole responsibility to discuss reasonable accommodation with its employee and to decide what accommodation, if any, to provide at its own expense.

15.2 Medical Standards

B. The Contractor shall fully and accurately complete Section 4 of the SF 78 based on the medical standards and essential job functions set forth in the BPA. All guards (productive and supervisory) must meet the health certification requirements listed in the SF 78. (See exhibit 6A.) The Contractor shall submit a completed SF 78 for each employee to the prior to any contractor employee being permitted to work under the Contact.

C. If an employee of the Contractor claims that s/he has a disability that prevents him/her from meeting the medical standards or performing the essential job functions, it is the Contractor’s responsibility to obtain medical verification of the disability and to provide reasonable accommodation, if necessary, at its own expense. The COTR will review all medical documentation to ensure that it is complete and in compliance with the BPA. No guard shall be permitted to work under the BPA until the certificate and medical documentation has been reviewed and approved for compliance with the BPA by the COTR.

D. All contractor employees must meet the following medical standards:

1. **Vision:** Applicant must have binocular vision and must not test less than 20/20 (Snellen). Corrected vision must not test less than 20/20 in one eye and 20/40 in the other eye. An applicant who has undergone a Radial Keratotomy or laser correction procedure to correct his or her vision to an acceptable level will be considered medically qualified for this position. 5. **Chest and Respiratory System**: Individual must have a healthy respiratory system. Any disease or condition that interferes with respiratory function and the individual’s safe and efficient job performance is a disqualifying factor.

6. **Gastrointestinal System**: Individual must have a healthy gastrointestinal tract. Any disease or condition that interferes with gastrointestinal function and the individual’s safe and efficient job performance is a disqualifying factor. An ulcer active within the past year may also be a disqualifying factor.

7. **Genitourinary System**: Individual must have a healthy genitourinary system. Any disease or condition that interferes with the individual’s safe and efficient performance of the job is disqualifying.

8. **Endocrine and Metabolic Systems**: Any condition affecting normal hormonal or metabolic functioning and response that is likely to adversely affect the individual’s safe and efficient job performance is a disqualifying factor.

9. **Musculoskeletal System**: Any condition that adversely impacts on the individual’s movement, agility, flexibility, strength, dexterity, coordination, or the ability to accelerate, decelerate, or change directions, and that is likely to adversely affect the individual’s safe and efficient performance of duties, is a disqualifying factor.

15. **Organ transplantation and prosthetic devices:** Any transplantation or prosthetic device that adversely affects the individual’s ability to safely and efficiently perform essential job functions is a disqualifying factor.

### 15.3 Physical Demands

A. Contractor employees are expected to be physically able to perform the following tasks or functions in the performance of their assigned duties:

1. Subdue violent or potentially violent individuals;

2. Work greater than 10-hour days and have the ability to work additional hours due to unexpected activity;

3. Work under occasional tension or pressure;

C. The Contractor shall be responsible for encouraging and promoting employees assigned to this BPA to maintain an ongoing and regular program of physical fitness, at no cost to the Government.

D. The Contractor shall ensure that all uniformed employees assigned to work under the BPA call are in good general health without physical and/or psychological impairments that would interfere with the safe and efficient performance of their duties. The Contractor is responsible for ensuring that all uniformed employees are able to perform the essential functions described below, with or without reasonable accommodation. If one of the Contractor’s employees alleges that s/he has a disability and requires a reasonable accommodation to perform the essential functions of the job, it is the Contractor’s sole responsibility to discuss reasonable accommodation, if any, to provide, at its own expense. The Contractor, not Government, is responsible for complying with the provisions of the American with Disabilities Act of 1990 (Pub L. 101-336)(ADA) and/or the Rehabilitation Act, as applicable, with respect to its employees.

E. Following are the essential job functions for uniformed employees working under the BPA:

1. Frequent and prolonged walking, standing, sitting, and stooping, up to 12 hours per day, either indoors or outdoors, during daytime or nighttime. Outdoor posts may require the individual to withstand extreme heat, humidity, cold, and/or severe weather (e.g., snow, sleet, rain, hail, wind) for up to four hours without shelter. Many posts have no chair/seat available; thus, the individual must be able to stand for up to four consecutive hours.

8. Occasional running, sprinting, lifting heavy weights, moving heavy objects, climbing stairs (e.g., in responding to emergencies, ensuring timely and complete facility evacuations, giving pursuit, etc.).

15.4 Initial and Recurring Screening for Illegal Drugs

As part of the medical examination, all contractor employees must submit to an initial urine drug screening that tests for the following five (5) substances at the following cutoff levels (nanogram per milliliter, ng/mL):

<table>
<thead>
<tr>
<th>Substance</th>
<th>Cutoff Level (ng/mL)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Marijuana metabolites</td>
<td>50</td>
</tr>
<tr>
<td>Cocaine metabolites</td>
<td>300</td>
</tr>
<tr>
<td>Opiate metabolites</td>
<td>2,000</td>
</tr>
<tr>
<td>Phencyclidine</td>
<td>25</td>
</tr>
<tr>
<td>Amphetamines</td>
<td>1,000</td>
</tr>
</tbody>
</table>

A. The Contractor will perform random drug screening of 5% of the guard force assigned to this BPA over a 12-month period. Contract Security Guards must resubmit to a urine drug screening upon renewal of physical forms every three years.

B. Drug screening methodology shall conform to the U.S. Department of Health and Human Services Substance Abuse and Mental Health Services Administration’s (SAMHSA) “Mandatory Guidelines for Federal Workplace Drug Testing Programs.” These guidelines can be accessed via the Internet at: www.health.org/GDLINS-94.htm or at: http://wmcare.samhsa.gov.¹ The Contractor is strongly urged to use one of the laboratories listed on SAMHSA’s “Current List of Laboratories Which Meet Minimum Standards To Engage in Urine Drug Testing for Federal Agencies,” which is accessible via the Internet at: www.health.org/labs/index.htm or at: http://wmcare.samhsa.gov. This list is updated on a monthly basis. If the Contractor chooses

---

¹ The cutoff level for Opiate metabolites listed in the internet-readable guidelines is 300; however, that number has been revised by SAMHSA and the new cutoff level is shown in paragraph (A) above.
to use a laboratory not shown on SAMHSA’s current list, the Contractor must verify whether the laboratory’s methodology conforms to SAMHSA’s guidelines prior to utilizing that laboratory to perform drug screenings.

C. Other drug testing methods (hair, sweat patch, etc.) are commercially available but are not acceptable for the purposes of this BPA, due to widely varying standards of testing and laboratory reliability results. However, if SAMHSA does issue guidelines on alternative drug screening methods, the BPA may be modified to permit the use of those methods.

D. The presence of a positive reading for any of the above substances over the designated cutoff level for that substance shall automatically disqualify an applicant from working under this or any other FPS security guard services BPA. Since most drugs are metabolized within a short period of time (from several hours to several days), the Contractor shall not permit any applicant to take multiple tests in order to receive an acceptable reading.

E. The Contractor is responsible for all costs associated with obtaining the medical evaluation and drug screening for each contractor employee. All costs must be factored into the offering prices.

15.5 Government Requested Screening

A. The CO or COTR shall have the express right to request targeted urine drug screenings where there is a reasonable belief by the Government that the contractor employee(s) may be under the influence of or using illegal substances. Targeted screenings shall be conducted in a similar fashion to random screenings, with the exception that the will advise the CM/ACM in writing that s/he requests a drug screening of a specific security guard. Once the written request is received, the CM shall arrange for the test to be conducted as soon as possible, but not later than three working days. The Contractor shall pay the contractor employee the normal hourly rate/salary for all time associated with taking the screening. Each screening shall follow the guidelines described in paragraph 15.4 above.

B. Contractor employees who undergo either random or targeted urine drug screenings may continue working under the BPA until the results have been provided to the Contractor. In the event that the results of any urine drug screening, whether random or targeted, are negative, the Government shall bear the expense of the screening. (NOTE: this does not apply to the pre-employment urine drug screening). The Contractor shall invoice the Government for the actual cost of the drug screening plus the hourly rate paid to the contractor employee(s) to take the test. In the event that the results are positive, the Contractor shall immediately remove the contractor employee(s) with a positive reading from the BPA/call and immediately inform the COTR and CO of the result and the employee’s removal from the BPA. Additionally, the Contractor shall bear all the expenses relating to the test for the employee(s) with the positive reading.
C. Any contractor employee who undergoes either a random or targeted urine drug screening and tests positive for any of the substances shown above shall be permanently disqualified from working under this or any other FPS security guard services contract. Since most drugs are metabolized within a short period, the affected contractor employee shall not be authorized to take additional tests to achieve an acceptable reading.

16 Conduct of Contractor Personnel

A. General

1. The Contractor shall be responsible for maintaining satisfactory standards of employee competency, conduct, appearance, and integrity, and shall be responsible for taking such disciplinary action with respect to his employees as may be necessary.

2. Each contractor employee is expected to adhere to standards of behavior that reflect credit on himself, his employer, and the Federal Government. The CO and COTR have the authority to cause the retraining (at the Contractor’s expense), suspension, or removal of any contractor employee from the BPA who does not meet and adhere to the Standards of Conduct as required in this BPA and the SGIM.

3. The Government may request the Contractor to immediately remove any employee from any or all locations where the contractor has contracts with the Federal Protective Service should it be determined that the employee has been disqualified for employment suitability, performance suitability, or security reasons, or who is found to be unfit for performing security duties during his/her tour of duty. The Contractor must comply with these requests in a timely manner. For clarification, a determination of unfitness may be made from, but not be limited to, incidents involving the most immediately identifiable delinquencies or violations of the Standards of Conduct.

B. The Contractor is also responsible for ensuring that their employees conform to acceptable standards of conduct. The following actions, behaviors, or conditions are cause for immediate removal from performing on the BPA:

1. Disturbing papers on desks, opening desk drawers or cabinets, or using Government equipment (i.e. computers, telephones, etc.) except as authorized by this BPA and the post orders.

3. Using personal electronic equipment such as cellular phones, computers, personal digital assistants, electronic games, audio or video equipment, televisions, etc. while on duty.

4. Using or possessing personal reading materials (newspapers, magazines, books), engaging in academic studies, or playing games (cards, puzzles, etc.).

5. Falsification or unlawful concealment, removal, mutilation, or destruction of any official documents or records, or concealment of material facts by willful omissions from official documents or records.

E. Long sleeve shirts will be required beginning the last Sunday in October and short sleeves beginning the last Sunday in April. The dates may be adjusted with the approval of the COTR; however, all security guards on any one shift must be in the same uniform with the same sleeve length.

F. Shoes shall be low quarter or high-topped boot with police or plain toe and standard heel. The color of the shoe shall be standard black. The Contractor is not required to provide shoes but must insure that the employees working are in accordance with the BPA requirements. Any deviation from the above requirements must be approved by medical authorities and submitted to the COTR.

G. Uniform accessories and equipment and the wearing of them shall conform to standards and usage prescribed and in effect for FPS Law Enforcement Personnel. The color of uniform accessories and equipment shall be standard black. All security guards shall wear the same color and style or type of uniform accessories and equipment. Specific uniform requirements and quantities are listed in Exhibit 2C.

H. Security guards are expected to comply with standards for wear and care of uniform items. The proper wear of uniforms and the care of uniforms and equipment is covered in the Contractor provided training and the Security Guard Information Manual. The SGIM will be used as the standard for the wear and care of uniforms and equipment.

17.2-4 Supplemental Equipment

The Contractor will be required, as specified in Exhibit 2D, to furnish supplementary equipment items. Security guards shall not possess any unauthorized supplemental or personal equipment, such as privately owned (e.g., equipment not issued by the Contractor or required by the BPA) firearms, knives, "come-alongs", or other such nonstandard items. Security guards who are found to possess such unauthorized equipment while on post shall be removed from the BPA.

18 Regulations, Handbooks, and Other Applicable Documents

C. A separate loose-leaf binder shall be furnished by the COTR and maintained by the Contractor at each additional fixed post and will contain only those items of duty instructions pertinent to that specific post.

D. The Officer’s Duty Book, Post Orders, and any supplemental memoranda, directives, or other information is considered Sensitive But Unclassified/Law Enforcement Sensitive information. The Officer's Duty Book shall not be removed from Government property, or reproduced or copied in any manner unless properly authorized, in writing, by the COTR.

E. *Conduct on Federal Property* (FMR 41 CFR 102-74) placards are posted in buildings under the charge and control of the General Services Administration and are applicable to all persons entering in or on such property.

F. *Security Guard Information Manual* (SGIM). This handbook contains the information all security guards and supervisors must read and be familiar with prior to assuming duties under this BPA. The COTR shall give the Contractor one (1) electronic copy of this manual at the pre-performance meeting held shortly after BPA award. The Contractor shall provide to each uniformed contractor employee a legible, securely bound copy of the SGIM upon beginning the basic training course.

**19 Security Guard Certification / Security Requirements**

**19.1 General**

A. All personnel performing on this BPA must pass a suitability determination conducted by the Government. Contractor personnel will not be able to perform under this BPA until appropriate suitability determinations have been made. The Government will provide all necessary forms at the time of BPA award. The DHS Office of Security will accept only complete security packages. Therefore, all personnel must provide the required information and documents to the COTR within 10 days after BPA award.

B. The Contractor should follow the procedures listed below to obtain an FPS certification card for each contractor employee:

1. Conduct an initial employment screening to determine whether the prospective employee meets the Contractor’s specific hiring requirements and the BPA eligibility requirements, including medical and drug testing.
2. Submit the suitability package to the FPS Contracting Officer’s Technical Representative and await the results of the adjudication. This process may take approximately one to three months if all forms are legible and complete. However, preliminary suitability is usually determined within a week of the submission of the paperwork. The Contractor will be notified whenever there is an instance where there is a preliminary unfavorable adjudication decision so that the Contractor can determine how to proceed with the employee’s training, testing, etc.

3. Schedule required Government-provided training and testing/qualifying with FPS and schedule/conduct all other Contractor-provided training requirements. The Contractor may proceed with Contractor-provided training while awaiting results of the suitability adjudication process. This does not include the FPS Written Exam.

4. After the Contractor employee receives favorable suitability adjudication results and the employee successfully completes the training and passes the required examination(s), the Contractor shall submit the following information to the FPS COTR for an FPS certification card:
   
a. A certification, signed by the Contract Manager, that the employee has met all the requirements set forth and that all pertinent documents are on file at the Contractor’s facility. (See exhibit 8).
   
b. Two color photographs, 1” x 1,” no more than one year old, of the guard’s head and upper shoulders; and
   
c. A Contract Guard Qualification Certificate. The guard’s name, and the name of the Contractor’s company must be typed on the front of the card, and the guard must sign the signature block in blue or black ink.
   
d. A Lautenberg Amendment Statement. Armed guards must submit a signed and dated “Domestic Violence” certification satisfying the Lautenberg Amendment that states s/he has not been convicted any offense related to domestic violence. The CO shall provide the Contractor with an adequate supply of these forms (See exhibit 1B.). This form shall be valid for a period of one (1) year and must be re-submitted concurrent with the guard’s annual firearms re-qualification.

C. FPS will type on the certification form the date of issuance, qualifications, and expiration date or “TOC” to designate expiration upon completion of the term of the BPA. FPS will then laminate the completed form and issue it to the Contractor.

D. No guard or supervisor shall be permitted to work under this BPA without a valid certification card.

E. The certification card shall be worn on the outermost garment of the guard's uniform.
F. The Contractor is responsible for the employees having all required certification credentials in their possession at all times while on the protected premises. This includes not only the FPS certification card, but also a valid CPR/First Aid card and a valid firearms permit.

G. The Contractor must return employees’ certification card to FPS within five (5) workdays upon the termination of the guard’s employment or the guard’s removal from the BPA. At the end of the BPA period, the Contractor must return to FPS all blank cards and all completed cards for guards who will not continue to work under FPS contracts. Possession of an FPS certification card does not waive any other BPA requirement.

NOTE: Because the Certification card does not expire when individual certification elements expire, the Contractor is responsible for continually maintaining validity of each element of the contractor employee’s certification status (i.e., suitability determination, medical examination, firearms requalification, CPR/First Aid certification). See exhibit 8 for the list of individual certification elements.

IMPORTANT NOTE: The CO shall have the express authority to demand return of the FPS Certification card for any contractor employee who does not maintain compliance with the BPA qualification and certification standards, and the CO shall have the express authority to prohibit that employee from performing under the BPA until such time as s/he comes into full compliance with all qualification/certification criteria.

19.2 Security Management

A. The Contractor shall appoint a senior official to act as the Corporate Security Officer. The individual will interface with the DHS Security Office through the COTR on all security matters, to include physical, personnel, and protection of all Government information and data accessed by the Contractor.

B. The COTR and the Security Office shall have the right to inspect the procedures, methods, and facilities utilized by the Contractor in complying with the security requirements under this Contract. Should the COTR determine that the Contractor is not complying with the security requirements of this BPA, the Contractor will be informed in writing by the Contracting Officer of the proper action to be taken in order to effect compliance with such requirements.

19.3 Suitability Determination / Entry on Duty Decision

A. DHS shall have and exercise full control over granting, denying, withholding or terminating unescorted access to a Government facility and or sensitive Government information access for Contractor employees, based upon the results of a background investigation. DHS may, as it deems appropriate, authorize and make favorable entry on duty (EOD) decision based
on preliminary security checks. The favorable EOD decision would allow the employees to commence work temporarily prior to the completion of the full investigation. The granting of a favorable EOD decision shall not be considered as assurance that a full employment suitability authorization will follow as a result thereof. The granting of a favorable EOD decision or a full employment suitability determination shall in no way prevent, preclude, or bar the withdrawal or termination of any such access by DHS, at any time during the term of the BPA. No employee of the Contractor shall be allowed unescorted access to a Government facility without a favorable EOD decision or suitability determination by the DHS Security Office. Contractor employees assigned to the BPA not needing access to sensitive DHS information or recurring access to DHS’ facilities will not be subject to security suitability screening.

B. Contractor employees awaiting an EOD decision may begin work on the BPA provided they do not access sensitive Government information. Limited access to Government buildings is allowable prior to the EOD decision if a Government employee escorts the contractor employee. This limited access is to allow contractors to attend briefings, non-recurring meetings and begin transition work. The EOD determination does not substitute for the required background investigation.

19.4 Suitability Adjudication

A. After award of the BPA and prior to any contractor employees being permitted to work under the BPA, the Contractor is responsible for ensuring that the contractor employees receive formal suitability adjudication by FPS. All contractor employees shall receive formal suitability adjudication by FPS, including the CM, Supervisors, Quality Assurance personnel and all other company officers that visit the work sites. Contractor suitability determinations are to be made in accordance with the criteria outlined in 5 CFR 731.202.

B. Once a prospective contractor employee has applied for a position and has been favorably evaluated by the Contractor (i.e., meets the minimum qualification requirements cited in this paragraph and otherwise meets the Contractor’s hiring criteria), the Contractor shall submit to the COTR the following Government furnished forms for each contractor employee:

1. Two (2) completed original Forms FD-258, "Fingerprint Chart;"

2. Standard Form 85P, "Questionnaire for Public Trust Positions" (plus one copy)

3. Standard Form 85P-S, "Supplemental Questionnaire for Selected Positions" (plus one copy)

4. DHS Form 11000-9, “Disclosure and Authorization Pertaining to Consumer Reports pursuant to the Fair Credit Reporting Act” (plus one copy)

5. Foreign National Relatives or Associates Statement (plus one copy)
6. Lautenberg Amendment Statement (plus one copy) (Exhibit 1B)

7. Drug Questionnaire (plus one copy)

8. Alcohol Questionnaire (plus one copy)

10. Non-disclosure Agreement (plus one copy)

C. Contractors are required to use local police, the state police, the Federal Bureau of Investigation (FBI), or FPS regional offices to obtain readable fingerprints on the fingerprint cards. In certain locations, FPS may have an electronic fingerprint-scanning machine, which the Contractor is encouraged to use for fingerprinting contractor employees. Upon receipt of the completed, legible forms, FPS will submit the fingerprints for review by the FBI. FPS will use the information provided by the Contractor and the FBI to make a determination regarding the security guard’s suitability to work under an FPS contract. If the forms are complete and legible, the entire evaluation process will take from one (1) week to several months, depending on current processing times. For planning purposes, the Contractor should always assume that the standard processing time is one (1) month and should plan paperwork submissions accordingly.

D. Illegible or incomplete forms submitted by the Contractor will be returned and will result in delays in the adjudication process. Therefore, the Contractor must ensure that all forms submitted to FPS are complete, legible, and accurate. FPS shall not be responsible for any delays that occur due to the Contractor’s failure to submit complete, accurate, and legible forms to FPS.

E. All federal agencies are required to implement Homeland Security Presidential Directive 12 (HSPD-12) and must follow the minimum background investigation requirements of National Agency Check with Written Inquiries (NACI) or other suitability or national security investigation prior to credential issuance.

F. If FPS finds a contractor employee to be unsuitable to work as a result of the suitability investigation under the BPA, the Contractor shall be advised immediately that such employee cannot work or be assigned to work under the BPA, and the Contractor shall in turn immediately remove the affected employee from the BPA. The security guard or the Contractor may appeal the suitability determination to the CO. However, in such cases the Contractor shall proceed with the hiring process at their own risk until the final determination of the security guard’s suitability has been accomplished. **Under no circumstances shall a contractor employee who has received a notice of unfavorable (unsuitable) adjudication work under this or any FPS security guard service contract. This requirement also**
applies to contractor employees whose unfavorable adjudication is pending appeal. Disqualifying information includes but is not limited to the following:

1. Conviction of a felony, a crime of violence, or a serious misdemeanor;

2. Possessing a record of arrests for continuing offenses;

3. Falsification of information entered on suitability background investigation forms.

G. Once a favorable adjudication has been made by FPS, the security guard is suitable to work under the BPA for five (5) years (if nothing occurs within the 5-year period that would render the security guard unsuitable for continuing performance under the BPA). The Contractor shall immediately notify the COTR and the CO in writing of any circumstances that arise which could possibly affect any contractor employee’s suitability status (e.g., arrests, convictions, and/or termination of employment by the Contractor for cause, such as misconduct or neglect of duty). The Contractor is responsible for renewing the security guard’s suitability clearance prior to its expiration. Any security guard who continues to work under the BPA after his/her suitability clearance has expired shall be removed from the BPA until a new favorable suitability determination is made. The Contractor should make every effort to submit a new suitability package to FPS at least 30 days prior to the current suitability expiration date (refer to paragraph B above for forms requirements).

1. Any investigation conducted by or for another federal agency on a contractor that is of the same or higher type and scope as the one required for the position is sufficient to meet the investigation requirements provided it was conducted within the past five years.

2. Any investigation conducted by or for another federal agency on a contractor whose scope is less than that required for the position can be upgraded as provided for by OPM to meet the investigation requirements of the position if it was conducted within the past five years.

H. For employees cleared through this process while employed under a predecessor contract (providing the same services), the suitability determination made under the previous contract will carry over to the new contract. However, the Contractor will be required to submit new suitability applications once the security guards’ current suitability clearances expire.

1. Contractors who have been investigated and approved by Components prior to the issuance of DHS-MD 11055, “Suitability Screening Requirements for Contractors” to work on unclassified contracts are eligible to remain on the contract even though they may not have the investigation commensurate with the risk level indicated in Appendix 1. Such contractors cannot perform work under a different contract or at a different risk level until the investigative requirements in Appendix 1 are met.
2. Lawful Permanent Residents who have been investigated and approved by Components prior to the issuance of this MD to work on unclassified contracts may remain in the present position. However, they are not eligible (1) to transfer between contracts; (2) for an upgrade to another position; or (3) to remain on a contract after a re-compete and award.

I. FPS shall have and exercise full and complete control over granting, denying, withholding, or terminating suitability clearances for employees. FPS may, as it deems appropriate, authorize and grant temporary clearances to employees of the Contractor. However, issuance of a temporary clearance to any such employee shall not be considered as assurance that full clearance will be granted as a result or condition thereof, and the granting of either temporary or full clearance shall in no way prevent, preclude, or bar the later withdrawal or termination of any such clearance by the Government.

20 Security Clearance Requirements

20.1 Background Investigations

A. In addition to meeting the FPS background suitability, additional security clearances may be required by the BPA and call(s). These clearances will be provided by the Department of Defense Security Service (DSS), the Department of Energy (DOE), the Nuclear Regulatory Commission (NRC), or other agency, as appropriate (refer to Exhibit 1) for further information as to whether this BPA will require such clearances. Where such clearances are required, employees shall be subject to a security investigation by the Government prior to being allowed to work at the site. This requirement may also pertain to officers of the firm, who for any reason may visit the work site(s) during the term of the BPA. Employees may not work at the site until the Contractor receives a DD Form 560 (Letter of Consent), for the individual employee from DSS, or receives a final clearance from DOE, NRC, or other agency.

B. The Government shall notify the Contractor of the required security classification of this BPA and the elements thereof, and of any subsequent revisions in such security classifications, by use of Security Requirements Checklist (DD Form 254), or other written notification.

C. In all areas requiring a DOD, DOE, NRC, or other agency security clearance, the Contractor shall comply with the provisions of the most currently available National Industrial Security Program Operating Manual (NISPOM). This publication may be obtained online at www.dss.mil or from the Superintendent of Documents, U.S. Government Printing Office, Mail Stop SSOP, Washington, DC 20402-9238 (ISBN: 0-16-045560-X). Application forms required for DOD personnel security clearances shall be obtained from Defense Security Service (DSS) at www.dss.mil; for DOE clearances at www.doe.gov; and for NRC at www.nrc.gov. Each designated employee must complete all applicable forms. The Contractor shall notify the COTR in writing within five calendar days of receipt of
authorization for employees to be assigned to classified areas. (Exhibit 6A, Security Clearance Requirements).

D. The Government will provide the Contractor with the appropriate personnel security questionnaire and fingerprint forms that are to be completed for each BPA security guard employee performing under this BPA, as well as the firm employees, who may, in the performance of this BPA, visit the work site.

E. Contractor employees (to include applicants, temporaries, part-time and replacement employees) under the BPA needing access to sensitive information shall undergo a position sensitivity analysis based on the duties each individual will perform on the BPA. The results of the position sensitivity analysis shall identify the appropriate background investigation to be conducted. All background investigations will be processed through the Security Office. Prospective Contractor employees shall submit the following completed forms to the Security Office, through the COTR, no less than 30 days before the starting date of the BPA or 30 days prior to entry on duty of any employees, whether a replacement, addition, subcontractor employee, or vendor.

F. The Contractor is responsible for all costs associated with obtaining and renewing the applicable security clearances for each affected contractor employee. The costs should be factored into the offering prices, as they will not be itemized or paid for separately by the Government.

NOTE: The Contractor is advised to only submit security packages on suitable prospective employees whose integrity, credit, and character will meet the security suitability requirements of DHS. DHS will likely consider as being unsuitable prospective employees who fail to truthfully represent their credit history; who make no attempt to pay debts; and whose character could be questionable because of serious arrests, illegal drug use, or abuse of alcohol.

IMPORTANT NOTE: Be advised that unless an applicant/employee has resided in the U.S. for three of the past five years, the Government may not be able to complete a satisfactory background investigation. In such cases, DHS retains the right to deem an applicant/employee as ineligible due to insufficient background information.

20.2 Access To Classified Information (Contractor)

A. The Department of Homeland Security (DHS) has determined that the performance of this BPA requires that the Contractor, subcontractor(s), vendor(s), etc., (herein known as Contractor) require(s) access to sensitive DHS information or classified National Security Information (herein known as classified information). Classified information is Government information that requires protection in accordance with Executive Order 12958, Classified National Security Information, and supplementing directives.
B. See exhibit 6C *Security Suitability Requirements* for a determination of which, if any, Contractor facilities and Contractor personnel, including Contract Manager or Supervisor, assigned to this BPA are required to possess up to a TOP SECRET security clearance.

C. If access to classified information is required as identified in Exhibit 6C, the Contractor will abide by the requirements set forth in the DD Form 254, Contract Security Classification Specification, and the National Industrial Security Program Operating Manual (NISPOM) for the protection of classified information at its cleared facility, if applicable, as directed by the Defense Security Service. If the Contractor has access to classified information at a DHS or other Government facility, it will abide by the requirements set by that agency. If these procedures are not properly followed by the Contractor, it will result in deductions from monthly invoices.

D. The Contractor and all applicable personnel shall be cleared pursuant to the Defense Industrial Security Regulations, or other applicable regulations. The Contractor shall hold as a minimum, interim facility clearance requirements subsequent to the official award date, and/or at least thirty- (30) days prior to the BPA start-up date.

E. If access to classified information is required as identified in Exhibit 6C, the Contractor must possess a TOP SECRET facility clearance consistent with the NISPOM prior to BPA award. If an unclear firm is selected, DHS will sponsor the firm for the facility clearance. If the facility clearance is not issued within 180 days, DHS may terminate the BPA for the convenience of the Government.

20.3 *Continued Eligibility*

A. If a prospective employee is found to be ineligible for access to Government facilities or information, the COTR will advise the Contractor that the employee shall not continue to work or to be assigned to work under the BPA.

B. The FPS Regional Adjudications Office may require drug screening for probable cause at any time and/or when the Contractor independently identifies circumstances where probable cause exists.

C. DHS reserves the right and prerogative to deny and/or restrict the facility and information access of any Contractor employee whose actions are in conflict with the standards of conduct, 5 CFR 2635 and 5 CFR 3801, or whom DHS determines to present a risk of compromising sensitive Government information to which he or she would have access under this BPA.

D. The Contractor will immediately report any adverse information coming to their attention concerning contractor employees under the BPA to the COTR. Reports based on rumor or innuendo should not be made. The subsequent termination of employment of an employee does not obviate the requirement to submit this report. The report shall include the
employees' name and social security number, along with the adverse information being reported.

E. The Contractor must notify the Security Office of all terminations/resignations within five days of occurrence. The Contractor will return any expired DHS/FPS issued identification cards and building passes, or those of terminated employees to the COTR. When a controlled personnel identification system is used by a tenant agency at a site at which the contractor employee is assigned for duty, and the tenant agency provided the contractor employee with the necessary Government identification, the Contractor shall ensure that all Government identifications are returned to the issuing agency when employees are terminated or resign, or upon expiration of the BPA, whichever comes first. If an identification card or building pass is not available to be returned, a report must be submitted to the COTR, referencing the pass or card number, name of individual to whom issued, the last known location and disposition of the pass card.

21 Personal Appearance and Grooming Standards

Security Guards shall be in uniform and maintain a neat, clean, and business-like appearance and comply with dress standards while on duty. Failure to meet the requirements of appearance and wearing of the uniform as noted herein is considered as being "out of uniform". Security guards who are out of uniform are not meeting the requirements of this BPA and are not qualified to meet post requirements. The COTR may consider a post as being unfilled if occupied by a security guard who is out of uniform.

A. The personal appearance and grooming standards required by this BPA are listed below:

All security guards shall wear clean, properly fitted uniforms when on duty. The uniforms are to be free from defects and worn or frayed fabric.

1. Only conservative prescription eyeglasses may be worn with the uniform. Sunglasses or eyeglasses that are faddish in style or color (e.g. bright, iridescent or fluorescent orange, yellow, red, etc.) or have lenses or frames with initials or other adornments shall not be worn. Mirrored or opaque sunglasses may not be worn. Frame holders which are navy blue or black in color and otherwise unadorned may be worn. Sunglasses or darkly tinted glasses shall not be worn inside the building unless determined as medically necessary by a licensed medical physician.

2. Security guards shall not wear jewelry such as earrings, bracelets, chains, religious insignia, buttons, or pendants. Security guards may wear one ring or ring set on the third finger of each hand, a modest necklace that is completely concealed beneath the uniform shirt, and a watch on either wrist.
3. Only authorized logos and accessories shall be worn on or with the security guard uniform. At no time shall a contractor employee display, or cause to be displayed, any contractor insignia or logo while on duty without written approval of the COTR.

4. Long sleeve shirts shall be worn with the cuffs fully extended and buttoned. Short sleeve shirts shall be worn with one button open at the collar and sleeves fully extended.

5. Hosiery shall be navy blue or black. Bare ankles and patterned stockings or socks shall not be permitted.

6. Undershirts shall be white or neutral and worn in such a manner so as to be concealed from view. No lettering or design shall be visible through the uniform shirt.

7. If a mustache is worn, it shall be kept neat and trimmed evenly so that no portion extends more than one-half (1/2) inch below or beyond the line of the individual’s upper lip.

8. The face shall be kept clean-shaven. The temporary wearing of beards may be authorized by the COTR if prescribed by a board-certified medical doctor for pseudofolliculitis barbae. In such cases, the beard shall be neatly trimmed to a length not to exceed one-quarter (1/4) inch. Medical certification for shaving waivers shall be resubmitted every 120 days.

9. Hair and/or wigs, for females, must be a natural hair color and kept clean, neat and styled to present a managed appearance. Hair shall be arranged so that it does not extend more than 2 and 1/2 inches below the bottom of the collar. Bouffant and modified bush styles are acceptable if they allow for proper wearing of headgear. Plaited or braided hair shall be permitted only if worn under headgear. No decorations shall be worn in the hair and items used to hold the hair in place shall be concealed as much as possible and shall be of a color and style that blend with the hair.

10. Hairpieces for males must be a natural hair color, neatly groomed and shall not fall over the eyes or exceed the top of the collar. It shall be kept clean and the length and/or bulk of the hair shall not be excessive or present a ragged, unkempt or extreme appearance. Also, the bulk or length of the hair shall not interfere with the wearing of headgear and no decorations shall be worn in the hair.

11. For males, hair length must not exceed the top of a shirt collar. Females may wear their hair in an "up" style so as not to interfere with the wearing of the uniform or use of equipment. The Contractor is responsible for ensuring that security guards maintain a neat appearance in accordance with generally accepted standards of the community.

12. Sideburns shall not be conspicuous and shall be neatly trimmed at all times. Sideburns shall not extend below the bottom of the ear, and must be constant in width (not flared), and with a horizontal clean-shaven end.
13. Fingernails shall be free of dirt and trimmed to not extend further than 1/8 of one inch beyond the tip of the finger. Fingernail polish may be used if the color is neutral.

22 **Contractor Employee Reinstatements**

A. When the Government takes action that may impact upon the suitability or work fitness status of a contractor employee, the Contractor may appeal the decision to the CO.

B. If the CO makes the initial decision, a senior manager within the FPS Regional Office or headquarters Security and Law Enforcement Division will review the appeal. The appeal decision will be provided to the Contractor in writing with a brief explanation of the decision to uphold or reverse the CO’s decision.

C. Every effort will be made by the Government to expedite processing of the appeal. In most cases the appeal will be decided within two (2) to four (4) weeks, depending on the complexity of the case.

D. While the appeal is being considered, the Contractor **shall not** permit the employee to work under this BPA.

23 **Contractor’s Personnel Filing System**

A. To minimize duplication of effort by the FPS and the Contractor, the Contractor shall maintain personnel files on-site for all employees who work under this BPA. Files shall be maintained at either the Contract Manager’s on-site office or the Contractor’s regional corporate office. Each guard’s file **must** contain the following information:

1. Application for employment, including DHS 176, FD 258, resume or detailed prior work history and references;

2. Results of all criminal history checks obtained by the Contractor;

3. U.S. Citizenship and Immigration Services Form I-9 Employment Eligibility Verification (OMB No. 1115-0136);

4. A copy of DHS 11000-6 Non-Disclosure Agreement,

5. A copy of high school diploma, GED certificate, college transcripts, military records, or POST training completion;

6. Records of all basic and refresher training attendance and, where required, test scores;

7. Records of all firearms training and qualification scores, where required by the BPA;
8. Records of all successfully completed Government-provided training;

9. A copy of most recent CPR, First Aid, and AED certification card;

10. A copy of most recent Medical Evaluation (SF 78);

11. Results of all drug screenings administered (both pre- and post- employment);

16. A copy of all commendations, awards, letters, and other documents given to the employee as a result of work performed under this BPA; and

17. A copy of any National Security Information clearance issued, where required by this BPA (i.e., Secret/Top Secret).

B. The Contractor’s filing system shall be consistently applied and maintained. Required documents shall be placed under the same Section/tabs in every contractor employee’s file.

C. The CO, or COTR shall have the express authority to review any contractor employee’s file at any time during the course of the BPA. The Contractor shall maintain all personnel files for a minimum of five (5) years after BPA closeout (upon receipt of release of claims).

D. The CO or COTR can request, at any time during the course of the BPA, a spreadsheet or other tracking system (either in paper form or in electronic form) that clearly details the status of all contractor employees pertaining to BPA requirements.

WEB Contract Guard Employment Requirements Tracking System (CERT)

1. The CERT’s excel spreadsheet is used by FPS personnel to input security officer information into a national database (CERTS). It is imperative that the information is correct and current.

2. The FPS CERT Excel Spreadsheet will be provided to the Contractor after award and shall be used by the Contractor to document the fact that their personnel are certified as outlined in the contract. The dates listed on the CERTs Excel Spreadsheet must match the paperwork in the Contractor employee’s security officer training folder.
3. The CERT’s excel spreadsheet shall be updated monthly by the Contractor and forwarded to the local FPS representative/COTR via email.

E. The Contractor may maintain either a hard-copy (paper) file or a computerized system containing all the information required above. However, if the Contractor uses a computerized filing system, all forms must be scanned into the computer and must be legible.

F. False statements, certification, or falsification of any documents required in this contract (BPA) by the Contractor, Contract Manager, or any contractor employee shall be punishable under US Code Title 18, Chapter 47, Section 1001, Fraud and False Statements. Additionally, the Government may initiate investigations by its Office of Inspector General or the regional FPS Criminal Investigations Branch, may initiate debarment proceedings, and/or may take Contractual remedies, up to and including termination for default. Under no circumstances whatsoever will the Government tolerate falsification of required documents.

24 Transition of Guard Services

A. A smooth and orderly transition between the Contractor and the predecessor Contractor is necessary to assure minimum disruption to vital Contractor services and Government activities.

B. The Contractor shall not disrupt official Government business or in any way interfere with the assigned duties of the predecessor Contractor’s employees. The Contractor may notify the predecessor Contractor’s employees that the Contractor will be assuming services upon the BPA start date and may distribute business cards, employment applications, brochures, and other company information to the predecessor Contractor’s employees while they are on duty, provided that there is no interference with the contractor employee’s assigned duties (e.g., during “off hours” or during relief or lunch breaks). However, the Contractor may not interview, recruit, schedule interviews, or conduct extensive discussions with the predecessor Contractor’s employees while they are on duty.

C. The Government will provide the Contractor with the names, social security numbers, and anniversary dates of all employees working under the predecessor Contract as soon as is feasible after BPA award. The Service Contract Act does not require the predecessor Contractor to provide this information earlier than 10 days prior to the predecessor Contract ending date; however, the Government will request cooperation by the predecessor Contractor to provide this information 10 days prior to start of performance.

D. The Contractor shall provide a Transition Management Plan within five (5) working days after award of the BPA that should include details of the following elements:
1. A strategy for implementing supervisory functions,

2. The process for transitioning predecessor employees,

3. Equipment inventory and maintenance plan,

4. Weapons security and maintenance plan,

5. Ammunition management plan,

6. A plan for establishing a reserve force and the current status of staffing levels,

7. A progress report on obtaining permits, licenses, and registrations,

8. A status report on submitting applications for personnel clearances,

9. A strategy for training including schedules, locations, coordinating with FPS monitors, and class staffing levels.

24.1 Phase-Out of Services and Continuity of Services

A. The Contractor must recognize that services under this BPA are vital to the Government and must be continued without interruption. Upon BPA expiration, a successor Contractor may continue such services. The Contractor shall exercise its best efforts and cooperation to effect an orderly and efficient transition to a successor. The Government will request and the contractor shall provide the names, social security numbers, and anniversary dates of all employees when a new solicitation for follow-on services is developed.

B. After a new BPA is awarded, the Contractor shall disclose necessary personnel records sufficient to allow the successor Contractor to conduct interviews for possible transition (if the Contractor is not awarded the successor contract/BPA). If selected employees are agreeable to the change, the incumbent Contractor shall grant release at a mutually agreed date.

C. The extent to which the Contractor cooperates with the Government and the successor Contractor during the contract/BPA transition will be noted in the Contractor’s final performance evaluation and will be part of the final performance rating.

D. As part of the closeout process, the prior Contractor shall turn over to the successor Contractor all training, medical, suitability, and security records of officers from the prior Contractor who will work for the successor Contractor, within 30 days of the final day of performance. Failure to do so shall result in FPS withholding 10% of the final payment until this action is accomplished.
25 Performance Evaluations

A. The CO and/or COTR shall meet with the Contractor (either in person or via teleconference) on a regular basis and prior to all performance evaluations to discuss the results of the Government’s quality control findings and the overall performance of the contract/BPA by the Contractor. The intention of these meetings is to establish a “meeting of the minds” between the Government and the Contractor, and to ensure the effective performance of the Contractor. Whenever possible, the Government shall give the Contractor the opportunity to correct any identified problems/deficiencies prior to a written performance evaluation being given, in order to demonstrate the Government’s good faith and paramount intention to obtain successful performance by the Contractor.

B. The Government shall formally evaluate, in writing, the Contractor’s performance at least once per year. The Contractor shall be permitted to respond, in writing, to the findings of the performance evaluation. Both the performance evaluation and the Contractor’s response shall be filed in the contract/BPA file. Where the Contractor fails to respond in writing to a performance evaluation, the CO shall assume the Contractor’s complete concurrence with the findings of the performance evaluation.

C. The Government shall have the express authority to share the findings (either general or specific) of the performance evaluation reports with any other Federal agency, non-profit agency, or business concern who seeks information on the Contractor’s performance, in any manner (electronic, verbally, or in writing) it deems appropriate.

D. The Government shall use the performance evaluations as a factor to determine whether to award any additional ordering periods and/or as a factor to determine whether to award any future contract(s) to the Contractor.

The magazine must fall free (unloaded) when the magazine catch is activated. The double action trigger pull must not weigh more than 11 pounds and not less than 9 pounds. The single action trigger pull must not weigh more than 6 pounds and not less than 3.5 pounds.

The sights must be drift adjustable and be luminous night sights, one (1) dot on the front sight, and two (2) dots on the rear sight, which appear as three (3) illuminated dots when the weapon is held at arm’s length. The illuminated dots must not be visible when viewed from the muzzle end of the pistol. The color of the illuminated dots must be green. The illumination materials for the night sight must comply with Nuclear Regulatory Commission standards.

Department of Homeland Security
Management Directive System
MD Number: 11055
Interim Guidance

SUITABILITY SCREENING
REQUIREMENTS FOR CONTRACTORS

I. Purpose

This Management Directive (MD) establishes the interim policy and procedures for determining a person's suitability to work or provide services as a contractor to the Department of Homeland Security.

II. Scope

This MD applies to DHS Headquarters and all DHS Components. The provisions of this MD define the suitability-screening standards for contractor personnel (at any tier) requiring unescorted ("staff-like") access to DHS-owned facilities, DHS-controlled facilities, or commercial facilities operating on behalf of DHS; access to DHS's information technology (IT) systems and the systems' data; or access to Sensitive Information (as defined herein). This directive defines the minimum standards, but does not prohibit any Component from exceeding the requirements.

III. Authorities and References

IV. Definitions
A. **Allied Nations:** Those countries allied with the United States in a current defense effort. This list is maintained by the Department of State. For an authoritative list of allied countries, components should contact the Office of the Assistant Legal Adviser for Treaty Affairs, U.S. Department of State.

B. **Background Investigation (BI):** Consists of a National Agency Check (NAC), personal interviews with the individual and other sources, credit checks, law enforcement agency checks, residences checks, and employment checks.

C. **Components:** As defined in DHS Management Directive 0010.2, all the entities that directly report to the Office of the Secretary, which includes the Secretary, Counselors and his or her staff, Deputy Secretary and his or her staff, and the Chief of Staff and his or her staff.

D. **Contract:** as defined in the Federal Acquisitions Regulations, a contract is a mutually binding legal relationship obligating the seller to furnish the supplies or services (including construction) and the buyer to pay for them. It includes all types of commitments that obligate the Government to an expenditure of appropriated funds and that, except as otherwise authorized, are in writing. In addition to bilateral instruments, contracts include (but are not limited to) awards and notices of awards; job orders or task letters issued under basic ordering agreements; letter contracts; orders, such as purchase orders, under which the contract becomes effective by written acceptance or performance; and bilateral contract modifications. Contracts do not include grants and cooperative agreements covered by 31 U.S.C. 6301, *et seq.*

E. **Contractor:** An agent or employee of an entity that provides supplies or services to DHS pursuant to a contract (as defined herein).

F. **DHS Facility:** DHS-owned buildings or leased space, whether for single or multi-tenant occupancy, and its grounds and approaches, all or any portion of which is under the jurisdiction, custody or control of the Department; DHS-controlled commercial space shared with non-government tenants; DHS-owned contractor-operated facilities; and Facilities under a management and operating contract such as for the operation, maintenance, or support of a Government-owned or-controlled research, development, special production, or testing establishment.

G. **Information Technology (IT):** As defined by 40 U.S.C. § 11101(6) ("Clinger-Cohen Act"), any equipment or interconnected system or subsystem of equipment, used in the automatic acquisition, storage, analysis, evaluation, manipulation, management, movement, control, display, switching, interchange, transmission, or reception of data or information by DHS. This definition applies if the equipment is used by DHS directly or is used by a contractor under a contract with DHS that requires the use of that equipment; or of that equipment to a significant extent in the performance of a service or
the furnishing of a product. The definition includes computers, ancillary equipment (including imaging peripherals, input, output, and storage devices necessary for security and surveillance), peripheral equipment designed to be controlled by the central processing unit of a computer, software, firmware and similar procedures, services (including support services), and related resources. The definition does not include any equipment acquired by a federal contractor incidental to a federal contract.

H. **IT Systems**: Information technology systems that are (1) owned, leased, or operated by a Component; (2) operated by a contractor on behalf of DHS; or (3) operated by another Federal, state, or local government agency on behalf of DHS.

I. **Lawful Permanent Resident**: Any person not a citizen of the United States who is residing in the U.S. under legally recognized and lawfully recorded permanent residence as an immigrant. Also known as "Permanent Resident Alien," "Resident Alien Permit Holder," or "Green Card Holder."

J. **Limited Background Investigation (LBI)**: Consists of a National Agency Check (NAC), personal interview with the individual, education checks, credit checks, law enforcement agency checks, residence checks and employment checks consisting of personal interviews and/or records reviews.

K. **Minimum Background Investigation (MBI)**: Consists of a National Agency Check (NAC), personal interview with the individual, reference checks, credit checks, law enforcement agency checks, residence checks, and employment checks. Other than the personal interview, there are no source interviews conducted during this investigation.

L. **National Agency Check (NAC)**: Consists of records searches in the Office of Personnel Management (OPM) Security/Suitability Investigations Index; FBI Identification Division/Headquarters investigation files; FBI National Criminal History Fingerprint File; Defense Clearance and Investigations Index; and other sources, as necessary, to cover specific areas of a subject's background.

M. **National Agency Check and Credit**: Consists of a National Agency Check and credit checks.

N. **National Agency Check with Inquiries (NACI)**: Consists of a NAC, employment checks, education checks, law enforcement agency checks, and personal reference checks. Pursuant to the requirements of Homeland Security Presidential Directive 12, a NACI must be initiated and a favorable fingerprint check completed prior to the issuance of a DHS Personal Identity Verification (PIV) Card.
O. **Sensitive Information**: Information, the loss, misuse, disclosure, or unauthorized access to or modification of which could adversely affect the national or homeland security interest, or the conduct of Federal programs, or the privacy to which individuals are entitled under section 552a of Title 5, United States Code (the Privacy Act), but which has not been specifically authorized under criteria by an Executive Order or an Act of Congress to be kept secret in the interests of national defense, homeland security or foreign policy. This definition includes the following categories of information:

1. Protected Critical Infrastructure Information (PCII) as described in the Critical Infrastructure Information Act of 2002, 6 U.S.C. section 211-224; its implementing regulations, 6 C.F.R. Part 29; or the applicable PCII Procedures Manual; or

2. Sensitive Security Information (SSI), as described in 49 C.F.R. Part 1520; or

3. Sensitive but Unclassified Information (SBU), which consists of any other information which:
   
a. If provided by the government to the contractor, is marked in such a way to place a reasonable person on notice of its sensitive nature;

   b. Is designated "sensitive" in accordance with subsequently adopted homeland security information handling requirements.

P. **Suitability**. Identifiable character traits and past conduct which are sufficient to determine whether or not a given individual is likely to carry out the duties of a job with appropriate integrity. Suitability-screening standards and determinations are distinct from security clearance standards and determinations, which address whether an individual is eligible for access to classified information.

Q. **Suitability screening**. The process of determining a person’s suitability for employment to work or provide services as a contractor to DHS.

V. **Responsibilities**

A. The **Chief of Personnel Security Division, Office of Security**, under the direction of the Chief Security Officer (CSO), has responsibility for the oversight of DHS Contractor Suitability Screening Program, including the issuance and implementation of policies and procedures.

B. The **Personnel Security Office** of each DHS Component is responsible for:
1. Implementing the minimum standards required by this MD;

2. Working with component acquisition and program offices to develop specific procedures for incorporating contractor suitability screening requirements into the procurement and contract oversight process;

3. Documenting the process by which a risk-level assessment is made;

4. Conducting, adjudicating, and tracking suitability-screening investigations.

C. **The Acquisition/Program Office** of each DHS Component is responsible for:

   1. Working with the component security office to establish risk levels for positions;

   2. Notifying the security office if the contractor's status changes in any way.

   3. Notifying the contracting entity of the results of the suitability screening for individual contractors.

D. The **Chief Procurement Officer** is responsible for ensuring that DHS contracting offices implement this MD.

E. The **Chief Information Officer** is responsible for ensuring that all IT systems acquisition documents, including existing contracts, include appropriate IT security requirements and comply with DHS IT security policies.

VI. Policy & Procedures

A. **General**

1. To ensure the protection of DHS facilities, sensitive information, and resources, contractors must undergo screening to determine their suitability to work under contract with DHS. DHS reserves the right to restrict access to DHS facilities, sensitive information, or resources by any contractor. DHS does not control whom a contracting company may employ.

2. A determination of a contractor's fitness for access to DHS facilities, sensitive information, or resources is known as a suitability determination and is made by DHS personnel security specialists. Suitability determinations are different from security clearance.
determinations (i.e., the determination of whether an individual should be eligible for access to classified information).

3. DHS will afford fair, impartial, and equitable treatment to all contractors through the consistent application of suitability standards, criteria, and procedures as specified in applicable laws, regulations, and orders.

B. **Risk Assessment**

1. Contractors having access to DHS facilities, IT systems, or Sensitive Information will receive an appropriate suitability screening, based on the risk level of their positions.

2. The DHS program official and security office within each Component with sufficient authority, responsibility, and knowledge of the acquisition is responsible for determining the risk level for each contractor position. The risk level must be based on an overall assessment of the damage that an untrustworthy contractor could cause to the efficiency or the integrity of DHS’s operations. When determining risk levels, program officials may compare the contractor’s duties, responsibilities, and access with those of DHS employees in similar positions.

3. The following criteria shall be used to determine the risk levels for each position occupied by a contractor:
   
   a. **High Risk**: High Risk positions have the potential for exceptionally serious impact on the integrity and efficiency of the service. These positions involve duties that are especially critical to the agency or the program mission with a broad scope of responsibility and authority.
   
   b. **Moderate Risk**: Moderate Risk positions have the potential for moderate to serious impact on the integrity and efficiency of the service. These positions involve duties that are considerably important to the agency or program mission with significant program responsibility or delivery of service.
   
   c. **Low Risk**: Low Risk positions have the potential for limited impact on the integrity and efficiency of the service. These positions involve duties and responsibilities of limited relation to the agency or program mission.

4. Appendix 1 outlines the security forms, background investigations, and waiver checks required for DHS contractors at each risk level.
C. **Adjudicative Criteria**: Contractor suitability determinations are to be made in accordance with the following criteria:

1. Specific factors. When making a suitability determination, the following may be considered a basis for finding an individual unsuitable:
   a. Misconduct or negligence in employment;
   b. Criminal or dishonest conduct;
   c. Material, intentional false statement or deception or fraud in examination or appointment;
   d. Refusal to furnish testimony;
   e. Alcohol abuse of a nature and duration which suggests that the applicant or appointee would be prevented from performing the duties of the position in question, or would constitute a direct threat to the property or safety of others;
   f. Illegal use of narcotics, drugs, or other controlled substances, without evidence of substantial rehabilitation;
   g. Knowing and willful engagement in acts or activities designed to overthrow the U.S. Government by force;
   h. Any statutory or regulatory bar which prevents the lawful employment of the person involved in the position in question.

2. Additional considerations. In making a suitability determination, components shall consider the following additional considerations to the extent they deem them pertinent to the individual case:
   a. The nature of the position for which the person is applying or in which the person is employed;
   b. The nature and seriousness of the conduct;
   c. The circumstances surrounding the conduct;
   d. The recentness of the conduct;
   e. The age of the person involved at the time of the conduct;
   f. Contributing societal conditions;
   g. The absence or presence of rehabilitation or efforts toward rehabilitation.

3. A contractor's eligibility may be cancelled or a contractor may be denied employment or be removed when the suitability determination finds that the contractor is unsuitable for the reason(s) cited above.

D. **Entry on Duty Determinations**: Subject to the below requirements, components may implement procedures for making entry-on-duty (EOD) determinations. A favorable EOD determination allows the contractor to commence work before the required background investigation is completed. The EOD determination does not substitute for the required background investigation. In addition, if a contractor for a High Risk IT position (for
example, system administrator, programmer, hardware technician, or firewall manager) receives a favorable EOD determination, the contractor may only perform duties equivalent to Moderate Risk positions until the required background investigation is completed.

E. Citizenship & Residency Requirements:

1. Only U.S. citizens are eligible for employment on contracts requiring accessing DHS IT systems or involvement in the development, operation, management, or maintenance of DHS IT systems, unless a waiver is granted in accordance with paragraph M.1. Lawful Permanent Residents are not U.S. citizens.

2. Only U.S. citizens and Lawful Permanent Residents are eligible for employment on contracts requiring access to sensitive information, unless a waiver is granted in accordance with paragraph M.2.

3. For contractor employees who have resided outside of the United States for more than two of the last five years preceding DHS employment, U.S. citizen sources must verify his/her reportable activities (for example, places of residence, educational institutions attended, etc.) outside the United States within this five-year period. Sufficient information must be available to permit such an investigation to be conducted to the same standard as would be required if the contractor employee resided within the United States. Otherwise, the contractor employee will be ineligible to work on the contract. Exceptions to the residency requirement include if the contractor employee works or worked for the United States overseas in a Federal or Military capacity or if the contractor employee is or was a dependent of a Federal or Military employee serving overseas.

F. Retroactive Effect:

1. Contractors who have been investigated and approved by Components prior to the issuance of this MD are eligible to remain on the existing contract, to include the exercise of options, even though they may not have had an investigation commensurate with the risk level indicated in Appendix 1. The required investigation must be scheduled not later than one year after the issuance of this MD. Such contractors cannot perform work under a different contract or at a different risk level when performing under the same contract until the investigative requirements in Appendix 1 are met. After a re-compete and award on same contract, contractors must meet the required background investigation standards in Appendix 1.

2. Contractors currently working on a DHS contract who have not
been investigated prior to the issuance of this MD must meet the investigative standard in Appendix 1. The required background investigation on these individuals must be scheduled not later than six months after issuance of this MD. Contractor employees may continue to work while the investigation is in process.

3. Lawful Permanent Residents who have been investigated and approved by Components prior to the issuance of this MD to work on unclassified contracts that involve access to or assisting in the development, operation, management or maintenance of DHS IT systems may remain in the present position. However, they are not eligible to (1) transfer between contracts; (2) transfer to another position at a higher risk level; or (3) remain on a contract after a re-compete and award unless a waiver is granted in accordance with paragraph M.2.

G. **Reinvestigations:** Contractors in High Risk positions will be reinvestigated every five years or more frequently as circumstances warrant. Contractors in Moderate or Low Risk positions are not required to be reinvestigated unless specific derogatory information is received that would warrant reinvestigation.

H. **Fingerprinting of Contractors:**

1. Fingerprints are required for all investigations. Fingerprints can be taken by DHS security personnel; Federal, state, or local law enforcement personnel; or the contracting entity’s security staff.

2. The Fingerprint Card (FD-258) will be used and requires the signature of the person fingerprinted and the signature of the person who took the fingerprints. Component security office personnel will review all FD-258s to ensure that this requirement is met and that the signature on the FD-258 of the person being fingerprinted matches the signature on the “Questionnaire for Public Trust Positions” (Standard Form 85P).

3. Personnel who take fingerprints will obtain a government-issued identification from the person fingerprinted and confirm the person's identity by comparing it to the information on the FD-258.

I. **Safeguarding Requirements:** Component personnel security offices will store background investigations in a combination-locked cabinet or safe or equally secure area. B. Clauses Incorporated in Full Text

Option to Extend Services (NOV 1999) 52.217-8
The Government may require continued performance of any services within the limits and at the rates specified in the contract. These rates may be adjusted only as a result of revisions to prevailing labor rates provided by the Secretary of Labor. The option provision may be exercised more than once, but the total extension of performance hereunder shall not exceed 6 months. The Contracting Officer may exercise the option by written notice to the Contractor within 30 calendar days before the contract expires.

Availability of Funds for the Next Fiscal Year. (APR 1984) 52.232-19
Funds are not presently available for performance under this contract beyond beyond September 30, 2007. The Government's obligation for performance of this contract beyond that date is contingent upon the availability of appropriated funds from which payment for contract purposes can be made. No legal liability on the part of the Government for any payment may arise for performance under this contract beyond September 30, 2007, until funds are made available to the Contracting Officer for performance and until the Contractor receives notice of availability, to be confirmed in writing by the Contracting Officer.

(End of clause)
Stop-Work Order. (AUG 1989) 52.242-15

(a) The Contracting Officer may, at any time, by written order to the Contractor, require the Contractor to stop all, or any part, of the work called for by this contract for a period of 90 days after the order is delivered to the Contractor, and for any further period to which the parties may agree. The order shall be specifically identified as a stop-work order issued under this clause. Upon receipt of the order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage. Within a period of 90 days after a stop-work is delivered to the Contractor, or within any extension of that period to which the parties shall have agreed, the Contracting Officer shall either -

(1) Cancel the stop-work order; or

(2) Terminate the work covered by the order as provided in the Default, or the Termination for Convenience of the Government, clause of this contract.

(b) If a stop-work order issued under this clause is canceled or the period of the order or any extension thereof expires, the Contractor shall resume work. The Contracting Officer shall make an equitable adjustment in the delivery schedule or contract price, or both, and the contract shall be modified, in writing, accordingly, if -

(1) The stop-work order results in an increase in the time required for, or in the Contractor's cost properly allocable to, the performance of any part of this contract; and

(2) The Contractor asserts its right to the adjustment within 30 days after the end of the period of work stoppage; provided, that, if the Contracting Officer decides the facts justify the action, the Contracting Officer may receive and act upon the claim submitted at any time before final payment under this contract.

(c) If a stop-work order is not canceled and the work covered by the order is terminated for the convenience of the Government, the Contracting Officer shall allow reasonable costs resulting from the stop-work order in arriving at the termination settlement.

(d) If a stop-work order is not canceled and the work covered by the order is terminated for default, the Contracting Officer shall allow, by equitable adjustment or otherwise, reasonable costs resulting from the stop-work order.

(End of clause)

Government Delay of Work. (APR 1984) 52.242-17

(a) If the performance of all or any part of the work of this contract is delayed or interrupted (1) by an act of the Contracting Officer in the administration of this
contract that is not expressly or impliedly authorized by this contract, or (2) by a failure of the Contracting Officer to act within the time specified in this contract, or within a reasonable time if not specified, an adjustment (excluding profit) shall be made for any increase in the cost of performance of this contract caused by the delay or interruption and the contract shall be modified in writing accordingly. Adjustment shall also be made in the delivery or performance dates and any other contractual term or condition affected by the delay or interruption. However, no adjustment shall be made under this clause for any delay or interruption to the extent that performance would have been delayed or interrupted by any other cause, including the fault or negligence of the Contractor, or for which an adjustment is provided or excluded under any other term or condition of this contract.

(b) A claim under this clause shall not be allowed -

(1) For any costs incurred more than 20 days before the Contractor shall have notified the Contracting Officer in writing of the act or failure to act involved; and

(2) Unless the claim, in an amount stated, is asserted in writing as soon as practicable after the termination of the delay or interruption, but not later than the day of final payment under the contract.

(1) Within 30 days after contract award, the contractor shall submit for approval its IT Security Plan, which shall be consistent with and further detail the approach contained in the offeror's proposal. (c) Examples of tasks that require security provisions include--

(1) Acquisition, transmission or analysis of data owned by DHS with significant replacement cost should the contractor's copy be corrupted; and

(2) Access to DHS networks or computers at a level beyond that granted the general public (e.g., such as bypassing a firewall).

(d) At the expiration of the contract, the contractor shall return all sensitive DHS information and IT resources provided to the contractor during the contract, and certify that all non-public DHS information has been purged from any contractor-owned system.

Organizational elements shall conduct reviews to ensure that the security requirements in the contract are implemented and enforced.

(e) Within 6 months after contract award, the contractor shall submit written proof of IT Security accreditation to DHS for approval by the DHS Contracting Officer. Accreditation will proceed according to the criteria of the DHS Sensitive System Policy Publication, 4300A (Version 2.1, July 26, 2004) or any replacement publication, which the Contracting Officer will provide upon request. This accreditation will include a final security plan, risk assessment, security test and evaluation, and disaster recovery plan/continuity of operations plan. This accreditation, when accepted by the Contracting Officer, shall be incorporated into the contract as a compliance document. The contractor shall comply with the approved accreditation documentation.

(c) Contractor employees working on this contract must complete such forms as may be necessary for security or other reasons, including the conduct of background investigations to determine suitability. Completed forms shall be submitted as directed by the Contracting Officer. Upon the Contracting Officer's request, the Contractor's employees shall be fingerprinted, or subject to other investigations as required. All contractor employees requiring recurring access to Government facilities or access to sensitive information or IT resources are required to have a favorably adjudicated background investigation prior to commencing work on this contract unless this requirement is waived under Departmental procedures.

For those contractor employees authorized access to sensitive information, the contractor shall ensure that these persons receive training concerning the protection and disclosure of sensitive information both during and after contract performance.

(C) EFT banking information is not required if the Government waived the 
requirement to pay by EFT.  
(D) Invoices shall separately list amounts due for basic and 
emergency services.

Invoices without the above information may be returned for resubmission.

2. PAYMENTS

A. Payment will be made on a calendar month basis in arrears upon submission 
of an invoice. Payment will be due on the 30th calendar day after receipt of a 
proper invoice or date of receipt of services, whichever is later. In the event the 
Order begins or ends during the month, payments will be prorated based on the 
number of calendar days in the respective month.

B. It is the objective of the Government to obtain complete and satisfactory 
performance in accordance with the terms of specifications and requirements of 
this Order. The criteria for deductions and adjustments below will be used by the 
Government in determining monetary deductions for nonperformance of work 
under this Order and for adjustments for deficiencies in the performance of work.

C. The Contractor is responsible for submitting accurate invoices that reflect the 
actual services provided each month. Where there are variances between the 
requirements cited in the Order(s) and the work actually performed (e.g., 
unmanned posts), the Contractor shall attach a separate sheet to the invoice 
detailing each instance of a variance. The Contractor shall compute the invoice 
price to reflect the actual amount owed. Submission of false invoices shall be
subject to contractual and legal actions.

D. To verify the monthly payment for productive man-hours, the Contracting Officer's Technical Representative may compare the man-hours required in the Order with the approved sign-in/sign-out form. The Government may perform a 100% comparison or sampled comparison to verify the accuracy of the Contractor's invoice. The Government will only pay for services actually rendered by the Contractor. If variances are noted between the invoice and the approved sign-in/sign-out form, the Government will propose a Order deduction. For example, if the Order required that a post be manned for 12 hours, and the Contractor billed for 12 hours, but the sign-in/sign-out form shows that post was manned for 10 hours, the 10 hours will prevail and the Government will deduct the difference.

Any inquiries regarding payment shall be directed to the Contracting Officer.

3. ADJUSTING PAYMENTS FOR CONTRACTOR PERFORMANCE

A. Deductions for Failure to Provide Man-hours

1. To compute man-hour deductions, the Contracting Officer's Technical Representative (COTR) will compare the man-hours reported by the Contractor with the approved sign-in/sign-out form.

2. In the event the Contractor reports more hours than are reflected on the approved Sign-in/Sign-out form, the form will prevail. For example: If the weekly report submitted by the Contractor indicates that an employee worked 8 hours and the sign-in/sign-out form shows that employee as having been in the building 5 hours, the 5 hours will prevail and a deduction will be taken for the 3 hours not furnished. In the event the Contractor, for any reason whatsoever, fails to provide the manpower specified for labor, deductions will be made at the current base hourly rate.

B. Deductions for Exceeding 12-Hour On-Duty Limitation

The Government has the authority to assess deductions from Order payments for all hours where guards exceed the 12-hour on-duty limitation. (See Statement of Work, Paragraph 04.H, Limitations on Man-hours to be Provided by Individual Employees).
