All persons in the custody of ICE are "Administrative Detainees." This term recognizes that ICE detainees are not charged with criminal violations and are only held in custody to ensure their presence throughout the administrative hearing process and to assure their presence for removal from the United States pursuant to a lawful final order by the Immigration Court, the Board of Immigration Appeals or other Federal judicial body.
- B. <u>Responsibilities:</u> This Agreement sets forth the responsibilities of ICE and the Service Provider. If this IGSA contains a population guarantee, ICE will not be liable for any failure to meet the population guarantee if such failure directly results from an occurrence that impairs the ability to use the facility's capacity, and such occurrence arises out of causes beyond the control and without the fault or negligence of ICE. Such causes may include,

but are not limited to, acts of God or the public enemy, fires, floods, freight embargoes, court orders and extraordinarily severe weather. This provision shall become effective only if ICE immediately notifies the Provider of the extent and nature of the occurrence resulting in the failure and takes all reasonable steps to limit any adverse effects required by the occurrence.

#### Article 2. General

- A. <u>Commencement of Services:</u> ICE is under no obligation to utilize the facilities identified herein until the need for detention services has been identified, funding has been identified and made available, and the Facility meets ICE requirements, and is in compliance with ICE 2011 Performance-Based National Detention Standards (PBNDS). Therefore, ICE may perform numerous assessments to ensure compliance prior to presenting detainees for housing.
  - \*Should there be a need for a ramp-up plan, the effective start of the plan is from the date of the first detainee presented for housing.
- B. <u>Funding:</u> The obligation of ICE to make payments to the Service Provider is contingent upon the availability of Federal funds. ICE will neither present detainees to the Service Provider nor direct performance of any other services until ICE has the appropriate funding. Orders will be placed under this Agreement when specific requirements have been identified and funding obligated. Performance under this Agreement is not authorized until the Contracting Officer issues an order in writing. The effective date of the services will be negotiated and specified in this Agreement. The Service Provider shall be prepared to accept detainees immediately upon issuance of task order in accordance with the agreed upon ramp-up plan.
- C. <u>Subcontractors</u>: The Service Provider shall notify and obtain approval from the ICE Contracting Officer if it intends to house ICE detainees in a facility other than the Winn Correctional Center. If either the Facility or any future facility is operated by an entity other than the Service Provider, ICE will treat the entity as a subcontractor to the Service Provider. The Service Provider shall obtain the Contracting Officer's approval before subcontracting the detention and care of detainees to another entity. The Contracting Officer has the right to deny, withhold, or withdraw approval of the proposed subcontractor. Upon approval by the Contracting Officer, the Service Provider shall ensure that any subcontract includes all provisions of this Agreement, and shall provide ICE with copies of all subcontracts. All payments will be made to the Service Provider. ICE will not accept invoices from, or make payments to, a subcontractor. Subcontractors that perform under this agreement are subject to the terms and conditions of this IGSA.
- D. <u>Staffing</u>: The number, type and distribution of staff as described in the contract-staffing plan shall be maintained throughout the term of the contract. Written requests to change the number, type and/or distribution of staff described in the staffing plan must be submitted to the CO, through the COR, for approval prior to implementation. Staffing levels shall not fall below a monthly average of 95% of the approved staffing plan,

notwithstanding the requirement of maintaining monthly minimum staffing levels of 95%.

Each month, the contractor shall submit to the COR the current average monthly vacancy rate, and indicate any individual positions that have been vacant more than 120 days. Failure to fill any individual position within 120 days of the vacancy may result in a deduction from the monthly invoice. ICE may calculate the deduction retroactive to day one of the vacancy, excluding the days for ICE's conditional approval process, starting on the day of receipt and concluding on the day conditional approval is granted.

E. <u>Consistent with Law:</u> This is a firm fixed rate Agreement, not a cost reimbursable Agreement. This Agreement is permitted under applicable statutes, regulations, policies and judicial mandates. Any provision of this Agreement contrary to applicable statutes, regulation, policies or judicial mandates is null and void and shall not necessarily affect the balance of the Agreement.

Such causes may include, but are not limited to, acts of God or the public enemy, fires, floods, freight embargoes, court orders and extraordinarily severe weather. ### P. Tuberculosis Screening

The Service Provider will perform TB screening as part of the routine intake screening, within 12 hours of detainee admission, early detection of any detainee suspected of having TB disease. TB screening will include, at a minimum, TB symptom screening and testing for TB infection and/or disease using any Food and Drug Administration (FDA) approved method. Detainees who have symptoms suggestive of TB disease will be immediately placed in an airborne infection isolation room and promptly evaluated for suspected TB disease. Detainees who are initially tested using a test for TB infection [TB skin test (TST) or interferon gamma release assay (IGRA)] and result with a TST interpretation or IGRA positive for TB infection and no symptoms suggestive of TB disease must be evaluated with a chest radiograph within 5 days after the TST is interpreted or IGRA result is received.

Detainees who are identified with confirmed or suspected active TB (e.g., symptoms suggestive of TB or chest radiograph suggestive of TB) will be placed in a functional airborne infection isolation room and managed in accordance with the PBNDS and all applicable CDC guidelines: <a href="http://www.cdc.gov/tb/publications/guidelines/default.htm">http://www.cdc.gov/tb/publications/guidelines/default.htm</a>.

It is not necessary to house detainees separately from the general population unless there is clinical or radiographic evidence suggestive of TB disease. If chest x-rays are performed on-site, they will be performed by a trained and qualified health care provider and interpreted by a credentialed radiologist. There will be a non-punitive process in place for detainees who refuse the screening assessment for TB.

The Service Provider will notify IHSC and the local health department of all detainees with confirmed or suspected TB disease, including detainees with clinical or radiographic evidence suggestive of TB. Notification shall occur within one working day of identifying a detainee with confirmed or suspected TB disease. Notification to local health departments shall identify the detainee as being in ICE custody and shall include the alien number with other identifying information. For detainees with confirmed or suspected TB disease, the Service Provider will coordinate with IHSC and the local health department prior to release to facilitate release planning and referrals for continuity of care.

The service provider will evaluate detainees annually for symptoms, consistent with TB, within one year of the previously documented TB evaluation. For detainees initially screened with a TST or IGRA with a negative result, annual evaluation will include testing with the same method as previously used. For detainees initially evaluated with a chest radiograph interpreted as not suggestive of TB disease, routine annual chest radiograph is not recommended.

# Q. Radiology Service Provider

If the service provider utilizes tele-radiology for Tuberculosis screening, the requirement should be built into the established bed day rate for this IGSA.

# R. Airborne precautions

In order to prevent the spread of airborne infectious disease or cross contamination of zones within the facility, the HVAC system in the intake screening area will be designed to exhaust to the exterior and prevent air exchange between the intake screening area and any other area within the facility (see CDC guidelines <a href="http://www.cdc.gov/tb/publications/guidelines/Correctional.htm">http://www.cdc.gov/tb/publications/guidelines/Correctional.htm</a>).

#### Other areas of concern:

Language Access – The Service Provider is responsible for providing meaningful access to all programs and services (e.g. medical, intake, classification, sexual assault reporting) for individuals with limited English proficiency. This should be accomplished through professional interpretation and translation or qualified bilingual personnel for necessary communication with residents who do not speak or understand English. Oral interpretation should be provided for residents who are illiterate. Other than in emergencies, and even then only for that period of time before appropriate language services can be procured, residents shall not be used for interpretation or translation services. The Service Provider should utilize commercial phone language interpretive

services to ensure fulfillment of this requirement. Telephones that can be used for this purpose must be available in each classroom.

It is the obligation of the Service Provider that residents with disabilities (e.g. physical, mental, intellectual, developmental) are housed/served in the least restrictive environment and that reasonable modifications be provided to allow individuals with disabilities to have equal opportunity to participate in programs and services. The Service Provider will use auxiliary aids and necessary assistive devices for residents who because of a disability need additional communication support.

All contract personnel must provide documentation regarding the following:

- 1. History of testing for tuberculosis (TB) within the last 12 months:

  - (a) The Contractor shall support the completion of the Privacy Threshold Analysis (PTA) document when it is required. PTAs are triggered by the creation, modification, upgrade, or disposition of an IT system, and must be renewed at least every three years. Upon review of the PTA, the DHS Privacy Office determines whether a Privacy Impact Assessment (PIA) and/or Privacy Act System of Records Notice (SORN), or modifications thereto, are required. The Contractor shall provide adequate support to complete the PIA in a timely manner, and shall ensure that project management plans and schedules include the PTA, PIA, and SORN (to the extent required) as milestones. Additional information on the privacy compliance process at DHS, including PTAs, PIAs, and SORNs, is located on the DHS Privacy Office website (<a href="www.dhs.gov/privacy">www.dhs.gov/privacy</a>) under "Compliance." DHS Privacy Policy Guidance Memorandum 2008-02 sets forth when a PIA will be required at DHS, and the Privacy Impact Assessment Guidance and Template outline the requirements and format for the PIA.
  - (b) If the contract involves an IT system build or substantial development or changes to an IT system that may require privacy documentation, the Contractor shall assign or procure a Privacy Lead, to be listed under "Key Personnel." The Privacy Lead shall be responsible for providing adequate support to DHS to ensure DHS can complete any required PTA, PIA, SORN, or other supporting documentation to support privacy compliance. The Privacy Lead shall work with personnel from the program office, the ICE Privacy Office, the Office of the Chief Information Officer, and the Records Management Branch to ensure that the privacy documentation is kept on schedule, that the answers to questions in the PIA are thorough and complete, and that questions asked by the ICE Privacy Office and other offices are answered in a timely fashion. The Privacy Lead:
    - Must have excellent writing skills, the ability to explain technology clearly for a non-technical audience, and the ability to synthesize information from a

variety of sources.

- Must have excellent verbal communication and organizational skills.
- Must have experience writing PIAs. Ideally the candidate would have experience writing PIAs for DHS.
- Must be knowledgeable about the Privacy Act of 1974 and the E-Government Act of 2002.
- Must be able to work well with others.
- (c) If a Privacy Lead is already in place with the program office and the contract involves IT system builds or substantial changes that may require privacy documentation, the requirement for a separate Private Lead specifically assigned under this contract may be waived provided the Contractor agrees to have the existing Privacy Lead coordinate with and support the ICE Privacy POC to ensure privacy concerns are proactively reviewed and so ICE can complete any required PTA, PIA, SORN, or other supporting documentation to support privacy compliance if required. The Contractor shall work with personnel from the program office, the ICE Office of Information Governance and Privacy, and the Office of the Chief Information Officer to ensure that the privacy documentation is kept on schedule, that the answers to questions in any privacy documents are thorough and complete, that all records management requirements are met, and that questions asked by the ICE Privacy Office and other offices are answered in a timely fashion.

The Service Provider must provide a Quality Control Plan (QCP) that meets the requirements specified in the Performance Requirements Summary (PRS), Attachment 5A to the CO for concurrence prior to award of the IGSA (or as directed by the CO). The CO will notify the Service Provider of concurrence or required modifications to the plan before the Agreement start date. If a modification to the plan is required, the Service Provider must make appropriate modifications and obtain concurrence of the revised plan by the CO before the contract start date.
- B. The Service Provider shall provide an overall QCP that addresses critical operational performance standards for the services required under this contract. The QCP shall ensure that services will be maintained at a uniform and acceptable level. At a minimum, the Service Provider shall periodically review and update the QCP policies and procedures at least on an annual basis. The Service Provider shall audit facility's operations associated with ICE and ICE detainees monthly for compliance with the QCP. The Service Provider shall notify the Government 48 hours in advance of the audit to ensure the COR is available to participate. The Service Provider's QCP shall identify deficiencies, appropriate corrective action(s), and timely implementation plans to the COR.

C. If the Service Provider proposes changes in the QCP after contract award, the Service Provider shall submit them to the COR for review. If the COR concurs with the changes, the COR shall submit the changes to the CO. The CO may modify the contract to include these changes.

# Article 32. Quality Assurance Surveillance Program (QASP)

- A. The Government's Quality Assurance Surveillance Program is based on the premise that the Service Provider, and not the Government, is responsible for management and quality control actions to meet the terms of the Agreement. The Quality Assurance Surveillance Plan (QASP) procedures recognize that unforeseen problems do occur. Good management and use of an adequate Quality Control Plan will allow the facility to operate within acceptable quality levels.
- B. Each phase of the services rendered under this Agreement is subject to inspection both during the Service Provider's operations and after completion of the tasks.
- C. When the Service Provider is advised of any unsatisfactory condition(s), the Service Provider shall submit a written report to the COR addressing corrective/preventive actions taken. The QASP is not a substitute for quality control by the Service Provider.
- D. The COR may check the Service Provider's performance and document any noncompliance; only the Contracting Officer may take formal action against the Service Provider for unsatisfactory performance.
- E. The Government may reduce the invoice or otherwise withhold payment for any individual item of nonconformance observed. The Government may apply various inspection and extrapolation techniques (i.e., 100 % surveillance, random sampling, planned sampling, unscheduled inspections) to determine the quality of services, the appropriate reductions, and the total payment due.
- F. Attachment 4 of this Agreement sets forth the procedures and guidelines that ICE will use to inspect the technical performance of the Service Provider. It presents the financial values and mechanisms for applying adjustments to the Service Provider's invoices as dictated by work performance measured to the desired level of accomplishment.
  - 1. The purpose of the QASP is to:
    - a. Define the roles and responsibilities of participating Government officials.
    - b. Define the types of work to be performed.
    - c. Describe the evaluation methods that will be employed by the Government in assessing the Service Provider's performance.
    - d. Describe the process of performance documentation.

- 2. Roles and Responsibilities of Participating Government Officials
  - a. The COR(s) will be responsible for monitoring, assessing, recording, and reporting on the technical performance of the Service Provider on a day-to-day basis. The COR(s) will have primary responsibility for completing "Quality Assurance Surveillance Forms" to document their inspection and evaluation of the Service Provider's work performance.
  - b. The Contracting Officer (CO) or designee has overall responsibility for evaluating the Service Provider's performance in areas of contract compliance, contract administration, and cost and property control. The CO shall review the COR's evaluation of the Service Provider's performance and invoices. If applicable, deductions will be assessed in accordance with the evaluation of the Service Provider's performance, e.g., monetary adjustments for inadequate performance.
- G. The rights of the Government and remedies described in this section are in addition to all other rights and remedies set forth in this Agreement. Any reductions in the Service Provider's invoice shall reflect the contract's reduced value resulting from the Service Provider's failure to perform required services. The Service Provider shall not be relieved of full performance of the services hereunder and may be terminated for default based upon inadequate performance of services, even if a reduction was previously taken for any inadequate performance.

# Article 33. Exclusivity

The Service Provider agrees that the Facility is to be for the exclusive use of ICE and its detainee population. No other agency shall be allowed to use the Facility to house its detainees, prisoners, or inmates without prior approval of the Contracting Officer. If given approval, a separate bed day rate shall be negotiated with the other agency and ICE shall not be responsible for payment related to beds used by another agency. The other agency shall be separately invoiced for the beds it uses. The duration of the use of beds will be determined on a case by case basis.

#### Article 34. Use of Service Provider's Policies and Procedures

The Contracting Officer shall approve the Service Provider's policies and procedures for use under this Agreement. Upon approval, the Service Provider is authorized to use its policies and procedures in conjunction with the Performance-Based National Detention Standards mandated under this Agreement.

#### Article 1. Purpose

- A. <u>Purpose</u>: The purpose of this Inter-Governmental Service Agreement (IGSA) is to establish an Agreement between ICE and the Service Provider for the provision of the necessary physical structure, equipment, facilities, personnel, and services to provide a program of care in a properly staffed and secure environment under the authority of the Immigration and Nationality Act, as amended. All persons in the custody of ICE are "Administrative Detainees." This term recognizes that ICE detainees are not charged with criminal violations and are only held in custody to ensure their presence throughout the administrative hearing process and to assure their presence for removal from the United States pursuant to a lawful final order by the Immigration Court, the Board of Immigration Appeals or other Federal judicial body.
- B. <u>Responsibilities:</u> This Agreement sets forth the responsibilities of ICE and the Service Provider. The Service Provider shall provide all personnel, management, equipment, supplies, and services necessary for performance of all aspects of the Agreement and ensure that the safekeeping, housing, subsistence, medical, and other program services provided to ICE detainees housed in the facility is consistent with ICE's civil detention authority, the PWS, IGSA requirements and ICE standards referenced in this agreement. The Agreement states the services the Service Provider shall perform satisfactorily to receive payment from ICE at the rate prescribed in Article I C.
- C. <u>Rates:</u> This is a fixed rate agreement, not a cost reimbursable agreement, with respect to the bed day rate for up to detainees. ICE will be responsible for reviewing and approving the costs associated with this Agreement and subsequent modifications utilizing all applicable federal procurement laws, regulations and standards in arriving at the bed day rate.

If this IGSA contains a population guarantee, ICE will not be liable for any failure to meet the population guarantee if such failure directly results from an occurrence that impairs the ability to use the facility's capacity, and such occurrence arises out of causes beyond the control and without the fault or negligence of ICE. Such causes may include, but are not limited to, acts of God or the public enemy, fires, floods, freight embargoes, court orders and extraordinarily severe weather. This provision shall become effective only if ICE immediately notifies the Provider of the extent and nature of the occurrence

resulting in the failure and takes all reasonable steps to limit any adverse effects required by the occurrence.

#### Article 2. General

- A. <u>Commencement of Services:</u> ICE is under no obligation to utilize the facilities identified herein until the need for detention services has been identified, funding has been identified and made available, and the Facility meets ICE requirements, and is in compliance with ICE 2011 Performance-Based National Detention Standards (PBNDS). Therefore, ICE may perform numerous assessments to ensure compliance prior to presenting detainees for housing.
  - \*Should there be a need for a ramp-up plan, the effective start of the plan is from the date of the first detainee presented for housing.
- B. <u>Funding</u>: The obligation of ICE to make payments to the Service Provider is contingent upon the availability of Federal funds. ICE will neither present detainees to the Service Provider nor direct performance of any other services until ICE has the appropriate funding. Orders will be placed under this Agreement when specific requirements have been identified and funding obligated. Performance under this Agreement is not authorized until the Contracting Officer issues an order in writing. The effective date of the services will be negotiated and specified in this Agreement. The Service Provider shall be prepared to accept detainees immediately upon issuance of task order in accordance with the agreed upon ramp-up plan.
- C. <u>Subcontractors</u>: The Service Provider shall notify and obtain approval from the ICE Contracting Officer if it intends to house ICE detainees in a facility other than the Winn Correctional Center. If either the Facility or any future facility is operated by an entity other than the Service Provider, ICE will treat the entity as a subcontractor to the Service Provider. The Service Provider shall obtain the Contracting Officer's approval before subcontracting the detention and care of detainees to another entity. The Contracting Officer has the right to deny, withhold, or withdraw approval of the proposed subcontractor. Upon approval by the Contracting Officer, the Service Provider shall ensure that any subcontract includes all provisions of this Agreement, and shall provide ICE with copies of all subcontracts. All payments will be made to the Service Provider. ICE will not accept invoices from, or make payments to, a subcontractor. Subcontractors that perform under this agreement are subject to the terms and conditions of this IGSA.
- D. <u>Staffing</u>: The number, type and distribution of staff as described in the contract-staffing plan shall be maintained throughout the term of the contract. Written requests to change the number, type and/or distribution of staff described in the staffing plan must be submitted to the CO, through the COR, for approval prior to implementation. Staffing levels shall not fall below a monthly average of 95% of the approved staffing plan, notwithstanding the requirement of maintaining monthly minimum staffing levels of 95%.

Each month, the contractor shall submit to the COR the current average monthly vacancy rate, and indicate any individual positions that have been vacant more than 120 days. Failure to fill any individual position within 120 days of the vacancy may result in a deduction from the monthly invoice. ICE may calculate the deduction retroactive to day one of the vacancy, excluding the days for ICE's conditional approval process, starting on the day of receipt and concluding on the day conditional approval is granted.

E. <u>Consistent with Law:</u> This is a firm fixed rate Agreement, not a cost reimbursable Agreement. This Agreement is permitted under applicable statutes, regulations, policies and judicial mandates. Any provision of this Agreement contrary to applicable statutes, regulation, policies or judicial mandates is null and void and shall not necessarily affect the balance of the Agreement.

Such causes may include, but are not limited to, acts of God or the public enemy, fires, floods, freight embargoes, court orders and extraordinarily severe weather. This provision becomes effective only if ICE immediately notifies the Provider of the extent and nature of the occurrence resulting in the failure and takes all reasonable steps to limit any adverse effects required by the occurrence.

#### Article 4. Receiving and Discharging Detainees

TB screening will include, at a minimum, TB symptom screening and testing for TB infection and/or disease using any Food and Drug Administration (FDA) approved method. Detainees who have symptoms suggestive of TB disease will be immediately placed in an airborne infection isolation room and promptly evaluated for suspected TB disease. Detainees who are initially tested using a test for TB infection [TB skin test (TST) or interferon gamma release assay (IGRA)] and result with a TST interpretation or IGRA positive for TB infection and no symptoms suggestive of TB disease must be evaluated with a chest radiograph within 5 days after the TST is interpreted or IGRA result is received.

Detainees who are identified with confirmed or suspected active TB (e.g., symptoms suggestive of TB or chest radiograph suggestive of TB) will be placed in a functional airborne infection isolation room and managed in accordance with the PBNDS and all applicable CDC guidelines: <a href="http://www.cdc.gov/tb/publications/guidelines/default.htm">http://www.cdc.gov/tb/publications/guidelines/default.htm</a>. It is not necessary to house detainees separately from the general population unless there is clinical or radiographic evidence suggestive of TB disease. If chest x-rays are performed on-site, they will be performed by a trained and qualified health care provider and interpreted by a credentialed radiologist. There will be a non-punitive process in place for detainees who refuse the screening assessment for TB.

The Service Provider will notify IHSC and the local health department of all detainees with confirmed or suspected TB disease, including detainees with clinical or radiographic evidence suggestive of TB. Notification shall occur within one working day of identifying a detainee with confirmed or suspected TB disease. For detainees initially evaluated with a chest radiograph interpreted as not suggestive of TB disease, routine annual chest radiograph is not recommended.

#### Q. Radiology Service Provider

#### R. Airborne precautions

In order to prevent the spread of airborne infectious disease or cross contamination of zones within the facility, the HVAC system in the intake screening area will be designed to exhaust to the exterior and prevent air exchange between the intake screening area and any other area within the facility (see CDC guidelines <a href="http://www.cdc.gov/tb/publications/guidelines/Correctional.htm">http://www.cdc.gov/tb/publications/guidelines/Correctional.htm</a>).

Note: Executive Order (EO) 13706 Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the Service Contract Act for which the contract is awarded (and any solicitation was issued) on or after January 1 2017. If this contract is covered by the EO the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness injury or other health-related needs including preventive care; to assist a family member (or person who is like family to the employee) who is ill injured or has other health-related needs including preventive care; or for reasons resulting from or to assist a family member (or person who is like family to the employee) who is the victim of domestic violence sexual assault or stalking. Additional information on contractor requirements and worker protections

under the EO is available at www.dol.gov/whd/govcontracts.

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: \$4.54 per hour up to 40 hours per week or \$181.60 per week or \$786.93 per month

HEALTH & WELFARE EO 13706: \$4.22 per hour up to 40 hours per week or \$168.80 per week or \$731.47 per month\*

\*This rate is to be used only when compensating employees for performance on an SCA-

covered contract also covered by EO 13706 Establishing Paid Sick Leave for Federal Contractors. A contractor may not receive credit toward its SCA obligations for any

paid sick leave provided pursuant to EO 13706.

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor; 3 weeks after 10 years and 4 after 20 years. Length of service includes

the whole span of continuous service with the present contractor or successor wherever employed and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of ten paid holidays per year: New Year's Day Martin Luther King Jr.'s Birthday Washington's Birthday Memorial Day Independence Day Labor Day Columbus Day Veterans' Day Thanksgiving Day and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in

accordance with a plan communicated to the employees involved.) (See 29 CFR 4.174)

THE OCCUPATIONS WHICH HAVE NUMBERED FOOTNOTES IN PARENTHESES RECEIVE THE FOLLOWING:

1) COMPUTER EMPLOYEES: Under the SCA at section 8(b) this wage determination does

not apply to any employee who individually qualifies as a bona fide executive administrative or professional employee as defined in 29 C.F.R. Part 541. Because most Computer System Analysts and Computer Programmers who are compensated at a rate

not less than \$27.63 (or on a salary or fee basis at a rate not less than \$455 per week) an hour would likely qualify as exempt computer professionals (29 C.F.R. 541.

400) wage rates may not be listed on this wage determination for all occupations within those job families. In addition because this wage determination may not list a wage rate for some or all occupations within those job families if the survey

data indicates that the prevailing wage rate for the occupation equals or exceeds \$27.63 per hour conformances may be necessary for certain nonexempt employees. For

example if an individual employee is nonexempt but nevertheless performs duties within the scope of one of the Computer Systems Analyst or Computer Programmer occupations for which this wage determination does not specify an SCA wage rate then the wage rate for that employee must be conformed in accordance with the conformance procedures described in the conformance note included on this wage determination.

Additionally because job titles vary widely and change quickly in the computer industry job titles are not determinative of the application of the computer professional exemption. Therefore the exemption applies only to computer employees

who satisfy the compensation requirements and whose primary duty consists of:

- (1) The application of systems analysis techniques and procedures including consulting with users to determine hardware software or system functional specifications;
- (2) The design development documentation analysis creation testing or modification of computer systems or programs including prototypes based on and related to user or system design specifications;
- (3) The design documentation testing creation or modification of computer programs related to machine operating systems; or
- (4) A combination of the aforementioned duties the performance of which requires the same level of skills. (29 C.F.R. 541.400).
- 2) AIR TRAFFIC CONTROLLERS AND WEATHER OBSERVERS NIGHT PAY & SUNDAY PAY: If you

work at night as part of a regular tour of duty you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am.

If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime

(i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

#### \*\* HAZARDOUS PAY DIFFERENTIAL \*\*

An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordnance explosives and incendiary materials. This includes work such as screening blending dying mixing and pressing of sensitive ordnance explosives and pyrotechnic compositions such as lead azide black powder and photoflash powder.

All dry-house activities involving propellants or explosives. Demilitarization modification renovation demolition and maintenance operations on sensitive ordnance explosives and incendiary materials. All operations involving re-grading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with or in close proximity to ordnance (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands face or arms of the employee engaged in the operation irritation of the skin minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving unloading storage and hauling of ordnance explosive and incendiary ordnance material other than small arms ammunition. These differentials

are only applicable to work that has been specifically designated by the agency for ordnance explosives and incendiary material differential pay.

#### \*\* UNIFORM ALLOWANCE \*\*

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract by the employer by the state or local law etc.) the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an

employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition where uniform cleaning and maintenance is made the responsibility of the employee all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount or the furnishing of contrary affirmative proof as to the actual cost) reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However in those instances where the uniforms furnished are made of ""wash and wear"" materials may be routinely washed and dried with other personal garments and do not require any special treatment such as dry cleaning daily washing or commercial laundering in order to meet the cleanliness or appearance standards set by the terms

of the Government contract by the contractor by law or by the nature of the work there is no requirement that employees be reimbursed for uniform maintenance costs.

\*\* SERVICE CONTRACT ACT DIRECTORY OF OCCUPATIONS \*\*

The duties of employees under job titles listed are those described in the ""Service Contract Act Directory of Occupations"" Fifth Edition (Revision 1) dated September 2015 unless otherwise indicated.

\*\* REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE Standard Form 1444 (SF-1444) \*\*

#### Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e. the work to be performed is not performed by any classification listed in the wage determination) be classified by the contractor so as to provide a reasonable relationship (i.e. appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination (See 29 CFR

4.6(b)(2)(i)). Such conforming procedures shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees (See 29 CFR 4.6(b)(2)(ii)). The Wage and Hour Division shall make a final determination of conformed classification wage rate and/or fringe benefits which shall be paid to all employees performing in the classification from the first day

of work on which contract work is performed by them in the classification. Failure

to pay such unlisted employees the compensation agreed upon by the interested parties and/or fully determined by the Wage and Hour Division retroactive to the date such class of employees commenced contract work shall be a violation of the Act

and this contract. (See 29 CFR 4.6(b)(2)(v)). When multiple wage determinations are

included in a contract a separate SF-1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).
- 2) After contract award the contractor prepares a written report listing in order the proposed classification title(s) a Federal grade equivalency (FGE) for each proposed classification(s) job description(s) and rationale for proposed wage rate(s) including information regarding the agreement or disagreement of the authorized representative of the employees involved or where there is no authorized

representative the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.

3) The contracting officer reviews the proposed action and promptly submits a report of the action together with the agency's recommendations and pertinent information including the position of the contractor and the employees to the U.S.

Department of Labor Wage and Hour Division for review (See 29 CFR 4.6(b)(2)(ii)).

4) Within 30 days of receipt the Wage and Hour Division approves modifies or disapproves the action via transmittal to the agency contracting officer or notifies the contracting officer that additional time will be required to process the request.

- 5) The contracting officer transmits the Wage and Hour Division's decision to the contractor.
- 6) Each affected employee shall be furnished by the contractor with a written copy of such determination or it shall be posted as a part of the wage determination (See

29 CFR 4.6(b)(2)(iii)).

Information required by the Regulations must be submitted on SF-1444 or bond paper.

When preparing a conformance request the ""Service Contract Act Directory of Occupations" should be used to compare job definitions to ensure that duties requested are not performed by a classification already listed in the wage determination. Remember it is not the job title but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split combine or subdivide classifications listed in the wage determination (See 29 CFR 4.152(c)(1))."
