Article 2. General

A. Commencement of Services: ICE is under no obligation to utilize the facilities identified herein unless the need for detention services has been identified, funding has been identified and made available, the Contracting Officer issues a task order under this Agreement for detention services, and the Facility meets ICE requirements, and is in compliance with ICE 2011 Performance-Based National Detention Standards (PBNDS) [2016 Revisions] and optimals. Therefore, ICE may perform numerous assessments to ensure compliance prior to presenting detainees for housing.

B. Funding: The obligation of ICE to make payments to the Service Provider is contingent upon the availability of Federal funds. ICE will neither present detainees to the Service Provider nor direct performance of any other services until ICE has the appropriate funding. Orders will be placed under this Agreement when specific requirements have been identified and funding obligated. Performance under this Agreement is not authorized until the Contracting Officer issues an order in writing. The Service Provider shall be prepared to accept detainees immediately upon issuance of task order in accordance with the agreed upon ramp-up plan.

C. Subcontractors: The Service Provider shall notify and obtain approval from the ICE Contracting Officer if it intends to house ICE detainees in a facility other than the Moshannon Valley Processing Center. If either the Facility or any future facility is operated by an entity other than the Service Provider, ICE will treat the entity as a subcontractor to the Service Provider. The Service Provider shall obtain the Contracting Officer’s approval before subcontracting the detention and care of detainees to another entity. The Contracting Officer has the right to deny, withhold, or withdraw approval of the proposed subcontractor. Upon approval by the Contracting Officer, the Service Provider shall ensure that any subcontract includes all provisions of this Agreement, and shall provide ICE with copies of all subcontracts. All payments will be made to the Service Provider. ICE will not accept invoices from, or make payments to, a subcontractor. Subcontractors that perform under this agreement are subject to the terms and conditions of this IGSA.

D. Staffing: The number, type and distribution of staff as described in the contract-staffing plan shall be maintained throughout the term of the contract. Written requests to change the number, type and/or distribution of staff described in the staffing plan must be submitted to the CO, through the COR, for approval prior to implementation. Staffing levels shall not fall below a monthly average of 85% for custody staff, 80% for health services and 85% for all other departments of the total ICE-approved staffing plan. The approved staffing levels for detention/correctional officers (custody staff) shall not fall below a monthly average of 85%. Staffing levels for all departments other than custody and health services will be calculated in the aggregate.
Each month, the contractor shall submit to the COR the current average monthly vacancy rate, and indicate any individual positions that have been vacant more than 120 days. Failure to fill any individual position within 120 days of the vacancy may result in a deduction from the monthly invoice. ICE may calculate the deduction retroactive to day one of the vacancy, excluding the days for ICE’s conditional approval process, starting on the day of receipt and concluding on the day conditional approval is granted.

E. **Consistent with Law:** This is a firm fixed rate Agreement, not a cost reimbursable Agreement. This Agreement is permitted under applicable statutes, regulations, policies and judicial mandates. Any provision of this Agreement contrary to applicable statutes, regulation, policies or judicial mandates is null and void and shall not necessarily affect the balance of the Agreement.

TB screening will include, at a minimum, TB symptom screening and testing for TB infection and/or disease using any Food and Drug Administration (FDA) approved method. Detainees who have symptoms suggestive of TB disease will be immediately placed in an airborne infection isolation room and promptly evaluated for suspected TB disease. Detainees who are initially tested using a test for TB infection [TB skin test (TST) or interferon gamma release assay (IGRA)] and result with a TST interpretation or IGRA positive for TB infection and no symptoms suggestive of TB disease must be evaluated with a chest radiograph within 5 days after the TST is interpreted or IGRA result is received.

Detainees who are identified with confirmed or suspected active TB (e.g., symptoms suggestive of TB or chest radiograph suggestive of TB) will be placed in a functional airborne infection isolation room and managed in accordance with the PBNDS and all applicable CDC guidelines: http://www.cdc.gov/tb/publications/guidelines/default.htm. It is not necessary to house detainees separately from the general population unless there is clinical or radiographic evidence suggestive of TB disease. If chest x-rays are performed on-site, they will be performed by a trained and qualified health care provider and interpreted by a credentialed radiologist. There will be a non-punitive process in place for detainees who refuse the screening assessment for TB.

The Service Provider will notify IHSC and the local health department of all detainees with confirmed or suspected TB disease, including detainees with clinical or radiographic evidence suggestive of TB. Notification shall occur within one working day of identifying a detainee with confirmed or suspected TB disease. The service provider will evaluate detainees annually for symptoms, consistent with TB, within one year of the previously documented TB evaluation. For detainees initially screened with a TST or IGRA with a negative result, annual evaluation will include testing with the same method as previously used. For detainees initially evaluated with a chest radiograph interpreted as not suggestive of TB disease, routine annual chest radiograph is not recommended.

Q. Radiology Service Provider

If the service provider utilizes tele-radiology for Tuberculosis screening, the requirement should be built into the established bed day rate for this IGSA.

R. Airborne precautions

The granting of a favorable preliminary Fitness shall not be considered as assurance that a favorable final Fitness determination will follow as a result thereof. 3. The Service provider must assert its right to an adjustment under this Article within 30 days from the date of receipt of the written order including a proposal addressing the cost impacts and detailed supporting data.

4. If the Service Provider’s proposal includes costs that are determined unreasonable and/or unsupportable, as determined by the Contracting Officer, the Contracting Officer will disallow those costs when determining a revised rate, if any.

5. Failure to agree to any adjustment will be a dispute under the Disputes section of the Agreement. However, nothing in this Article excuses the Service Provider from proceeding with the Agreement as changed.

C. Disputes: The ICE Contracting Officer and the authorized signatory of the Service Provider will settle disputes, questions and concerns arising from this Agreement. Settlement of disputes will be memorialized in a written modification between the ICE Contracting Officer and authorized signatory of the Service Provider. After thirty-six (36) months, the Service Provider may request a rate by submitting a new Jail Services Cost Statement with a summary of the rate adjustment, break-out of the requested increase amount, and back-up documentation necessary to support the request. The Parties agree to base the cost portion of the rate adjustment on the principles of allowability and allocability as set forth in OMB Circular A-87, Cost Principles for State, Local, and Indian Tribal Governments, federal procurement laws, regulations, and standards in arriving at the bed day rate. If ICE does not receive an official request for a bed day rate adjustment that is supported by the information provided, the fixed bed day rate as stated in this Agreement will be in place indefinitely.

(2) A subcontractor or prospective subcontractor furnished the Service Provider certified cost or pricing data that were not complete, accurate, and current as certified in the Service Provider’s Certificate of Current Cost or Pricing Data; or

(3) Any of these parties furnished data of any description that were not accurate, the price or cost shall be reduced accordingly and the IGSA shall be modified to reflect the reduction.

(b) Any reduction in the IGSA price under paragraph (a) of this clause due to defective data from a prospective subcontractor that was not subsequently awarded the subcontract shall be limited to the amount, plus applicable overhead and profit markup, by which (1) the actual subcontract or (2) the actual cost to the Service Provider, if there was no subcontract, was less than the prospective subcontract cost estimate submitted by the Service Provider; provided, that the actual subcontract price was not itself affected by defective certified cost or pricing data.

(c)

(1) If the Contracting Officer determines under paragraph (a) of this clause that a price or cost reduction should be made, the Service Provider agrees not to raise the following matters as a defense:

(i) The Service Provider or subcontractor was a sole source supplier or otherwise was in a superior bargaining position and thus the price of the IGSA would not have been modified even if accurate, complete, and current certified cost or pricing data had been submitted.

(ii) The Contracting Officer should have known that the certified cost or pricing data in issue were defective even though the Service Provider or subcontractor took no affirmative action to bring the character of the data to the attention of the Contracting Officer.

(ii) An offset shall not be allowed if –

(A) The understated data were known by the Service Provider to be understated before the “as of” date specified on its Certificate of Current Cost or Pricing Data; or

(B) The Government proves that the facts demonstrate that the IGSA price would not have increased in the amount to be offset even if the available data had been submitted before the “as of” date specified on its Certificate of Current Cost or Pricing Data.

(d) If any reduction in the IGSA price under this clause reduces the price of items for which payment was made prior to the date of the modification reflecting the price reduction, the Service Provider shall be liable to and shall pay the United States at the time such overpayment is repaid –

(1) Simple interest on the amount of such overpayment to be computed from the date(s) of overpayment to the Service Provider to the date the Government is repaid by the Service Provider at the applicable underpayment rate effective for each quarter prescribed by the Secretary of the Treasury under 26 U.S.C. 6621(a)(2); and

(2) A penalty equal to the amount of the overpayment, if the Service Provider or subcontractor knowingly submitted certified cost or pricing data that were incomplete, inaccurate, or noncurrent.

(2) a subcontractor or prospective subcontractor furnished the Service Provider certified cost or pricing data that were not complete, accurate, and current as certified in the Service Provider’s Certificate of Current Cost or Pricing Data, or

(3) any of these parties furnished data of any description that were not accurate, the price or cost shall be reduced accordingly and the IGSA shall be modified to reflect the reduction. This right to a price reduction is limited to that resulting from defects in data relating to modifications for which this clause becomes operative under paragraph (a) of this clause.

(c) Any reduction in the IGSA price under paragraph (b) of this clause due to defective data from a prospective subcontractor that was not subsequently awarded the subcontract shall be limited to the amount, plus applicable overhead and profit markup, by which (1) the actual subcontract or (2) the actual cost to the Service Provider, if there was no subcontract, was less than the prospective subcontract cost estimate submitted by the Service Provider; provided, that the actual subcontract price was not itself affected by defective certified cost or pricing data.

(d)

(1) If the Contracting Officer determines under paragraph (b) of this clause that a price or cost reduction should be made, the Service Provider agrees not to raise the following matters as a defense:

(i) The Service Provider or subcontractor was a sole source supplier or otherwise was in a superior bargaining position and thus the price of the IGSA would not have been modified even if accurate, complete, and current certified cost or pricing data had been submitted.

(ii) The Contracting Officer should have known that the certified cost or pricing data in issue were defective even though the Service Provider or subcontractor took no affirmative action to bring the character of the data to the attention of the Contracting Officer.

(iii) The IGSA was based on an agreement about the total cost of the IGSA and there was no agreement about the cost of each item procured under the IGSA.

(c) If any reduction in the IGSA price under this clause reduces the price of items for which payment was made prior to the date of the modification reflecting the price reduction, the Service Provider shall be liable to and shall pay the United States at the time such overpayment is repaid -

(1) Simple interest on the amount of such overpayment to be computed from the date(s) of overpayment to the Service Provider to the date the Government is repaid by the Service Provider at the applicable underpayment rate effective for each quarter prescribed by the Secretary of the Treasury under 26 U.S.C. 6621(a)(2); and

A. Limiting Access to Privacy Act and Other Sensitive Information

(1) **Privacy Act Information**
In accordance with FAR 52.224-1 Privacy Act Notification (APR 1984), and FAR 52.224-2 Privacy Act (APR 1984), if this contract requires contractor personnel to have access to information protected by the Privacy Act of 1974 the contractor is advised that the relevant DHS system of records notices (SORNs) applicable to this Privacy Act information may be found at www.dhs.gov/privacy. SORNs may be updated at any time.

(2) **Prohibition on Performing Work Outside a Government Facility/Network/Equipment**
The Contractor shall perform all tasks on authorized Government networks, using Government-furnished IT and other equipment and/or Workplace as a Service (WaaS) if WaaS is authorized by the statement of work. Government information shall remain within the confines of authorized Government networks at all times. Except where telework is specifically authorized within this contract, the Contractor shall perform all tasks described in this document at authorized Government facilities; the Contractor is prohibited from performing these tasks at or removing Government-furnished information to any other facility; and Government information shall remain within the confines of authorized Government facilities at all times. For normal separations, the Contractor shall submit the checklist on the last day of employment or work on the contract.

As requested, contractors shall assist the ICE Point of Contact (ICE/POC), Contracting Officer, or COR with completing ICE Form 50-005/Contractor Employee Separation Clearance Checklist by returning all Government-furnished property including but not limited to computer equipment, media, credentials and passports, smart cards, mobile devices, PIV cards, calling cards, and keys and terminating access to all user accounts and systems.

B. Privacy Training, Safeguarding, and Remediation

*If the Safeguarding of Sensitive Information (MAR 2015) and Information Technology Security and Privacy Training (MAR 2015) clauses are included in this contract, section B of this clause is deemed self-deleting.*

(1) Required Security and Privacy Training for Contractors
Contractor shall provide training for all employees, including Subcontractors and independent contractors who have access to sensitive personally identifiable information (PII) as well as the creation, use, dissemination and/or destruction of sensitive PII at the outset of the employee’s work on the contract and every year thereafter. Training must include procedures on how to properly handle sensitive PII, including security requirements for the transporting or transmission of sensitive PII, and reporting requirements for a suspected breach or loss of sensitive PII. All Contractor employees are required to take the *Privacy at DHS: Protecting Personal Information* training course. This course, along with more information about DHS security and training requirements for Contractors, is available at [Link]. The Federal Information Security Management Act (FISMA) requires all individuals accessing ICE information to take the annual Information
Assurance Awareness Training course. These courses are available through the ICE intranet site or the Agency may also make the training available through hypertext links or CD. The Contractor shall maintain copies of employees’ certificates of completion as a record of compliance and must submit an annual e-mail notification to the ICE Contracting Officer’s Representative that the required training has been completed for all the Contractor’s employees.

(2) Safeguarding Sensitive PII Requirement

(5) Reporting Suspected Loss of Sensitive PII
Contractors must report the suspected loss or compromise of sensitive PII to ICE in a timely manner and cooperate with ICE’s inquiry into the incident and efforts to remediate any harm to potential victims.

1. The Contractor must develop and include in its security plan (which is submitted to ICE) an internal system by which its employees and Subcontractors are trained to identify and report the potential loss or compromise of sensitive PII.

2. The Contractor must report the suspected loss or compromise of sensitive PII by its employees or Subcontractors to the ICE Security Operations Center [REDACTED] the Contracting Officer’s Representative (COR), and the Contracting Officer within one (1) hour of the initial discovery.
3. The Contractor must provide a written report to ICE within 24 hours of the suspected loss or compromise of sensitive PII by its employees or Subcontractors. The report must contain the following information:

b. Date, time, and location of the incident.
c. Type of information lost or compromised.
d. Contractor’s assessment of the likelihood that the information was compromised or lost and the reasons behind the assessment.

h. Recommendations to prevent similar situations in the future, including whether the security plan needs to be modified in any way and whether additional training may be required.

4. The Contractor shall provide full access and cooperation for all activities determined by the Government to be required to ensure an effective incident response, including providing all requested images, log files, and event information to facilitate rapid resolution of sensitive information incidents.

5. At the Government’s discretion, Contractor employees or Subcontractor employees may be identified as no longer eligible to access sensitive PII or to work on that contract based on their actions related to the loss or compromise of sensitive PII.

6) Victim Remediation
The Contractor is responsible for notifying victims and providing victim remediation services in the event of a loss or compromise of sensitive PII held by the Contractor, its agents, or its Subcontractors, under this contract. Victim remediation services shall include at least 18 months of credit monitoring and, for serious or large incidents as determined by the Government, call center help desk services for the individuals whose sensitive PII was lost or compromised. The Contractor and ICE will collaborate and agree on the method and content of any notification that may be required to be sent to individuals whose sensitive PII was lost or compromised.

C. Government Records Training, Ownership, and Management

1) Records Management Training and Compliance

(a) The Contractor shall provide DHS basic records management training for all employees and Subcontractors that have access to sensitive PII as well as to those involved in the creation, use, dissemination and/or destruction of sensitive PII. This training will be provided at the outset of the Subcontractor’s/employee’s work on the contract and every year thereafter. This training can be obtained via links on the ICE intranet site or it may be made available through other means (e.g., CD or online). The Contractor shall maintain copies of certificates
as a record of compliance and must submit an e-mail notification annually to the Contracting Officer’s Representative verifying that all employees working under this contract have completed the required records management training.

(b) The Contractor agrees to comply with Federal and Agency records management policies, including those policies associated with the safeguarding of records covered by the Privacy Act of 1974. These policies include the preservation of all records created or received regardless of format, mode of transmission, or state of completion.

(2) Records Creation, Ownership, and Disposition
(a) The Contractor shall not create or maintain any records not specifically tied to or authorized by the contract using Government IT equipment and/or Government records or that contain Government Agency data. The Contractor shall certify in writing the destruction or return of all Government data at the conclusion of the contract or at a time otherwise specified in the contract.

(b) Except as stated in the Performance Work Statement and, where applicable, the Contractor’s Commercial License Agreement, the Government Agency owns the rights to all electronic information (electronic data, electronic information systems or electronic databases) and all supporting documentation and associated metadata created as part of this contract. All deliverables (including all data and records) under the contract are the property of the U.S. Government and are considered federal records, for which the Agency shall have unlimited rights to use, dispose of, or disclose such data contained therein. The Contractor must deliver sufficient technical documentation with all data deliverables to permit the agency to use the data.

(c) The Contractor shall not retain, use, sell, disseminate, or dispose of any government data/records or deliverables without the express written permission of the Contracting Officer or Contracting Officer’s Representative. The Agency and its contractors are responsible for preventing the alienation or unauthorized destruction of records, including all forms of mutilation. Willful and unlawful destruction, damage or alienation of Federal records is subject to the fines and penalties imposed by 18 U.S.C. § 2701. Records may not be removed from the legal custody of the Agency or destroyed without regard to the provisions of the Agency records schedules.

(3) Records Access
(a) Except as provided below in paragraph (b), all records acquired or generated by the contractor in its performance of this contract or as a result of this contract, including records classified as Privacy Act systems or records, are federal records under the control of ICE and shall be subject to disclosure only pursuant to the provisions of applicable federal laws, regulations, and executive orders or as ordered by a court. Insofar as any documents created by the contractor contain any information related to one or more ICE detainees, these records shall be the property of the U.S. Government and shall be subject to disclosure only pursuant to the provisions of applicable federal laws, regulations, and executive orders or as ordered by a court. To the extent the contractor intends to release the contract or any information relating
to the contract, the contractor agrees to coordinate with the ICE Contracting Officer prior to such release.

(b) Contractor-owned records are considered the property of the contractor and are not within the scope of paragraph (a) above. Contractor-owned records include the following: (1) contractor’s employment-related records, and (2) contractor’s patents, copyright, and trademark applications, where the contractor has elected rights or has permission to assert rights and has not relinquished such rights or turned such rights over to the Government.

(c) All records acquired or generated by the contractor under this contract and in possession of the contractor, including those described in paragraphs (a) and (b) above, shall be subject to inspection, copying, and audit by the Government or its designees at all reasonable times, and the Contractor shall afford the Government or its designees reasonable facilities for such inspection, copying, and audit; provided, however, that upon request by the Contracting Officer, the contractor shall deliver such records to a location specified by the Contracting Officer for inspection, copying, and audit. The Government or its designees shall use such records in accordance with applicable federal laws (including the Privacy Act), as appropriate.

(d) This clause applies to all records created, received and maintained by the contractor without regard to the date of origination of such records, including all records acquired from a predecessor contractor or predecessor contract or IGSA. The requirements of this clause shall flow down to any and all subcontractors of the contractor in performance of this contract.

D. Data Privacy and Oversight

Section D applies to information technology (IT) contracts. If this is not an IT contract, section D may read as self-deleting.

(1) Restrictions on Testing or Training Using Real Data Containing PII

The use of real data containing sensitive PII from any source for testing or training purposes is generally prohibited. The Contractor shall use synthetic or de-identified real data for testing or training whenever feasible. ICE policy requires that any proposal to use of real data or de-identified data for IT system testing or training be approved by the ICE Privacy Officer and Chief Information Security Officer (CISO) in advance. In the event performance of the contract requires or necessitates the use of real data for system-testing or training purposes, the Contractor in coordination with the Contracting Officer or Contracting Officer’s Representative and Government program manager shall obtain approval from the ICE Privacy Office and CISO and complete any required documentation.

If this IT contract contains the Safeguarding of Sensitive Information (MAR 2015) and Information Technology Security and Privacy Training (MAR 2015) clauses, section D(2) of this clause is deemed self-deleting.

(2) Requirements for Contractor IT Systems Hosting Government Data

The Contractor is required to obtain a Certification and Accreditation for any IT environment owned or controlled by the Contractor or any Subcontractor on which Government data shall
reside for the purposes of IT system development, design, data migration, testing, training, maintenance, use, or disposal.

(3) Requirement to Support Privacy Compliance
(a) The Contractor shall support the completion of the Privacy Threshold Analysis (PTA) document when it is required. PTAs are triggered by the creation, modification, upgrade, or disposition of an IT system, and must be renewed at least every three years. Upon review of the PTA, the DHS Privacy Office determines whether a Privacy Impact Assessment (PIA) and/or Privacy Act System of Records Notice (SORN), or modifications thereto, are required. The Contractor shall provide adequate support to complete the PIA in a timely manner, and shall ensure that project management plans and schedules include the PTA, PIA, and SORN (to the extent required) as milestones. Additional information on the privacy compliance process at DHS, including PTAs, PIAs, and SORNs, is located on the DHS Privacy Office website (www.dhs.gov/privacy) under “Compliance.” DHS Privacy Policy Guidance Memorandum 2008-02 sets forth when a PIA will be required at DHS, and the Privacy Impact Assessment Guidance and Template outline the requirements and format for the PIA.

(b) If the contract involves an IT system build or substantial development or changes to an IT system that may require privacy documentation, the Contractor shall assign or procure a Privacy Lead, to be listed under “Key Personnel.” The Privacy Lead shall be responsible for providing adequate support to DHS to ensure DHS can complete any required PTA, PIA, SORN, or other supporting documentation to support privacy compliance. The Privacy Lead shall work with personnel from the program office, the ICE Privacy Office, the Office of the Chief Information Officer, and the Records Management Branch to ensure that the privacy documentation is kept on schedule, that the answers to questions in the PIA are thorough and complete, and that questions asked by the ICE Privacy Office and other offices are answered in a timely fashion. The Privacy Lead:
  • Must have excellent writing skills, the ability to explain technology clearly for a non-technical audience, and the ability to synthesize information from a variety of sources.
  • Must have excellent verbal communication and organizational skills.
  • Must have experience writing PIAs. Ideally the candidate would have experience writing PIAs for DHS.
  • Must be able to work well with others.

(c) If a Privacy Lead is already in place with the program office and the contract involves IT system builds or substantial changes that may require privacy documentation, the requirement for a separate Private Lead specifically assigned under this contract may be waived provided the Contractor agrees to have the existing Privacy Lead coordinate with and support the ICE Privacy POC to ensure privacy concerns are proactively reviewed and so ICE can complete any required PTA, PIA, SORN, or other supporting documentation to support privacy compliance if required. The Contractor shall work with personnel from the program office, the ICE Office of Information Governance and Privacy, and the Office of the Chief
Information Officer to ensure that the privacy documentation is kept on schedule, that the answers to questions in any privacy documents are thorough and complete, that all records management requirements are met, and that questions asked by the ICE Privacy Office and other offices are answered in a timely fashion.

(End of Clause)

Article 31. Quality Control

A. The Service Provider is responsible for management and quality control actions necessary to meet the quality standards set forth in the Agreement. The Service Provider must provide a Quality Control Plan (QCP) that meets the requirements specified in the Performance Requirements Summary (PRS), Attachment 5A to the CO for concurrence prior to award of the IGSA (or as directed by the CO). The CO will notify the Service Provider of concurrence or required modifications to the plan before the Agreement start date. If a modification to the plan is required, the Service Provider must make appropriate modifications and obtain concurrence of the revised plan by the CO before the contract start date.

B. The Service Provider shall provide an overall QCP that addresses critical operational performance standards for the services required under this contract. The QCP shall ensure that services will be maintained at a uniform and acceptable level. At a minimum, the Service Provider shall periodically review and update the QCP policies and procedures at least on an annual basis. The Service Provider shall audit facility’s operations associated with ICE and ICE detainees monthly for compliance with the QCP. The Service Provider shall notify the Government 48 hours in advance of the audit to ensure the COR is available to participate. The Service Provider’s QCP shall identify deficiencies, appropriate corrective action(s), and timely implementation plans to the COR.

C. If the Service Provider proposes changes in the QCP after contract award, the Service Provider shall submit them to the COR for review. If the COR concurs with the changes, the COR shall submit the changes to the CO. The CO may modify the contract to include these changes.

Article 32. Quality Assurance Surveillance Program (QASP)

A. The Government’s Quality Assurance Surveillance Program is based on the premise that the Service Provider, and not the Government, is responsible for management and quality control actions to meet the terms of the Agreement. The Quality Assurance Surveillance Plan (QASP) procedures recognize that unforeseen problems do occur. Good management and use of an adequate Quality Control Plan will allow the facility to operate within acceptable quality levels.

B. Each phase of the services rendered under this Agreement is subject to inspection both during the Service Provider’s operations and after completion of the tasks.
C. When the Service Provider is advised of any unsatisfactory condition(s), the Service Provider shall submit a written report to the COR addressing corrective/preventive actions taken. The QASP is not a substitute for quality control by the Service Provider.

D. The COR may check the Service Provider's performance and document any noncompliance; only the Contracting Officer may take formal action against the Service Provider for unsatisfactory performance.

E. The Government may reduce the invoice or otherwise withhold payment for any individual item of nonconformance observed. The Government may apply various inspection and extrapolation techniques (i.e., 100 % surveillance, random sampling, planned sampling, unscheduled inspections) to determine the quality of services, the appropriate reductions, and the total payment due.

F. Attachment 4 of this Agreement sets forth the procedures and guidelines that ICE will use to inspect the technical performance of the Service Provider. It presents the financial values and mechanisms for applying adjustments to the Service Provider's invoices as dictated by work performance measured to the desired level of accomplishment.

1. The purpose of the QASP is to:
   a. Define the roles and responsibilities of participating Government officials.
   b. Define the types of work to be performed.
   c. Describe the evaluation methods that will be employed by the Government in assessing the Service Provider's performance.
   d. Describe the process of performance documentation.

2. Roles and Responsibilities of Participating Government Officials

   a. The COR(s) will be responsible for monitoring, assessing, recording, and reporting on the technical performance of the Service Provider on a day-to-day basis. The COR(s) will have primary responsibility for completing "Quality Assurance Surveillance Forms" to document their inspection and evaluation of the Service Provider's work performance.

   b. The Contracting Officer (CO) or designee has overall responsibility for evaluating the Service Provider's performance in areas of contract compliance, contract administration, and cost and property control. The CO shall review the COR's evaluation of the Service Provider's performance and invoices. If applicable, deductions will be assessed in accordance with the evaluation of the Service Provider's performance, e.g., monetary adjustments for inadequate performance.
G. The rights of the Government and remedies described in this section are in addition to all other rights and remedies set forth in this Agreement. Any reductions in the Service Provider's invoice shall reflect the contract's reduced value resulting from the Service Provider's failure to perform required services. The Service Provider shall not be relieved of full performance of the services hereunder and may be terminated for default based upon inadequate performance of services, even if a reduction was previously taken for any inadequate performance.

Article 33. Exclusivity

The Service Provider agrees that the Facility is to be for the exclusive use of ICE and its detainee population. No other agency shall be allowed to use the Facility to house its detainees, prisoners, or inmates without prior approval of the Contracting Officer. If given approval, a separate bed day rate shall be negotiated with the other agency and ICE shall not be responsible for payment related to beds used by another agency. The other agency shall be separately invoiced for the beds it uses. The duration of the use of beds will be determined on a case by case basis.

Article 34. Use of Service Provider’s Policies and Procedures

The Contracting Officer shall approve the Service Provider’s policies and procedures for use under this Agreement. Upon approval, the Service Provider is authorized to use its policies and procedures in conjunction with the Performance-Based National Detention Standards mandated under this Agreement.

Article 35. Accreditation

The Service Provider shall have eighteen (18) months from issuance of the task order to fund this Agreement to become American Correctional Association (ACA) accredited. The Service Provider shall, within nine (9) months from the date this facility becomes operational, formally apply for accreditation to the ACA. Once full accreditation has been obtained, the Service Provider shall maintain this accreditation throughout the life of the Agreement, inclusive of any period extensions. The Service Provider shall provide the Contracting Officer with written proof of such application within five (5) days of the application. The Service Provider shall provide the Contracting Officer with written proof of its accreditation within five (5) days of notification of its accreditation.
