Data as of IIDS run on 10/10/2012 as provided by the Statistical Tracking Unit. Data reflects EID as of 10/08/2012.

The Average Daily Population (ADP) is based on Midnight Count. A MANDAY is based on whether a SUBJECT is in a ERO detention facility for the midnight count. For every SUBJECT in a facility for the midnight count, that corresponds to one MANDAY. The ADP is the number of mandays for a given time period, divided by the number of days in that time period.

ADP excludes ORR and MIRP
