FACILITY OVERVIEW

The U.S. Immigration and Customs Enforcement (ICE) Office of Professional Responsibility (OPR) Office of Detention Oversight (ODO) conducted an inspection of the Dorchester County Detention Center (DCDC) in Summerville, South Carolina, from July 16 to August 14, 2025, which included a 1-day on site visit on August 5, 2025..¹ The facility opened in 2023 and is owned and operated by Dorchester County. The ICE Office of Enforcement and Removal Operations (ERO) began housing detainees at DCDC in 2023 under the oversight of ERO's Field Office Director in Atlanta (ERO Atlanta). The facility is a United States Marshals Service (USMS) contracted facility where ICE is an authorized user and operates under the USMS Federal Performance Based Detention Standards (FPBDS) (May 2025)..²

[REDACTED] A facility administrator handles daily facility operations and manages [REDACTED] support personnel. Trinity Services provides food services, Genesys Health Alliance provides medical care, and McDaniel Supply Company provides commissary services at the facility. The facility does not hold any accreditations from any outside entities.

Capacity and Population Statistics	Quantity	
ICE Bed Capacity: ³		
Average ICE Population ⁴		
Adult Male Population (as of August 5, 2025)		
Adult Female Population (as of August 5, 2025)		

This was ODO's first inspection of DCDC.

¹ This facility holds male and female detainees with low, medium-low, medium-high, and high security classification levels for periods less than 72 hours.

² In June 2025, all USMS contracted facilities where ICE is an authorized user changed from ICE National Detention Standards (NDS) 2019 to USMS FPBDS (May 2025).

³ Data Source: ERO Custody Management Division Authorized Facility List as of August 4, 2025.

⁴ *Ibid.*

INSPECTION PROCESS

ODO conducts the following annual and biennial oversight inspections of ICE detention facilities to assess and rate each facility's compliance with their contractually obligated detention standards as noted in the Facility Overview section above.

- **Dedicated facility:** ODO conducts annual on-site inspections of dedicated inter-governmental service agreement (IGSA) facilities, contract detention facilities (CDF), family residential centers, and service processing centers.
- **Non-dedicated IGSA facility:**
 - For facilities with an average daily population (ADP) of 50 or more, ODO conducts biennial on-site inspections.
 - For facilities with an ADP of 50 less,
 - If the facility has not previously had a rated ODO inspection, then ODO conducts an initial on-site inspection, and
 - If the facility has had an ODO inspection, then the facility completes a biennial ODO-assisted self-inspection process (OASIP).
- **U.S. Marshal Service (USMS):** USMS CDF and intergovernmental agreement facilities complete biennial OASIPs.

In FY 2025, ODO implemented OASIPs, which replaced the annual Special Review inspections ODO conducted at most low ADP and/or short-term use facilities. This new inspection framework is more reflective of the actual operation demand of facilities with a low ADP and/or short-term use. OASIP inspections focus on facility compliance with detention standard requirements that directly affect detainee life, health, safety, and/or well-being. Facilities have 30 calendar days to complete the OASIP inspection and ODO staff will go on-site towards the end of the 30-day inspection window to observe facility conditions, interview ICE detainees, and spot-check the facility's reported findings.⁵

ODO defines a “deficiency” as any violation of detention standards, policies, or operational procedures, as applicable. ODO highlights instances when the facility resolves deficiencies prior to the completion of the ODO inspection as corrective actions. Where applicable, these corrective actions are annotated with a “C” in the *Inspection Findings* section of the report.

Upon completion of each inspection, ODO conducts a closeout briefing with facility and local ERO officials to discuss preliminary findings. ODO shares a summary of these findings with ERO management officials. Thereafter, ODO provides ICE leadership with a final report to: (i) assist ERO in developing and initiating a uniform corrective action plan (UCAP); and (ii) provide senior executives with an independent assessment of facility operations. ODO's findings inform ICE executive management in its decision-making to better allocate resources across the agency's entire detention inventory.

⁵ When ODO conducts an on-site inspection, the facility is notified 4 weeks before the inspection and ODO is on-site for 3 business days conducting the inspection.

FINDINGS BY FEDERAL PERFORMANCE BASED DETENTION STANDARDS (MAY 2025) MAJOR CATEGORIES

USMS FPBDS (May 2025) Standards Inspected. ⁶	Deficiencies

Classification and Housing	0
Grievance Program	0
Sub-Total	0
Total Deficiencies	0

⁶ For greater detail on ODO's findings, see the *Inspections Findings* section of this report.

DETAINEE RELATIONS

The facility's ICE detainee population count was zero during the inspection; therefore, ODO did not conduct any detainee interviews. Despite the facility housing no detainees during the on-site inspection, the facility maintains an active contract to house ICE detainees and had an ADP of 1 ICE detainee for FY 2024.

INSPECTION FINDINGS

ODO found no deficiencies during the inspection.

CONCLUSION

During this inspection, ODO assessed the facility's compliance with 21 standards under USMS FPBDS (May 2025) and found the facility in compliance with all 21 standards. This was ODO's first inspection of DCDC, so prior inspection data does not exist for ODO to perform a trend analysis. ODO recommends ERO Atlanta continue to work with the facility in accordance with contractual obligations.
