

U.S. IMMIGRATION AND CUSTOMS ENFORCEMENT

Policy number 1044.1: Response to and Evaluation of Critical Incidents Involving ICE Employees

Issue Date: August 4, 2015
Effective Date: August 5, 2015
Superseded: This Directive supersedes United States Customs Service (USCS) Directive 4510-019A, "Management of Critical Incidents," dated July 23, 2002; USCS Office of Investigations Internal Operating Procedures Notification 00-05, "Reporting of Critical Incidents," dated December 2, 1999; and all other policy documents on the investigation of critical incidents issued by the former USCS or the former Immigration and Naturalization Service. Additionally, this Directive supersedes local guidance and procedures that are inconsistent with the contained policy, guidance, and procedures.

Federal Enterprise Architecture Number: 306-112-002b

- 1. Purpose/Background.** This Directive establishes policy and procedures governing the response to and evaluation of critical incidents involving all ICE employees and other individuals working for the Agency in non-employee status (e.g. contractors, detailees) and, when acting pursuant to ICE authority, task force and cross-designated officers to ensure the adequate reporting of critical incidents and to provide for a coordinated and timely agency response.
