1. INTRODUCTION

This manual was written as a resource for temporary school users of the Student and Exchange Visitor Information System (SEVIS). The temporary user is the school official who initiates, completes, and submits a certification application (Form I-17), Petition for Approval of School for Attendance by Nonimmigrant Students. Attachment A, Sample Certification Application (Form I-17), provides an example of the certification application.

This manual provides detailed instruction on obtaining a temporary user identification (ID) and password, initiating a certification application, and completing and submitting the application through SEVIS for adjudication by the Department of Homeland Security (DHS). This user manual reflects the changes to SEVIS effective with Release 6.7.

1.2 Purpose of SEVIS

SEVIS is an Internet-based application that facilitates timely electronic reporting and monitoring of international students and exchange visitors (EVs) and their dependents in the United States. SEVIS enables schools and program sponsors to transmit electronic information to DHS and the Department of State (DoS) throughout a student's or EV's program in the United States.

SEVIS enables schools to submit school certification applications, update application information, submit updates to DHS that require adjudication, submit recertification applications, and create and update F and M student and dependent records.

This manual contains instructions for accessing SEVIS to obtain a temporary user ID and password. Your temporary user ID and password enable you to complete and submit an electronic certification application, Petition for Approval of School for Attendance by Nonimmigrant Students, in SEVIS. The certification application is used by academic and vocational schools when applying to DHS for approval to admit F-1 (academic) and M-1 (vocational) students. The instructions in this manual apply to all schools seeking approval by DHS to admit F and M nonimmigrant students.

1.3 Privacy Act Considerations

SEVIS is for the use of authorized users only. Individuals using SEVIS without authority, or in excess of their authority, are subject to having all of their activities on this system monitored and recorded by system personnel. In the course of monitoring individuals improperly using this system, or in the course of system maintenance, the activities of authorized users may also be monitored. Anyone using SEVIS expressly consents to such monitoring and is advised that if such monitoring reveals possible evidence of criminal activity, system personnel may provide the evidence of such monitoring to law enforcement officials. DHS has designated SEVIS to be a Privacy Act system of records and SEVIS information will be used and disclosed in accordance with 5 U.S.C. §552a, Privacy Act of 1974, as amended.

1.4 Security Reminder

SEVIS was developed to maintain multiple levels of security to help protect against unauthorized access. One of the most important actions that you can take is to safeguard your user ID and password. Your SEVIS user ID and password are intended for your use only. Do not share your user ID and password with any other person and do not keep a written record of your user ID and/or password in a location that can be accessed by others.

If you suspect that your password has been compromised, you can reset it using the **Change Password** link on the navigation bar or the **Request Password Reset** link on the *SEVIS Login* screen located at <https://egov.ice.gov/sevis>. Alternatively, you can contact the SEVIS Help Desk at 800-892-4829 to have your password reset.

If you believe that an unauthorized person has gained access to SEVIS, please notify the DHS Help Desk immediately at 888-347-7762. The DHS Help Desk is staffed 24 hours a day and can

assist with security concerns only. All other SEVIS concerns or questions should still be directed to the SEVIS Help Desk at 800-892-4829.

The DHS Help Desk will contact the SEVP office immediately. SEVP will work with you to take appropriate steps to protect and prevent loss of SEVIS information. Such actions to be taken may include issuing a new SEVIS user ID and password.

System security is a serious matter. SEVP is committed to addressing any system security concerns or issues that may arise.

If you need assistance, please contact the DHS Help Desk at (888) 347-7762.

2.5.4 School Official Information Screen (Page 4 of 5)

Page 4 enables you to list the individuals you wish to be designated as officials for all campuses listed on the certification application. From Page 4, you may add, update, or delete prospective school officials prior to submitting the certification application. All officials who function at the main campus and/or any of the additional campuses listed on the certification application should be included on this page. While you may add and update officials once approved for SEVIS,

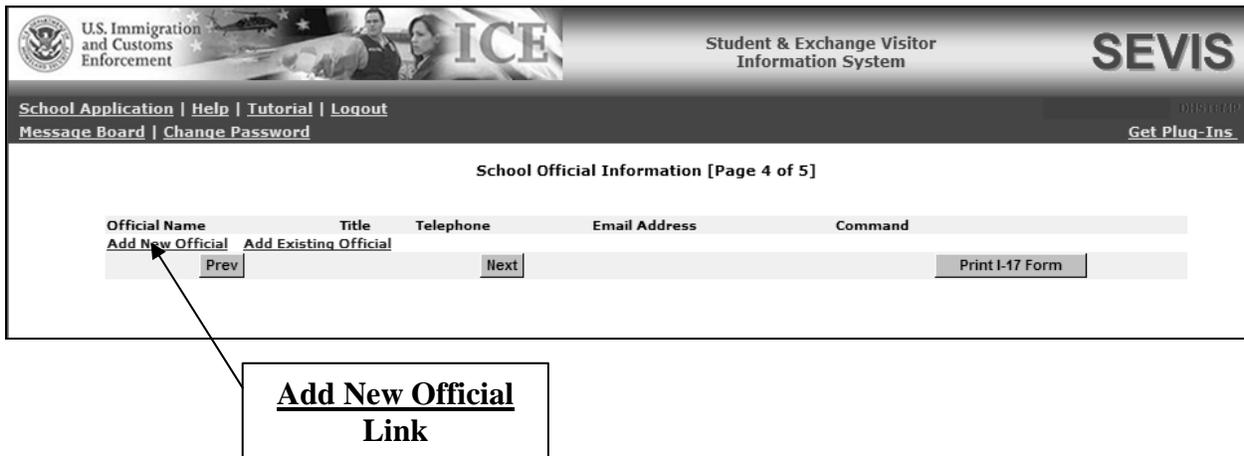

you must add at least one prospective official and designate that person as the Principal Designated School Official (PDSO) for each school or campus associated with the certification application, including the main campus and any additional campuses. You may also add a maximum of nine prospective Designated School Officials (DSOs) for each campus.

Note: Enter all prospective school officials on Page 4, and then assign SEVIS roles of PDSO or DSO per campus on Page 5.

Note: SEVIS automatically saves your data when you are on Page 4 and log off of the system. Prior to submitting the certification application, you may log in and log out of SEVIS as many times as you wish, and may add, update, or delete officials at that time. Remember, your temporary user ID is only valid for 30 days; you must submit the certification application within 30 days of the issuance of your user ID.

Exhibit 11, School Official Information Screen (Page 4 of 5), shows a sample of Page 4 of the certification application.

Exhibit 11: School Official Information Screen (Page 4 of 5)

2.5.5 Add School Official

All school personnel who will access SEVIS and perform tasks must have a record in SEVIS. To add school officials and assign them SEVIS roles, you must first use the **Add New Official** link on Page 4 of the electronic certification application. Assign the school officials their roles at a particular campus (PDSO or DSO) using Page 5 of the certification application.

Note: See Section 2.5.4.2, Add Existing Official, for instructions on how to add a current SEVIS user to your certification application.

To add officials that do not have a SEVIS user ID, perform the following steps:

1. Click the **Add New Official** link below the **Official Name** column. The system displays the *Add Official* screen, as shown in Exhibit 12, Add Official Screen.

2.5.6 Add Existing Official

An existing official is an active SEVIS user, someone who has a permanent SEVIS user ID. SEVIS enables you to add existing officials who may perform tasks for multiple schools or Exchange Visitor Programs. Adding an existing official is the process of authorizing a current SEVIS user to perform as a PDSO or DSO for a school or campus associated with another certification application.

Note: A school official who functions at more than one campus listed on the same certification application is added only once. To allow an official already listed on a certification application to function at an additional campus listed on the same certification application, you should add to the official's roles on Page 5 of the electronic certification application, rather than adding this individual as an existing official on Page 4.

To add an existing official, perform the following steps:

1. Click the **Add Existing Official** link below the **Title** column on Page 4 of the certification application. The system displays the *Add Existing Official* screen.
2. In the **User Name** field, enter the SEVIS user ID—the ID with which the official accesses SEVIS.
3. Click the **Search Official** button. The system displays the *Add Existing Official <Official's Name>* screen, which contains the name, title, citizenship, telephone number, and email address for this official.
4. Click the **Add Official** button. If the entry was correct, the system displays Page 4 of the certification application. The official's name, title, telephone number, and email address display on the list.

Note: All school officials must be assigned to perform a role for at least one campus. Additionally, a single official can be assigned a role, or different roles, at multiple campuses

on the certification application. You will assign SEVIS roles of PDSO or DSO for each campus on Page 5.

5. When finished adding existing officials, click one of the following buttons on Page 4:
 - **Prev (Previous)**—Click this button to return to the previous page of the certification application.
 - **Next**—Click this button to advance to Page 5 of the certification application.
 - **Print I-17 Form**—Click this button to print a draft copy of the certification application. Printing a draft enables you to review a paper copy of all of the data saved thus far.

2.5.7 Update a School Official's Record

You may change or update the data for a school official (for example, enter a correct email address) before submitting the certification application. To change or update a school official's SEVIS record prior to submission of the certification application, perform the following steps:

1. Click the **Update** link to the right of the school official's name on Page 4 of the certification application. The *Update Official* screen displays, including the official's current data.
2. Make the necessary changes to the record.
3. Click the **Update** button to confirm the submission of the changes. The system updates the official's record, and Page 4 of the certification application displays.

2.5.8 Delete a School Official

You may delete the record for a school official before submitting the certification application.

Note: Do not use this procedure if you want this official to perform a SEVIS role at one campus but wish to remove the official from performing a certain role at another campus. Assigning a new role, or removing a role from an official for a particular school or campus, is accomplished using the **Assigning New Officials** link on Page 5 of the certification application. Deleting the official removes the individual's record from the certification application altogether for that particular school.

To delete a school official's SEVIS record, perform the following steps:

1. Click the **Delete** link to the right of the school official's name on Page 4 of the certification application. The system displays the *Official Delete* screen, which includes the data for the official whose record you wish to delete.
2. Click the **Delete Official** button to confirm the deletion of this official. The system displays Page 4; you can see that the official's record has been removed from the list of officials.
3. When finished deleting school officials, click one of the following buttons on Page 4:
 - **Prev (Previous)** —Click this button to return to the previous page of the certification application.

- **Next**—Click this button to advance to Page 5 of the certification application.
- **Print I-17 Form**—Click this button to print a draft copy of the certification application. Printing a draft enables you to review a paper copy of all data saved thus far.

2.5.9 Campus Information (Page 5 of 5)

Completing the certification application includes adding any additional campuses to the certification application and assigning officials to the particular schools and campuses. Adding campuses enables you to list campuses associated with the main campus or the larger institution, rather than having to file a separate certification application for each campus.

Note: SEVIS automatically saves your data when you are on Page 5 and log off of the system. Prior to submitting the certification application, you may log in and log out of SEVIS as many times as you wish. Remember, your temporary user ID is only valid for completion of the certification application. You must submit the certification application within 30 days of the issuance of your user ID.

2.5.10 Add a Campus

SEVIS enables you to add school campuses that are located in the same DHS jurisdiction as the main campus to the certification application. If your school has campuses located in other DHS jurisdictions (for example, different states), separate certification applications must be completed for the schools and campuses within each district. Multi-campus schools with campuses located in a single DHS district may either file a single certification application for all campuses or file separate applications. For campuses within a single district, the school should determine, based

on its own organizational structure, whether to file a single certification application or separate applications for each campus.

To add a campus to this certification application prior to submission, perform the following steps:

1. Click the **Add New Campus** link below the **Campus Name** column on Page 5. The system displays the *Add Campus* screen, as shown in Exhibit 14, Add Campus Screen.

1. Click the **Delete** link to the right of a campus name. The system displays the *Delete Campus <name of campus>* screen.
2. If this is the campus that you wish to delete, click the **Delete Campus** button. The system displays Page 5 of the certification application. The campus that you deleted no longer displays in the listing.

2.5.13 Assign SEVIS Roles

Page 5 provides a link that enables you to assign each school official a role for using SEVIS at each individual campus listed on the certification application. Those roles are PDSO and DSO. You must assign one PDSO to each campus. You are allowed to assign up to nine DSOs per campus. If a school official will not be performing a role at a particular campus, select No Role. However, every official must perform at least one role at one campus.

In SEVIS, the PDSO is usually the contact person for the original submission of the certification application. The PDSO is also the responsible party for any updates to the DSO information. In all other respects, the PDSO has the same responsibilities as the other DSOs. The PDSO and DSOs are responsible for creating, submitting, and updating SEVIS student records, issuing Forms I-20, and updating the certification application.

Note: PDSOs and DSOs must be either U.S. citizens or LPRs of the United States.

The list below identifies the various tasks that school officials may perform using SEVIS. An “X” in a column indicates that the school official whose title appears at the top of the column may perform the task listed.

- Click the appropriate option (PDSO or DSO) to the right of each official whose name is listed. If the user will not have a role for the campus, select No Role.

Note: For multi-campus schools, be sure to assign appropriate SEVIS roles for each campus. Remember, each campus must have at least a PDSO assigned. An individual may be assigned multiple roles across multiple campuses. Each official listed must be assigned a role for at least one campus.
- When finished assigning roles for this campus, click the **Accept Changes** button. The system displays Page 5 of the certification application.

Note: Changes can be made to this screen prior to submission of the certification application. After submitting the certification application, the school officials and their roles can be changed following the school’s approval to participate in SEVIS.

4. To assign roles for other campuses, perform Steps 1 through 3 for each campus.
5. When finished adding campuses and assigning roles, click one of the following buttons from Page 5 of the certification application:

- **Prev (Previous)** —Click this button to return to the previous page of the certification application.
- **Submit**—Click this button to submit the certification application to DHS for adjudication. Once submitted, you cannot make changes to the certification application unless DHS makes a specific request for further evidence in the adjudication process. DHS will contact you with further instructions regarding the certification process. Do *not* mail anything to DHS at this time.

Note: Until the certification application is adjudicated, you may log into the system using your temporary user ID and password and view or print the certification application.

- **Print I-17 Form**—Click this button to print a draft copy of the certification application. Printing a draft enables you to review a paper copy of all data saved thus far.

Note: Following submission, you can print a final certification application (“Draft” is removed from the top of the Form, and it shows the Form number).

2.5.14 Print the Certification Application

You may print a draft copy of the certification application from any screen that has a **Print I-17 Form** button. A draft copy of the SEVIS certification application can be identified by the word “DRAFT” at the top of each page of the application and it will *not* include the Form number until the application is approved. Following submission of the certification application, you may use these same procedures to print a final copy of the certification application.

Note: Printing the certification application requires that Adobe Reader Version 5.0 or higher be installed on your computer. If you do not already have Adobe Reader Version 5.0 or higher installed on your computer, refer to the instructions in Appendix B, Download the Latest Version of Adobe Reader.

To print the certification application, perform the following steps:

1. Click the **Print I-17 Form** button on any page. A new browser window opens and the certification application displays using Adobe Reader, from which a copy of the certification application may be sent to a designated printer.

Note: During the launch of Adobe Reader, a *File Download* window may display. To eliminate this window from displaying in the future, click the **always ask before opening**

this type of file check box to remove the check mark. Click the **Open** button to view the certification application.

2. When the certification application displays in the *Adobe Reader* window, use the scroll bar on the right side of the window to view additional pages of the application.
3. Click the **Print** () icon on the Adobe Reader toolbar. The *Print* window displays.
4. Ensure that the name of the printer used to print the Form is listed in the **Name** field in the *Print* window. If it does not show the correct printer, click the **down** arrow to the right of the field and select the correct printer.
5. Click **OK** and the certification application prints to the designated printer.
6. Click the **Close** () button on the *Adobe Reader* window to close the window.

2.5.15 Submission of the Certification Application (Form I-17) and Notification of Adjudication

To submit the certification application, click the **Submit** button on Page 5 of the certification application. The system displays a message indicating that the certification application has been submitted to DHS. This screen also contains a link to the Pay.gov web site (see Section 2.5.8, Electronic Submission of Payment). Exhibit 16, Certification Application (Form I-17) Has Been Submitted Screen, provides an example of the screen. DHS will contact you with further instructions regarding the certification process. **DO NOT** mail anything to DHS at this time.

Exhibit 16: Certification Application (Form I-17) Has Been Submitted Screen

The screenshot displays the SEVIS (Student & Exchange Visitor Information System) interface. At the top, there is a header with the U.S. Immigration and Customs Enforcement logo on the left, the text "Student & Exchange Visitor Information System" in the center, and the "SEVIS" logo on the right. Below the header is a navigation bar with links for "School Application", "Help", "Tutorial", "Logout", "Message Board", and "Change Password". The main content area features a title "Certification Application (Form I-17) Has Been Submitted" and three paragraphs of text providing instructions and details about the application process, including fee payment requirements and adjudication steps. At the bottom of the content area, there are two buttons: "Print I-17 Form" and "View I-17 Form".

Certification Application (Form I-17) Has Been Submitted

You will receive an email confirming the submission of this certification application. The email will contain additional information on the application review process.

Initial submission of an electronic Form I-17 for SEVIS certification and enrollment requires a fee payment, as specified in the Department of Homeland Security interim rule, "Requiring Certification of all Service Approved Schools for Enrollment in the Student and Exchange Visitor Information System (SEVIS)."

You must pay the fee at Pay.gov, our electronic payment web site. To pay the fee, access <https://www.pay.gov/>. In the "Search Public Forms" box on the main page, type in SEVIS, and click "Go." Click the "I-17 SEVIS School Certification" link from the list of forms displayed. This will bring you to the "DHS SEVIS School Certification Payment" page where you can pay the fee. As specified in the full certification rule, the total SEVIS certification rule includes the Form I-17 processing portion (\$1700.00), plus the cost of an on-site visit (\$655.00) per campus. Please refer to the full certification rule for details on the calculation of a total fee based on multiple campuses. (Federal Register, 73 FR 55683 (September 26, 2008))

Adjudication of the certification application in SEVIS will not proceed until the SEVP Certification Branch receives payment verification from Pay.gov. Then, an SEVP Official will review the application and determine the school's eligibility for enrollment in SEVIS. You will be notified of the eligibility decision via email. If further review is required to determine the eligibility, DHS will contact you with additional instructions.

[Print I-17 Form](#) [View I-17 Form](#)

Once DHS adjudicates your application, the following outcomes are possible:

- **Approved**—The PDSO and the individual that submitted the certification application (if different) receive approval notification via email. This notification includes information on the visa classification(s) for which the school was approved (F, M, or both) and the SEVIS school code (in AAA214Fnnnnnxxx format). In addition, all registered school officials receive their permanent IDs and instructions on creating a password via email. Included in the ID issuance emails is information on the specific school official reporting requirements and update responsibilities associated with SEVIS.
- **Additional Information Is Required for Processing**—The PDSO and submitter of the certification application (if different) receive an email specifying the missing or problematic information. Official notification of the request for further evidence may also be sent via mail. In some cases, the request for further evidence made by DHS in SEVIS allows you to update information originally submitted on the electronic certification application. You are provided instructions on updating the electronic certification application in such instances.

Note: There are no additional fees required when responding to a request for further evidence. After submitting the updated certification application, **DO NOT** go to the Pay.gov web site. Click the **Logout** link on the navigation bar to exit SEVIS.

- **Denied**—The PDSO and submitter of the certification application (if different) receive notification via email. This email includes basic information regarding the reasons for denial. A separate mailed letter provides more specific information regarding the grounds for denial and your options for appealing such a denial.

2.5.16 Electronic Submission of Payment

You may use a plastic card or Automated Clearing House (ACH) to electronically submit payment to DHS using the Pay.gov web site.

Note: Following submission of the completed certification application, the PDSO and the individual that submitted the certification application (if different) receive notification via email that DHS has received the certification application. If you are not prepared to submit payment at the time of submission of the certification application, the email notice also includes the link to the site where electronic payment can be made. However, DHS will not begin the adjudication process until they have received notification from Pay.gov that payment has been received.

To use the Pay.gov web site, perform the following steps:

1. On the *Certification Application (Form I-17) Has Been Submitted* screen or the email notification, click the <https://www.pay.gov/> link. The Pay.gov home page displays, as shown in Exhibit 17, Pay.gov Home Page.

(1) Form I-17, Supplement A, listing up to ten designated school officials for each school or campus within a school system (except an elementary or secondary system as noted below), must be attached to each Form I-17, Petition for Approval of School for Admittance by Nonimmigrant Students. If there is a change in designated school officials, a new Supplement A must be completed and submitted to the Immigration and Naturalization Service Office having jurisdiction over the school within thirty days.

(2) "Designated school officials" (DSO) means a regularly employed member of the school administration whose office is located at the school and whose compensation does not come from commissions for recruitment of foreign students. In a multi-campus institution, each campus must have a principal DSO. In an elementary or secondary school system, however, the entire school system is limited to a total of ten designated officials at any one time.

I, **THE UNDERSIGNED**, have read the Immigration and Naturalization Service's regulations relating to nonimmigrant students, namely 8 CFR 214.1, 8 CFR 214.2(f), and/or 8 CFR 214.2(m); the Service's regulations relating to change of nonimmigrant classification for students, namely 8 CFR 248; the Service's regulations relating to school approval and withdrawal of school approval, namely 8 CFR 214.3 and 214.4, and intend to comply with these regulations at all times.
