

Accredited Schools Evidence Checklist for Form I-17 Section 2 Edits

Below are the evidence requirements for Section 2 of the Form I-17. When updating these fields please refer to the evidence names. For explanations of each type of evidence refer to the Definitions of Evidence document. You are not required to submit the same documentation when editing more than one section if identical evidence is required. One piece of evidence can support edits to multiple sections. All evidence must be uploaded at one time, when submitting your application, using the Upload Evidence functionality in SEVIS. If you were previously cancelled for incomplete submission, you must upload all evidence again upon submission. Specific fields that are not listed in this document do not require SEVP adjudication and therefore do not require evidence. Provide an explanation for any submission of evidence outside to the listed guidelines below or for any piece of evidence not submitted.
